Planning Director Takes Issue With Novato Committee

Downtown Recommendations Called 'Octopus-Like Sprawl'

By DOROTHY SIMPERS

County planning director Mary Summers took issue last night with a Novato citizen committee's recommendation for development of a community business center in the present downtown area of Novato.

The only way to carry out such a project, Mrs. Summers said, would be to form a redevelopment agency, condemn the land, clean it up and "start all over again."

The city should just "wipe out" the area along Grant Avenue from First to Sixth streets and "start fresh," she declared. This would be possible under state law, Mrs. Summers told the city planning commission.

Short of such redevelopment action to reorganize the downtown into a one-stop shopping area, the city, by a "general sprawl" of commercial development in the downtown, will never be able "to meet the ultimate needs of this trade area or face competition," Mrs. Summers warned.

The committee recommendation would produce nothing but an "octopus sort of shape for a future shopping district," the planning director said. "You are sprawling across and along major traffic areas," she added, noting that this was contrary to good planning principles. Traffic congestion automatically harms the central business district and repels the shopper, she declared.

Mrs. Summers and the citizen committee exchanged conflicting views on the report. Planning commissioners listened to the opinions, offered some of their own, but came to no agreement.

Chairman Harley McAskill noted that the report probably will take more consideration "to finalize" than any other phase of Novato's general plan. Public hearings will soon be held on all the committee studies.

Mrs. Summers expressed hope that the proposed Cross Roads Regional Shopping Center at Highway 101 and South Novato Boulevard will succeed.

She observed that about 70 per cent of San Rafael's shoppers come from outside the city, while in most other communities in the county, about 70 per cent leave the community to shop.

"Novato needs to hold to itself what trade it does have . . . If you can contain and service your trade area, and in addition, draw trade from a much larger area, that is good for Novato. You have the potential in North Marin to keep a portion of the dollar here that is now going out," she said.

Development of a regional center doesn't mean that the present central district is "doomed to death," Mrs. Summers told the commission. "It

COUNTY CLERK '75 YEARS YOUNG'

The Marin County Board of Supervisors solemnly summoned County Clerk George S. Jones to its chambers at 11 a.m. today, then surprised him with a birthday cake and officially declared him "75 years young." Jones, whose 75th birthday was yesterday, said he "thought he'd made it"—but Supervisor Chairman William D. Fusselman (shown at Jones's left) found out about the birthday and ordered the cake. Behind Jones is Supervisor J. Walter Blair, and at right, Supervisor George H. Ludy. (Independent-Journal photo)

LAW VS. MULE

Riot Squad Needed To Clear Street

The California Highway Patrol triumphed over a mule today on Francisco Boulevard in San Rafael.

But the law, in the person of Highway Patrolman Duncan D. Snell, had to call on civilian reinforcements to establish sovereignty on the thoroughfare.

Snell was tooling along on routine patrol at 7:30 a.m. when he saw the mule near Marin Motor Movies.

"I walked over to the mule to scare it into the field and instead of running into the field, the mule ran over to me and started to bite and bump me," he reported.

Snell, no mule-skinner, started to try to wrestle the animal off the street and promptly drew a crowd of spectators. One of them, Paul Debes of 13 Ranch Road, San Rafael, pitched in to help.

"For a few more minutes both of us were mauled by our little mule," reported Snell. At that point, another good Samaritan showed up — this one with a rope.

The mule was tethered to the bumper of the patrol car and forcibly removed to roadside while Snell, after getting his breath, called the Marin County Humane Society to come and get it.

"The mule, of course, was bellowing almost all the time," Snell noted.

He said he wished to express thanks to the man with the rope. At the time, Snell was too busy to get the man's name.

Heat Ends With Bang, Not Whimper

A bolt of lightening cut electricity to about 2,500 Marin homes yesterday as the elements played a thunderous requiem for Marin's heat wave.

Lightening struck an insulator atop Mount Tamalpais, cutting power to Bolinas, Stinson Beach, Tamalpais Valley and homes on the slope of Mount Tam. Leonard Robertson, Marin electrical superintendent for Pacific Gas and Electric Co., said power was off from 12:30 to 12:46 p.m.

Lightening and thunder also accompanied a three-minute shower at Bolinas. Elsewhere in the county, only the gentle fall of a few raindrops signaled the end of the heat wave.

The temperature rose only to 75 degrees yesterday in San Rafael and was 70 at noon today.

Burglar Gives Chief The Slip; Gives Self Up

A Larkspur burglary suspect escaped from Police Chief Howard Clark early today, but surrendered voluntarily after sheriff's officers and Corte Madera police had joined a fruitless search for him.

Chief Clark received a report of the noise of breaking glass at Archer's Chevron Service Station, 532 Magnolia Avenue, at 3:30 a.m. At the station, he found a back window broken.

The chief crawled inside, cutting his left hand as he did so. Hiding under a bench was Dale R. Frost, 27, who lives across the street from the station at 531 Magnolia.

Frost emerged from the station, but once ouside squirmed free from the police chief, who was unable to hold him because of the injured hand. As Clark reached for his gun, Frost told him. "Go ahead and shoot. I don't give a damn."

At that moment, related Clark, another man emerged from the house across the street.

That's my brother. He'll help me," said Frost. As Clark turned in uncertainty toward the new arrival, Frost vaulted a fence and ran.

The second man—who was indeed Richard Frost, Dale's brother—joined Clark, sheriff's officers and Corte Madera police in the subsequent search. But no trace of the missing Frost was found.

Shortly afaer daylight, David McDougall of Boardwalk 1 telephoned police that a man had come to his house and wanted to surrender to officers. It was Dale Frost.

IT HITS FUSSELMAN

Charnow Pens 'Touching' Bruce Dispute Footnote

Seventy-six-year-old Manny Charnow of San Rafael, still in serious condition in Marin General Hospital after removal of part of one lung, wrote from his bed today an offer to picket the courthouse in an ambulance in protest against the board of supervisors' treatment of County Administrator Alan Bruce.

Charnow, retired realtor and former delicatessen operator known widely as Marin's "Mr. Senior Citizen," addressed his letter to the editor of the Independent-Journal. Most of it, however, was directed—more in sorrow than in anger—to Supervisors' Chairman William D. Fussleman.

Wrote Charnow:

"Dear Fusselman: Do you remember about 30 years ago when I came to Marin County? Not knowing anybody I walked into your office in the courthouse . . . and I asked you point-blank, 'Do you think a man of very little capital can have a chance in Marin County?' You stood up and said, 'Yes, not only will you make a living but you will be proud of being a citizen of Marin County.'

"Yes, my dear Fusselman, I took your advice and settled in Marin. I am proud of my county . . . What became of you? Where is your pride? You have campaigned against a lady who worked for the best of the county and brought pride to it. Now what have you got? A long-legged man who probably doesn't know more than his own laundry business looking for revenge and is greedy, and you, my dear Fusselman, follow him.

"It breaks my heart to see our county being ridiculed . . . You are too proud of Marin County to let it stay like that. Get this in your hands. Work out a plan. Don't follow these few men who don't know where to stop when it comes to hurting their county.

"With a petition bearing 10,000 signatures you should be convinced that the county does not want to abolish this office of county administrator. Give him back his office. Don't put him in 'Cell 300.'"

Addressing himself then to the petitioners, Charnow wrote:

"As sick as I am, I am willing to come down in an ambulance to the front of the courthouse to picket with signs

See CHARNOW, page 6

U.S. Indicates It Will Press Hoffa Case

WASHINGTON (UPI) — Atty. Gen. Robert F. Kennedy today indicated that the government would press its case against Teamster Union President James R. Hoffa despite dismissal of the original mail fraud indictment.

Kennedy said in a statement he would make a decision "very shortly" on what course the government plans to follow. Federal District Judge Joseph P. Lieb dismissed the indictment at Orlando, Fla., on a technicality.

Hoffa and two associates were accused of misusing Teamster Union funds in a "Sun Valley" land development project in Brevard County Fla.

"The Department of Justice can appeal Judge' Lieb's decision to the Court of Appeals for the Fifth Circuit," Kennedy said, "or resubmit the case to a grand jury impaneled in accordance with the judge's decision."

Bridge Widening Work Starts Soon

Transit Board Gets Report On Feasibility

The proposed five-county rapid transit system is financially feasible if construction is spread out an extra 2½ years, financial experts told Bay Area Rapid Transit District directors this afternoon.

Additional cost of taking 10½ years to build the system, rather than eight years, would be approximately 50 million dollars.

The total cost of the 120-mile system, therefore, would be $1,078,000,000, Smith, Barney and Company of New York, told the transit directors.

Bulk of this amount should be financed through general obligation bonds of the district, C. Cheever Hardwick, partner in the financial consulting firm, said the studies indicated. Repayment of these bonds would take 20 years from date of their sale, with final payment in the year 2002. Interest in this time would total $1,084,722,000, making total debt service payments $2,162,722,000, he said.

In addition, $149,000,000 in rolling stock for the system should be financed through revenue bonds of the system and $133,000,000 for the San Francisco-Oakland underwater tube financed by tolls on the Bay Bridge, Dumbarton Bridge and San Mateo Bridge.

Hardwick said it was necessary to extend the construction period to 10½ years in order to allow Bay Area growth to keep ahead of the financial demands of the project. The district may not issue bonds for more than 15 per cent of the assessed valuation of the five counties.

However, he stated, in their figuring they have "used the most conservative of estimates" furnished them by municipal financial consultants Stone and Youngberg of San Francisco. Therefore if the growth exceeds these estimates, the project may be speeded up and costs saved. The 10½ year estimate would mean completion of the project in 1973. But directors have indicated they will open portions of the system as they are completed.

The Smith, Barney, report was based on obtaining the billion, 78 million dollars at a 4 per cent coupon interest rate.

To repay the bonds, to be sold in 21 different lots, the maximum tax levy of the district would be 70 cents on $100 of assessed valuation.

Richard Bartle of Stone and Youngberg indicated the maximum rate would not be reached until 1973-74, assuming the voters pass a bond issue next year. It would probably con-

See TRANSIT, page 6

Directors Ask Bids On $1.2 Million Job

The $1,200,000 widening of the Marin end of the Golden Gate Bridge will go to bid as soon as possible, probably by the end of the month, bridge directors decided yesterday.

The bridge's building and operating committee instructed the general manager to immediately investigate possible use of four bridge lanes for rush-hour traffic by using yellow flags inserted in the pavement to mark the lanes.

The widening project will flare the west side of the Marin end of the bridge by 20 feet and widen the highway down from Waldo Grade to conform. It will take eight months to complete after work is started and will require closing of one lane of traffic during working hours. General Manager James Adam told the committee that none of the closing will be permitted during the morning and evening commuter rush hours.

The committee, with more than a majority of the full board of directors present, voted to recommend that the board at tomorrow's meeting authorize Adam to call for bids on the project as soon as he receives final approval of the assistant secretary of defense in Washington. Adam said he expected this approval before the end of the month because all other military authorities have approved the project. The bridge rests on federal land.

The proposed splitting of the six bridge lanes to give four to rush hour traffic was made by San Francisco Director Dan London.

He urged that the yellow metal markers, used to spread rush traffic into additional toll booths during rush hours, be extended across the bridge.

Adam said that because of "problems of wind, fog, and the danger of placing the flags," the idea is "impractical at present." He agreed, however, "to review" the suggestion.

London said he believes the

See BRIDGE, page 6

Body Of Missing Pilot Recovered

The body of Lt. Comdr. Jack E. Smith of San Rafael was found today when it surfaced in San Francisco Bay.

Smith, who was a pilot in a jet plane that plunged into the bay Saturday, was found about 11:30 a.m. today by a crash boat from the Alameda Air Station, reported Comdr. R. L. Cook of the station's public information office.

WAVES SHOTGUN

'Vigilante' Doesn't Care For Speeders

A Sleepy Hollow man was jailed yesterday on a woman's complaint that he waved a double-barreled shotgun at her in a one-man drive to stop speeding in Sleepy Hollow.

Peter H. Bechtel, 25, of 140 Van Wrinkle Drive was jailed on a citizen's arrest by Mrs. Dolores Southwick, 42, of 554 Woodbine Drive, Terra Linda. Bechtel is owner of Pioneer Enterprises at 97 Jordan Street, San Rafael.

Freed on $525 bail, Bechtel is scheduled to appear in Marin Municipal Court tomorrow morning on a charge of displaying a firearm in a threatening manner.

Mrs. Southwick gave this account to Deputy Sheriff T. A. Lightfoot:

She drove to Sleepy Hollow and parked her car near Bechtel's home. He came across the lawn and said in a loud voice, "I'm going to stop the speeding on this street even if I have to use this." He carried a double-barreled .12 gauge shotgun under his arm.

Mrs. Southwick said she turned and began walking away, and Bechtel called out to her, "Hey, ma'am! I'm talking to you!"

She went to the home of Mrs. C. O. LeRud at 125 Van Winkle Drive and called the sheriff.

Deputy Lightfoot said the shotgun was not loaded when he arrived.

Jury Convicts Spy For Soviets

BULLETIN

NEW YORK (AP) — A federal court jury today convicted Dr. Robert Soblen of conspiring to spy for the Soviet Union during World War II.

The jury of 10 men and two women deliberated only an hour and 19 minutes.

KTIM SOUNDING BOARD

Panelists Debate Administrator

Three of four participants in a panel discussion over radio KTIM today agreed that the present situation of the county administrator is not satisfactory.

Their views briefly were:

"It was foolish to put him into a miserable office space and the supervisor majority is trying to make life so miserable for Alan Bruce that he'll resign."—M. N. Finisy, vice chairman, Marin Council for Civic Affairs.

"I feel things are perfectly satisfactory. There was ulterior motive in the offer of free rent. Bruce has space for files and is suffering no hardship."—Supervisor George H. Ludy.

"The majority has given lip service but ignored the people's wish. It's comical to say the move to a cubbyhole saves money in view of a generous offer of space free of charge."—Supervisor Walter R. Castro.

"The present situation is all wrong. Neither the administrator nor the county counsel have saved us one thin dime; the administrator should go and those petitions for him were unconstitutional."—P. J. Rowland, president, Marin County Taxpayers Assn.

Moderator Kitty Oppenheimer of the Marin Sounding Board didn't press a fifth panelist, County Counsel E. Warren McGuire, for any expression of views but got legal aspects from him.

Supervisor Chairman William D. Fusselman materialized by phone toward the end of the program as a sort of sixth panel member. A message from him said that "we ordered cancellation of the (administrator's office) lease before we knew the outcome of the referendum. No harassment was involved."

The hour-long discussion was tape-recorded for a rebroadcast at 12:30 p.m. Sunday.

Finisy raised the harassment issue in his opening statement by relating that "by the usual 3-2 vote" (Ludy later denied that this was "usual") a motion to return Bruce to his previous quarters had been defeated. "Thus began the harassment of the administrator" by reducing his office space from 1,000 to 169 square feet, said Finisy.

"We didn't expect the supervisor majority to say 'thank you' for the petitions against their action," said Finisy, "but we did expect them to respect the voters by keeping faith with the outcome."

McGuire then reviewed "legal aspects, not the wisdom of the board," and said that a sequence of events have resulted in a situation where "Marin now has a county administrator, period."

But others didn't think it quite that simple, for several reasons.

Ludy, speaking next, thought there was an administrator and personally "a wonderful man, a personal friend of mine," but that there shouldn't be one because voters had elected him and J. Walter Blair on platforms including anti-administrator planks.

Admitting there may have been "say 7 or 8 per cent of the total vote" on pro-administrator petitions, Ludy surmised that "if a counter-petition were taken you'd come up with even more for abolishment."

"We have failed to use Bruce's services," countered Castro, "or even to answer his request for instruction on his duties.

"The ship of state is drifting. Morale is dangerously low among county employees, and the people feel that the majority is not representing their best interests."

Rowland said the petitions were signed by "a vociferous minority."

Later questions as to membership of his organization were avoided by Rowland, who said the supervisors had also asked but "it's not anybody's business. I think, however, that we influence at least 5,000 votes."

Finisy said his own group probably influenced at least 10,000 votes.

Air Hero Farces Court Martial Trial

NEWBURGH, N. Y. (UPI) — Col. William M. Banks, one of World War II's most decorated air officers, will go on trial at Stewart Air Force Base soon, charged with dereliction of duty in the deaths of 28 men in the Texas radar tower disaster last January.

A tentative date of July 17 has been set for the court-martial proceedings against the holder of the Distinguished Flying Cross and the Air Medal with Seven Oak Leaf Clusters, but the start may be postponed.

At the time the Texas tower collapsed during a storm, Banks was acting commander of the Boston, Mass., air defense sector but was stationed at Stewart Air Force Base here.

SEEKS CROWN — Sandy Nelson, 18, and a Sir Francis Drake High School graduate, is sponsored by the Marin Coupe and Roadster Club in a queen contest at the Marin County Timing Assn. Car Show in the civic center armory July 22-23.

Smog Board Trims Control Officer Power

SAN FRANCISCO (AP) — The Bay Area Smog Board sharply trimmed the authority of its control officer, Benjamin Linsky, in voting 9-0 yesterday to hire a chief administrative officer by Oct. 1.

The new executive will report directly to the board and will be business manager of the six-county district.

The administrator also will take over Linsky's broad public relations activities. He will plan and direct public information and education, as well as contacts with local agencies to obtain compliance with air pollution regulations.

Linsky will be allowed to continue his supervision of the technical phases of the work to control smog. But he will have to consult with the new administrator before recommending any changes in the air pollution control program.

The board acted on recommendations made by Santa Clara Supervisor Sam della Maggiore, a board member.

Linsky opposed the proposals, as drafted by della Maggiore and amended by Supervisor Francis Dunn of Alameda County.

Linsky urged the board to give full responsibility and authority to one man arguing that the proposals would make a merry-go-round of the operation.

WORLD NEWS IN BRIEF

Petaluman Held

TOKYO (AP)—Charles E. Laxton, chief steward of the American freighter C. E. Dant, was slain by stabbing aboard ship in the port of Kobe early Sunday morning.

Kobe maritime police said they are detaining William Leung, 36, of Petaluma, Calif., for investigation.

The case will be referred to the Japanese prosecutors' office. If indicted, Leung will be tried in a Japanese court.

Train Crash Mystery

ROANOKE, Va. (AP)—Ernest O. Howard expects to climb back into the cab of his locomotive next week, still mystified why his wife apparently drove her car in front of his speeding train.

No clue to the puzzle comes from Mrs. Howard, 39, who knew her husband was at the throttle of the train. She has remained unconscious since the July 5 crash.

Police hold a note said to have been written by Mrs. Howard before the crash, but have so far refused to talk about it.

'1 Of Worst Crimes'

JERUSALEM (UPI) — Adolf Eichmann today branded the Nazi extermination of six million Jews as "one of the worst crimes against humanity" and said he probably would have shot himself if he had been responsible for it.

But he denied that he was the real master-killer of the Jews and appealed to his Jewish judges to give him the opportunity after his trial to write a book explaining his innermost thoughts on this "to future generations."

Trapped In Flames

SANTA MONICA (AP)—Richard Hock, 33, a movie stunt man well versed in dangerous exploits, burned to death when the doors of his compact car jammed after a traffic accident.

Hundreds of persons on the crowded Santa Monica beach saw Hock's car collide with another small auto yesterday, then watched as the stunt man vainly attempted to free himself after the front-mounted gas tank exploded.

Fire In Las Vegas

LAS VEGAS, Nev. (UPI) — A million dollar fire destroyed nine business firms early today on the Las Vegas strip across the street from the Stardust Hotel.

The fire, believed to have been started by lightning, gutted an entire building containing businesses, including a western clothing store belonging to Nevada's Lt. Governor Rex Bell.

Transfer Surcharge

CHICAGO (UPI)—A 5-cent surcharge for transfers came up for expected formal approval today by the Chicago Transit Authority (CTA) board.

A CTA spokesman said the charge, which would be added to basic adult and school children fares July 23, will affect about 400,000 public transportation riders. Adults now pay 25 cents and school children 15 cents cash or four tokens for 50 cents.

Hull Breaking Up

QUELIMANE, Mozambique (UPI)—The charred hull of the once proud Portuguese ship "Save"—now a watery grave marker for 259 passengers and crewmen who died with her—slowly broke apart today in the treacherous shoals off the lion-infested coast.

Yuri Gets Kissed

LONDON (AP)—A pretty British dental nurse kissed Soviet spaceman Yuri Gagarin Wednesday night and pronounced him "the most kissable man in the universe."

Yuri, a married man whose wife remained in Moscow, looked embarrassed.

Guatemala Uprising

GUATEMALA (AP)—President Miguel Ydigoras claimed control of Guatemala today after crushing a new plot against his regime. But Ydigoras proclaimed a state of siege, a modified form of martial law.

A communique said the plotters were rounded up as they prepared to attack an air force base near the capital. Unofficial reports said about 100 persons were arrested. Machineguns, grenades and ammunition were seized.

Pakistan Talks End

WASHINGTON (AP) — Pakistan President Ayub Khan and President Kennedy held their third and final conference today. Kashmir, Pakistan's relations with India, and other problems were reported to figure in the talks.

Strong assurances of continued U. S. economic support for Pakistan's $5-billion five-year plan were expected to come from the meeting.

Contra Costa Fire

ANTIOCH (UPI)—Contra Costa firemen and 70 prisoners from the county's prison farm today fought a grass fire that had burned 1,000 acres of pastureland between Antioch and Pittsburg.

Berlin Refugees

BERLIN (AP)—Chancellor Konrad Adenauer said today the heavy flow of refugees into West Berlin indicates the Communist East Germany regime was stepping up pressure on its citizens.

"The refugee situation proves that conditions over there have become unbearable," the West German leader told a news conference.: "A panic seems to have broken out."

Poison Sauce

WASHINGTON (AP) — The Food and Drug Administration has warned that Hayden's hollandaise sauce could cause food poisoning.

The FDA Wednesday advised consumers to destroy any of the sauce they might have on hand and said dealers should stop selling the product.

Polio Cases Down

WASHINGTON (AP) — The Public Health Service reports "a remarkable low level" of polio cases in the United States so far this year. But it cautions against over-optimism.

There were 237 polio cases in the first half of the year. There were about twice as many in the first half of 1960—469—and more than four times as many in the first half of 1959—1,026.

Mt. Hamilton Fire

SAN JOSE (AP)—A brush and grass fire had blackened 1,500 acres on the slopes of Mt. Hamilton and still was out of control today.

8,000 Draft Call

WASHINGTON (AP) — The Army plans to draft 8,000 men next month to help bring it up to an authorized strength of 870,000.

The August draft call, announced yesterday by the Defense Department, is the highest since last December, when it also was 8,000. Army manpower at the beginning of June was about 856,000.

Juvenile Problems

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy says the problem of juvenile delinquency will be beyond solution in 10 years if a nationwide attack on it is not started at once. Testifying before a House Education subcommittee, Kennedy called for a tightly coordinted campaign by federal, state and local authorities.

PROPOSED BUDGET FOR SAN RAFAEL

Mayor, 2 Councilmen In Agreement That Some Cuts Should Be Made

Three members of the San Rafael City Council took a look last night at a $2,519,781 proposed budget for fiscal 1962, and agreed some cuts are in order.

The first of a series of budget discussions with department heads, scheduled for last night, was postponed until next Wednesday at 7:30 p.m. because of the absence of Councilmen Charles W. Aby and David Menary Jr.

Mayor John F. McInnis and Councilmen Fred Jensen and Louis H. Baar seemed agreed, however, that cutting the budget would be preferable to either raising the tax rate or ending the fiscal year with balance on hand reduced to less than a half million dollars. City Manager Dan E. Andersen estimated the last fiscal year wound up with a balance of $946,140.

The proposed outlay of $2,519,781 would reduce that to $472,652 at close of the new fiscal year, Andersen estimated.

"This can be done," he said in a letter accompanying the proposed budget. "However, it will become necessary to plan a drastically curtailed budget for 1962-63 unless a sizable increase in revenues can be obtained. This will entail a major tax rate increase which can better be realized by a reasonable increase being made this year, and continued in the following year."

The city manager noted that a 96-cent city tax rate has been kept for several years The combined general and parks rates, which can total $1 per $100 assessed valuation under the city charter, now total only 72 cents. Tax rates for library, debt service and employee retirement, which make up the other 24 cents, are not included in the $1 charter limitation.

In effect, he noted, San Rafael residents received a tax reduction last year. Although the rate was unchanged, it was based on assessed valuation of 23 per cent of the "fair market value," instead of 25 per cent as it was the previous year.

The three councilmen, however, evidenced no enthusiasm for raising taxes.

All agreed that large capital outlays have accounted for spiraling city budgets in recent years, and that the time has come for "leveling off."

At suggestion of Councilman Baar, the city manager was directed to prepare a summary of receipts and expenditures over the past five years which would show trends of the various sources of revenue and of outlay by the various departments.

Of the more than two and one half million dollars proposed to be spent in 1962, Andersen estimated that $467,595 will come from property taxes. He remarked with justifiable pride that his estimate of property tax revenues for the year just closed—$445,329—proved only $2.89 off the actual total received.

The spending proposed, Andersen said, is nearly half a million dollars below the combined totals of department heads' requests. It is about $70,000 under the fiscal year just ended.

Major reduction would be in capital improvements, for which $718,000 was budgeted last year and only $589,000 is proposed for the new fiscal year.

The $718,000 was not all spent, however. It included a $200,000 item for a new city hall, which appears again in the new budget. Some categories of capital improvements, however, exceeded budget estimates as did various other public works projects.

The proposed budget reduces below last year the amount proposed to be spent in 14 departments or separate accounts, but increases the amounts in 20 others. Two—city council and health—are unchanged.

Those reduced from last year, and the amounts proposed to be spent, are as follows:

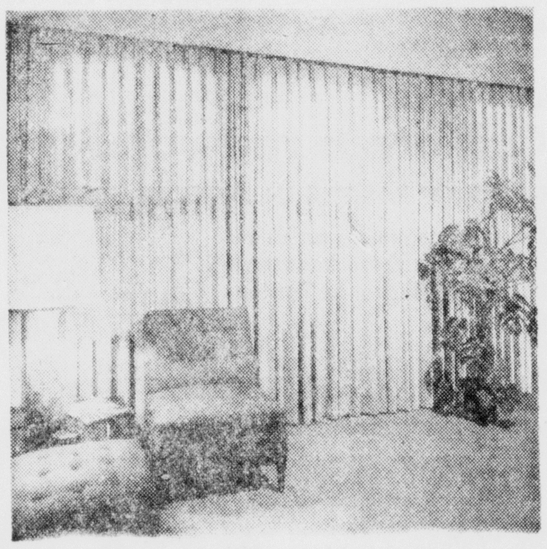

City clerk, $30,077; city attorney, $7,125; city hall, $22,982; debt service, $12,450; non-departmental, $118,535; fire, $320,844; street maintenance, $116,049; street painting, $12,500; bridge, tunnel and grade crossing maintenance, $500; storm drain maintenance, $11,500; sanitary sewers, $5,900; San Rafael Sanitation District, $1,320; capital improvements, $589,000; parks, $69,776.

Those increased from last year, and the amounts budgeted, are:

City manager, $27,081; purchasing, $10,000; treasurer-tax collector, $18,689; planning, $21,413; police, $269,351; civil defense, $500; building department, $47,190; public works engineering and administration, $82,077; street sweeping, $33,036; street lighting, $126,000; traffic signals, $3,000; sidewalk maintenance, $3,350; tree and parking maintenance, $16,200; parking meter maintenance, $13,386; weed abatement, $5,700; library, $65,825; recreation, $72,936; employee retirement $91,814; garage $69,944, and parking district, $41,050.

Budget for the city council is $5,275; for the health officer, $1,200.

Pay raises for most employees are included in the budget.

Custom DRAPERIES

Prices start at $1.00 a yard

Extensive selection to $6.00 a yard

Don't be fooled by gimmicks like "FREE LABOR, HARDWARE AND INSTALLATION." We make no impossible promises or charge for extra yardage that is not in your draperies. Check our final total price against anyone's and prove to yourself that no one can beat either our quality or prices.

AIRLINER IN NEAR TRAGEDY

Mechanics get set to remove the blown tire from the nose wheel of a United Air Lines DC7 in Los Angeles after the plane made a safe landing despite the trouble .The tire blew out as the four-engine plane took off from Denver en route from New York to Los Angeles with 90 persons aboard. After the emergency landing, passengers said they felt the DC7 "bump or something" on the Denver runway as the plane taxied past the spot where a United DC8 jetliner crashed Tuesday night, killing 17. (AP Wirephoto)

Field Rated 'Deficient' For Crash Fire Fighting

WASHINGTON (UPI) — A Federal Aviation Agency (FAA) expert said today Denver's Stapleton Field and other major airports are "deficient" in crash fire-fighting equipment.

John W. Bridges, FAA airport safety specialist, gave this assessment following the crash landing Tuesday of a United Air Lines DC8 jet at Stapleton.

The airliner veered off the runway, collided with a truck and burst into flames. Sixteen of the 122 passengers and the truck driver died in the flames as the airport's three crash fire trucks raced to the wreckage from their standby position on the loading ramp.

Bridges did not criticize the way airline or airport authorities responded to the emergency. But he said he rated Stapleton Field's crash fire-fighting capability as deficient after a visit there last December.

He said the Airport's two water-fog and water-foam trucks together could discharge 180 gallons a minute of water and foam. A third vehicle, a tanker, could supply the other two trucks with 500 gallons a minute, Bridges said.

The 180 gallons, he said, falls far below the 1,500 gallons per minute recommended for jet fields by the National Fire Protection and endorsed by the FAA.

Bridges said Stapleton enjoyed "good back-up support" from the Denver Fire Department and nearby Lowry Air Force Base. However, he said, their fire-fighting equipment would not be available quickly enough in case of a crash without advance warning.

The FAA expert said the Lowry vehicles would need up to eight minutes to arrive on the crash scene. Six minutes is the maximum survival period for human beings inside a burning airplane.

A spokesman for Denver Mayor Dick Batterton said yesterday, "We've got enough equipment to handle any d--- thing. But we had no indication of an emergency situation."

Bridges said his inspections of airports around the country showed that many lacked sufficient standby equipment to meet standards suggested by the fire protection association.

"Some have almost nothing," he said.

He listed the following major airports as "good" or "very good"—coming within 75 to 100 per cent of the standards: Laguardia and Idlewild in New York, Boston's Logan, Washington National, Los Angeles International, San Francisco International, Chicago's O'Hare (but not Midway), Seattle and Cleveland.

Many airports have deep backup support from city fire trucks, Bridges said, but because they pump only water, and not foam, they are not wholly satisfactory. Foam, a mixture of carbon dioxide and water, prevents fires from reigniting by cutting off the supply of oxygen.

Bridges said that under present law the FAA lacked the authority to require the airports to provide adequate fire-fighting equipment. His job is to persuade them to do so.

Ross Town Council Meeting Tonight

Cimino Electric Co. is to present to the Ross Town Council tonight its estimate on installing traffic control signals at the Sir Francis Drake Boulevard-Bolinas Avenue intersection.

The council meeting, scheduled for 8 p.m. in the town hall, will not take up the proposed comprehensive zoning ordinance, Town Clerk William W. Cole said. The council will hold a special meeting as a planning commission on July 20, devoted entirely to the zoning ordinance.

Larkspur Votes

The Larkspur Recreation Commission last night voted not to join the Shoreline Planning Assn. However, the commission left the door open for later membership.

Tam Valley Sanitation

The board of directors of the Tamalpais Valley Sanitary District Tuesday night asked its engineer, Warren Nute to inspect the settling lines near the pumphouse to see what it will cost to repair them.

One pound of chlorine can disinfect 200,000 gallons of water.

Tiburon Fire District Action

A resolution ordering annexation of the Main Street tidelands to the Tiburon Fire Protection District was passed by the district board last night.

The annexed portion has not previously been a part of the district but has been receiving fire protection.

An oral examination will be scheduled for the two applicants for the position of captain.

The district authorized the purchase of a floor buffer for the fire house, one half to be paid by the district, the other half by the Tiburon Volunteer Fire Department.

Denver Crash Cause Shrouded In Secrecy

DENVER, Colo. (AP)—Tight-lipped federal and company investigators tried to pinpoint responsibility today for a United Air Lines DC8 jetliner landing crash that killed 17 persons Tuesday.

Of the 122 aboard, at least 50 received hospital treatment and 38 suffered minor injuries. None was in critical condition.

United imposed a complete blackout on any explanations of all sever crew members who escaped or from other company employees. United President W. A. Patterson, here from Chicago, refused to answer any queries from newsmen.

Federal investigators turned aside reporters' questions with a cryptic "There's nothing to say."

Fire Chief Allie Feldman of Denver snapped back at critics who alleged there was delay in fire-fighting equipment reaching the crash scene.

"It didn't make any difference how many pieces of fire equipment we had there we couldn't have saved those 16 people," Feldman said. Those 16 passengers died in the flaming wreckage. The 17th victim was a Denver city engineer.

He was crushed when the mammoth airliner, reported a hydraulic system malfunction, skidded from a runway at an estimated speed of 120 to 140 m.p.h and slammed into his truck, in use on a construction project.

Financier Agrees To Pay $170,000

Belvedere financier Stewart B. Hopps and his wife Geraldine filed a stipulation in Marin superior Court yesterday, agreeing to pay $170,000 to the receiver of the defunct Rhode Island Insurance Co.

Harold C. Arcaro, receiver of the insurance company, and Hopps filed a stipulation that Hopps should pay that amount plus 4 per cent interest from Sept. 19, 1958.

Judge Thomas F. Keating approved the stipulation and ordered Hopps to pay the $170,000, which represents a settlement of a $7,984,000 claim filed against Hopps in 1954. At that time, the receiver of the Rhode Island Insurance Co. charged that Hopps had mismanaged the company.

Brown Busy Signing Bills

SACRAMENTO (UPI) — Gov. Edmund G. Brown's right hand is busy these days. He has only eight days remaining to sign measures passed by the 1961 legislature that he approves.

The latest batch with his signature include the following:

Make it easier for schools to exchange teachers with foreign countries;

Provide $125,000 for an investigation of investment frauds (10 per centers) and business crimes;

Allow osteopaths to use the term medical doctor, to pave the way for the unification of osteopaths and physicians;

Encourage recipients of aid to needy children benefits to support themselves;

Limit unlicensed builders to construction of three dwelling units, one of which they must occupy themselves.

No Property Tax Protests In Hub

Nobody protested property tax assessments to the San Anselmo City council sitting as a board of equalization last night, said City Clerk Anita Gannon.

Councilmen postponed indefinitely their meeting with Mozart Kaufmann, temporary committee chairman, to set up an advisory committee on downtown redevelopment.

DERBY CRASH—Spectators viewed a crashed Powder-Puff Derby plane which made a forced landing because of poor flying weather near Lynchburg, Va., yesterday. The crash, in which two women aviators were shaken but unhurt, mowed down fence posts. The plane was finally stopped when its wing struck a telephone pole. (AP Wirephoto)

Powder Puff Derby Deadline In Question

ATLANTIC CITY, N.J. (UPI)— The 15th annual Powder Puff Derby may be extended for 24 hours under protest today if no planes of 135 or less horsepower reach the finish line by today's deadline.

Officials of the All-Woman Transcontinental Air Race, Inc., left the possible extension up to the official timer yesterday after generally bad weather throughout the south left most of the 97 planes stranded in Mississippi and Louisiana.

The decision brought a prompt protest from Mrs. Jerry Hall of Oroville, Calif., and her co-pilot, Mrs. Zoe Dell West of Willows, Calif., who were in first place in the standings compiled Tuesday night.

Mrs. Hall argued that they were able to beat the deadline through judicious planning of their route and flight patterns even though their Piper Tripacer carried only a 150 horsepower engine. She said smaller engined planes should have no more trouble than she and Mrs. West.

The peanut is not a nut but a legume whose seeds develop underground.

Hot Words Exchanged Over Nixon Decision

LOS ANGELES (AP) — State leaders of the two major parties are exchanging hot words over former Vice President Richard M. Nixon's role in the 1962 gubernatorial campaign.

Touching off the volley was Nixon's announcement that he'll wait 60 days before making a final decision about his own candidacy for the office.

This brought a statement yesterday from Roger Kent, state Democratic chairman, that the 1960 GOP presidential candidate would "duck out of the race for governor because his closest advisor will tell him he can't win."

"Nixon's statement," Kent continued, "means that he and Murray Chotiner (one-time Nixon campaign manager) will decide on the Republican candidate for governor sometime during the next two months—and it won't be Nixon. They will then pick their choice for a sacrificial lamb to run against Gov. Edmund G. Brown."

V. John Krehbiel, state Republican chairman, issued a prompt denial.

"As usual," Krehbiel said, "Kent's publicity advisors have written his statements without regard for the facts."

He asserted that the latest statewide poll showed 53 per cent of voters interviewed preferred Nixon for governor and that 37 per cent said they'd vote to retain Brown.

"In fact," Krehbiel added, "the polls show that any one of several Republican candidates could retire Governor Brown to private life."

Chotiner, a Beverly Hills attorney, also denied Kent's statement.

"Mr. Kent is not authorized to speak for me," he said. "I am too busy to pay any attention to releases circulated by his paid publicity men. Personally, however, I hope Dick Nixon runs for governor. If he does, you can look forward to the retirement of Pat Brown."

Electronic Secretary

LONG BEACH (UPI) — Scientists studying rock fragments here have been using observations, thus eliminating the necessity of swinging back and forth from the samples to make written notes.

Animal Cruelty Charge Filed

Harold E. Gregg, operator of Forest Farm Summer Camps in Forest Knolls, signed a complaint today charging a San Rafael woman with nearly starving one of his horses which she rented last fall.

Gregg signed a complaint charging cruelty to animals against Mrs. J. B. Everding of 9 Indian Road, Los Ranchitos. Asst. Dist. Atty. Bruce B. Bales said he would ask Mrs. Everding to appear in court next Wednesday.

Gregg has about 30 horses he uses during the summer for youngsters who use his summer camp. During the rest of the year, he lets out the horses free to families who care for them.

Gregg contends the horse was fat and healthy when Mrs. Everding took it over last year. When she returned it last month, it was "skin and bones," Gregg told the district attorney.

Rapid Increase

NEW YORK (UPI) — Buffaloes are multiplying rapidly here. A baby calf was born recently at Freedomland, and officials of the amusement park report that two more buffalo births are expected shortly.

Dixie Schools Tax Rate May Be Reduced

The Dixie School District tax rate may be reduced three cents for fiscal 1962, the school board announced in adopting its publication budget of nearly one million dollars last night.

The budget of $995,000 is up $156,273 from that of last year. Tacked onto the budget is $39,260 to cover retirement, community services and repayment of the state loan of three and a half million dollars.

The tax rate for the operating budget will be $2.45 per each $100 of assessed valuation, the same as last year. It is estimated that there will be added to this amount an additional over-ride tax of 65 cents, three cents less than that of last year, said Supt. Dennie B. Willis, bringing the total tax rate to $3.10.

Willis said the reason for the budget raise is an expected increase of 350 pupils bringing the average daily attendance in the district up to about 2,600, and increases in salaries.

The board voted to change the teachers' salary schedule by increasing the third step on each scale by $100. Teachers on tenure will get an increase also of $200 annually.

Principals' salaries were increased from $11,148 to $11,285 per year. Willis' salary was increased to $1,000 per year to $13,500. The assistant superintendent's salary was increased from $10,500 to $11,250.

REASON FOR SMILE — Col. James H. Murphy of 318 Starling Road, Mill Valley, has been promoted from lieutenant colonel at Sixth Army Headquarters in San Francisco. Murphy is organization and training officer for the G-2 (intelligence) section. (U.S. Army Photo)

Disarmament Parley Planned

WASHINGTON (AP) — President Kennedy gave final instructions to his top disarmament adviser today for a new round of negotiations with the Soviet Union on setting up a new international disarmament conference this summer.

The President was understood to have told disarmament chief John J. McCloy that he should make every possible effort in talks beginning at Moscow Monday to work out arrangements, including details of time, place and the nations which would be invited to attend.

MARIN FIRE CALLS

YESTERDAY:

12:45 p.m., Tamalpais Valley — Furnace overheated at 355 Starling Road.

4:13 p.m., Manor—Marin County Fire Department responded to false alarm.

6:51 a.m., Los Ranchitos — Marin County Fire Department responded to false alarm.

9:30 a.m., San Rafael — Small grass fire on vacant hillside lot at rear of 424 Forbes Avenue; cause undetermined.

BOLINAS CHARGE:

Bills Instead Of Diplomas For Graduates

A Bolinas resident charged last night that eighth grade graduates of Bolinas-Stinson Beach School District were handed bills for damaging school property instead of diplomas.

Mrs. Frances Wilkins in a letter read at the district board of trustees meeting, said she is getting out recall petitions against trustees who were members of the former Bolinas School District board and the interim board of the combined district. This includes all members of the present board except Rolland M. McCready.

Mrs. Wilkins complained that former Principal Richard Miller held back certificates of graduation of at least two eighth graders until parents paid fines of $2 each. Board clerk Arthur E. Carpenter later admitted several diplomas had been held up until damages to school property were paid.

Mrs. Wilkins also set forth nine other complaints. Among other things, she claimed the previous board did not act properly on budget matters, objected to their policy on truancy, and complained the front fence at Bolinas School should be heightened so children wouldn't chase balls over it.

The board suggested that Mrs. Wilkins ask the matter be put on the agenda for a later meeting.

'Freedom Riders' Given 'Floaters'

By THE ASSOCIATED PRESS

Four so-called "Freedom Riders" were freed today on their promise to get out of Arkansas without making further bus station segregation tests.

They had been in and out of jail yesterday after an agreement to end their bus ride and go home if fines and jail sentences were suspended by a municipal judge.

They said they intended to continue their planned bus trip to New Orleans if the judge would let them go.

TRANSIT

Continued from page 1

tinue at this top rate for about 16 years, but would go down sooner if the area's growth exceeds estimates.

He said they are still working on estimates of what the tax rate might be from the years 1962-63 through 1972-73. This report is due in about 30 days.

Transit district staff members figured out that the maximum 70 cent tax rate for a $12,000 home assessed at $3,000 would be $21 per year; for a $16,000 home assessed at $4,000, $28 per year; for a $20,000 home assessed at $5,000, $35 per year, and for a $24,000 home assessed at $6,000, $42 per year.

Hardwick saw no difficulty in selling and repaving the revenue bonds needed for the rolling stock. Debt service would be $13,000,000 per year maximum and estimated revenues of the system would be $43,000,000, an adequate margin, he said.

District general manager John M. Peirce said the Smith, Barney report had not considered alternate systems of financing other than general obligation bonds because of legal complications. He said the financial advisors also had discarded a suggested zoning of the district for bond repayment as "impractical."

Peirce held out "the possibility and probability" of federal financial assistance for the project. He noted the President already has signed the Housing Act of 1961 which includes $75,000,000 "as a stop-gap" for rapid transit planning until next session of the Congress "when a larger, more inclusive bill is anticipated."

Additional savings in the overall costs may well be made if inflation is slowed. "Roughly 20 per cent of the total cost is the inflation factor and contingencies," Peirce declared.

President Adrien J. Falk of the district hailed the financial report as "a transportation bargain for the people of the Bay Area."

He admitted it will be difficult to convince the voters to approve such a huge bond issue, "but we hope to convince them this is an investment in their future. Rapid transit is an essential. We've got to face the problem and put it before the voters so they can understand it is in their best interests. Besides, there is no alternative. How else can we possibly keep the lanes of traffic open if we have double the number of people in the area?"

Humphrey Says Russ Not Ready For War

WASHINGTON (UPI) — Sen. Hubert H. Humphrey, just back from a European trip, said today the Kremlin is beset by internal problems and is not ready to go to war.

Humphrey said Russia's internal problems include "food shortages of staggering proportions."

NOVATO

Continued from page 1

has a future. It will serve more homes, but in a closer radius."

Joseph Wright, chairman of the citizen committee, said members took the approach that the city should try to make the most of what it has now, rather than "try to dream up something ideal."

As for redevelopment of the downtown district, Wright declared, there is "something wrong with our thinking when we are afraid to let an individual landowner develop his property."

Wright said the committee realized Novato will eventually have a big shopping center, but felt it would be 10 or 20 years before this happened. He said the Grant Avenue development would be "interim," allowing the city to "get on its feet."

McAskill said a shopping center hurts an existing strip of business such as downtown Novato. When the Nave Center has a promotion, "you could shoot a cannon down Grant Avenue on Saturday afternoon," he said.

Commissioner Henry J. Kaehler suggested that multiple dwelling zoning be considered for the downtown area. If Cross Roads is developed now, he said, it would hurt the downtown tremendously. He urged development of the downtown first.

Mrs. Summers told the commission it must decide whether the committee recommendations are such as to satisfy the standards now considered necessary for an economically sound shopping center.

"If you search your hearts, you will find they are not," she said.

CHARNOW

Continued from page 1

12 hours a day. The only thing I can't afford is the price of the ambulance."

Charnow said he was impelled to write the letter by Fred Wyatt's "Reporter's Notebook" in Tuesday's Independent-Journal, describing Administrator Bruce's new quarters in "Cell 300." "It bothered me all night until I could call for a stenographer to write you this letter."

BRIDGE

Continued from page 1

idea would end most of the congestion on the bridge and Waldo approach "for peanuts" as compared with cost of erecting traffic control arches.

The full board tomorrow also will have before it these recommendations from the building and operating and the insurance committees:

1. Automatic toll collecting machines, completing an 18-month trial period, should be continued on a month-to-month basis until final decision is made on proposed new toll plaza plans.
2. The general manager should investigate air conditioning, possibly with portable units, of the administration building and the directors' meeting room.
3. Hand rails should be installed around the tower piers at a cost of $2,000.
4. The bridge's multi-risk insurance should be increased from $30,240,000 to $35,000,000 if the insurance is available.

Overcast Skies Seen For Bay Area

SAN FRANCISCO (UPI)—Overcast in the Bay Area was the prediction of the weather bureau today.

OBITUARIES

MRS. H. F. DeSOTO

Mrs. Ann King DeSoto, 77, a native of Marin County, died yesterday in a local hospital after a short illness.

Mrs. DeSoto's husband is retired County Deputy Treasurer Henry F. DeSoto.

Mrs. DeSoto was born in San Rafael. In 1908 she went to live and work in San Francisco. She and DeSoto were married in 1919 and settled in Kentfield, where their home is at 15 Laurel Grove Avenue. DeSoto retired from county employment in 1951 after more than 20 years of service.

Mrs. DeSoto was an active member of St. Sebastian's Catholic Church in Greenbrae and its altar society.

She is survived by her husband and a daughter, Miss Mary DeSoto, of the family home; and a brother and sister, Katherine King of Los Gatos, and Charles King of San Francisco.

Requiem Mass for Mrs. DeSoto will be celebrated at 9:30 a.m. Saturday at St. Sebastian's Church. The funeral cortege will leave Keaton's Mortuary in San Rafael at 9:15 a.m. The Rosary will be recited at the Mortuary at 8 p.m. tomorrow. Burial will be in Mount Olivet Cemetery, San Rafael.

J. P. CHRISTENSEN

John P. Christensen, 97, died yesterday in a local rest home after a short illness.

With the exception of his stay at the rest home, he had resided for 16 years at the home of his daughter, Mrs. Anna C. Eastwold, at 49 Hillcrest Avenue in Kentfield.

Christensen was a native of Denmark. He came to the United States about 72 years ago and before moving to Marin lived in San Francisco. His wife, Wilhelmina, died 19 years ago.

He was a retired employee of the Emporium in San Francisco, and a member of Danmark Lodge No. 2 of Dania in San Francisco.

Christensen is survived by his daughter, two sons, Chester W., and Dr. Harry S. Christensen of San Francisco; six grandchildren, including R. G. Fontana Jr., San Anselmo printing firm operator, and 13 great-grandchildren.

Funeral services will be held tomorrow at 1 p.m. at Anderson's Mortuary, Valencia and 25th streets in San Francisco. Entombment will be in the Catacombs, Cypress Lawn Memorial Park.

The family request that tributes be contributions to a favorite charity.

RALPH MOBERT

Ralph Mobert, 58, painter and resident of Marin County since 1937, died on the job yesterday.

Deputy County Coroner Harold J. Keaton reported Mobert apparently suffered a heart attack about 5 p.m., just as he was quitting work for the day on a new home on Eliseo Drive in Greenbrae. Mobert was found dead by a fellow worker. He had been suffering from a heart condition for several years.

Morbert was born and reared in Visalia, Tulare County. He moved to San Anselmo in 1937. A few weeks ago he moved into a home at 61 Tamalpais Road, Fairfax. Before that he had lived for five years with his son Roy Mobert, at 104 Tamalpais Road.

For the past four years Mobert had been employed by San Rafael contractor Edward W. Burgar. He was a member of Painters Union Local 83 in San Rafael.

He is survived by his son and a grandson.

Funeral arrangements are pending at Keaton's Mortuary in San Rafael.

DONNA LEET

Funeral services for Donna M. Leet, who died unexpectedly yesterday in her Tamalpais Valley home of a heart ailment, will be held Monday in Mill Valley.

Tamalpais Valley firemen were called to administer oxygen but Mrs. Leet was pronounced dead on a doctor's arrival.

Wife of Dana D. Leet, a carpenter in Marin County, Mrs. Leet had lived in the county 11 years, residing at 112 Rising Road. She was 58.

She is survived by her husband; three sons, George and Boyd Jakes of Portland, Ore., and Wesley Jakes of Glide, Ore.; a brother, Charles Russell of Washington, and eight grandchildren.

Services will be at 2 p.m. Monday at Russell and Gooch Mortuary in Mill Valley. Interment will be in Mount Tamalpais Cemetery, San Rafael.

BIRTHS

BURHENNE — A daughter to the wife of H. Joachim Burhenne, Tiburon, July 1 in San Francisco.

JONES — A son to the wife of Delmar O. Jones, Novato, July 9 in Santa Rosa Memorial Hospital.

What's in store for stocks?

That's never easy to answer, we admit.

But with the help of our Research Department in New York, we've just put together a two-hour answer that should make a lot of sense to any seasoned investor.

If you'd like to hear it—a thorough-going discussion of basic trends in our economy, a series of specific suggestions to meet various situations and objectives during the months ahead—then don't miss our Stock Market Forum.

We're holding it on Wednesday evening, July 19th, in Olney Hall, College of Marin, Kentfield, starting at 8:00 sharp.

Bullish or bearish, we think you'll find these two hours well spent, think they should prove extremely helpful to even the most experienced investor.

There's no charge connected with the Forum, of course, but admission will be by ticket only.

If you'd like to come, simply call and tell us you'll be there, or just mail us the coupon below.

I would like to attend your Stock Market Forum
Wednesday evening

YOUR VOICE TRAVELS 67 MILES FROM SAN RAFAEL TO SAN JOSE

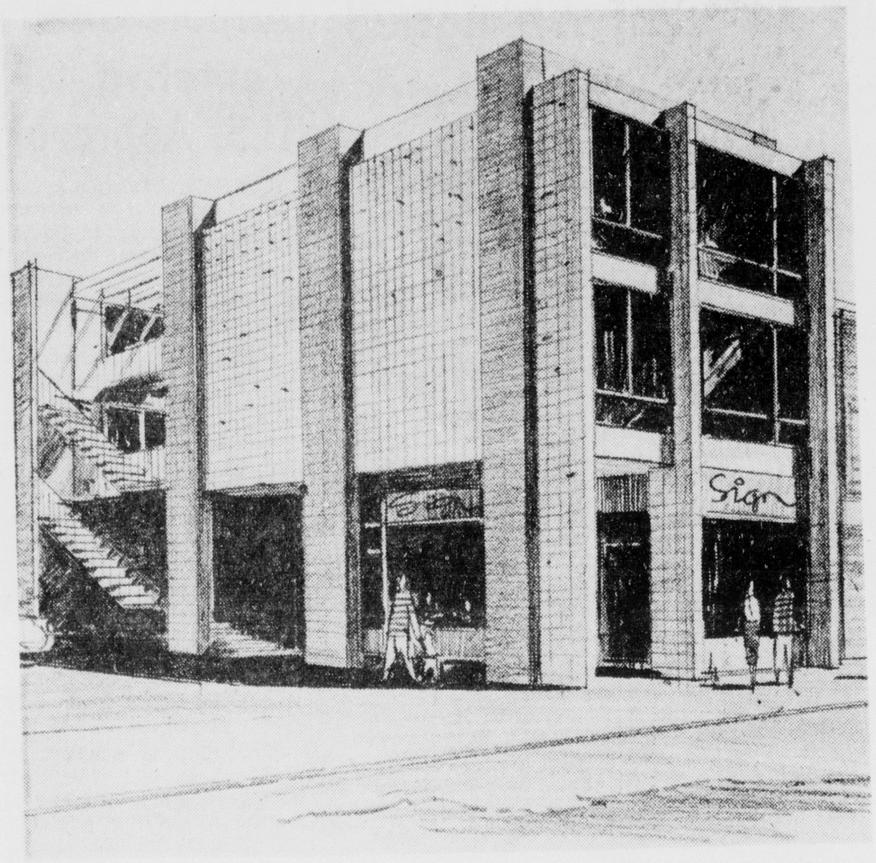

It's a long distance, but this phone call costs 15% less than Long Distance rates

HERE'S WHY: Although your call from San Rafael to San Jose travels as far as many Long Distance calls, you pay less than Long Distance rates. This call, like most calls to other communities in the Bay Area, is measured in message units. The number of message units depends on how far you call and how long you talk. The message units are combined on your bill instead of each call being itemized. This costs less for bookkeeping, so you pay less for these calls.

If you ever need these calls itemized, for business or any other reason, place them through the Operator as station-to-station calls. The charge will be billed separately at regular long distance rates, without the 15% saving.

Pacific Telephone
PART OF THE NATION-WIDE BELL SYSTEM

NEW BUILDING FOR FOURTH STREET — This sketch by architects Borenstein and Clarke of Berkeley shows the new three-story building under construction at 1408 Fourth Street, San Rafael, as it will look when completed. The structure will house an imported women's apparel store on the ground floor and the offices of the Kaehler Development in the second and third stories.

New Building To Close Another Burned Gap

A new $85,000 building under construction at 1408 Fourth Street, San Rafael, will close another gap in the north side of the block between D and E Streets that was swept by fire July 29, 1957.

Kaehler Development Co. at 162 Belvedere Street, San Rafael, has commenced groundwork for a three-story structure of steel and decorative concrete blocks to house a women's boutique shop at the street level and its own offices on the second and third floors. Completion is expected about the middle of September.

John J. Farrar Jr. of the building and development firm said the company's quarters on Belvedere Street are no longer adequate. Although the Fourth Street site is only 20 feet wide, he said, it will give the firm a central location and 3,000 square feet of space on the two upper floors.

The building will contain 4,500 square feet in all and have parking facilities off D Street in the rear.

A new business, Les Girls, to occupy the ground floor and handle imported women's wear, will be owned and operated by Farrar's wife, Bette, and Mrs. Bobbi Farr of San Rafael.

Mrs. Farrar said the shop will specialize in handbags, jewelry, knit wear and European fashions. It will be the first store on the West Coast to handle exclusively designs by Odile of Luxembourg.

Formerly a model, Mrs. Farrar has spent 10 years in the women's wear business. Her associate, Mrs. Farr, was previously in the importing field and will be business manager.

Kaehler Development Co. owned by Ruben Kaehler of Novato and Farrar is currently engaged in apartment house construction and management in East San Rafael (Harbour Place Apartments), development of the Rafael Racquet Club Estates in San Rafael and the Forest Park residential tract in Novato. A new apartment house development, Tiburon Boulevard Apartments, is being started adjacent to the Bel Aire shopping Center on the Tiburon Peninsula.

Kaehler Development Co. is doing its own contracting work at the Fourth Street site. The building was designed by Borenstein and Clarke, Berkeley architects.

One vacant building site still remains in the block, located west of 1430 Fourth Street.

Nearly half of all the citizens of Kansas live on farms. The state's rural population percentage is one of the highest in the United States.

Bike Auction

An auction of bicycles will be held by the Mill Valley Police Department at 11 a.m. July 22 behind the city hall, Police Chief Dan Terzich said today. The bikes, found and taken to the station, will be sold to the highest bidders.

Uneventful Appraisal Hearings

County assessor and supervisors agreed today that prospects continue bright for a relatively uneventful series of hearings on appraisal appeals, as result of yesterday's initial hearings plus the rate of filings.

Only 39 appeals to the Marin County supervisors in their role as board of equalization had been filed today. Five of these were filed yesterday while the board was disposing of seven already on file.

Two of the seven handled yesterday were mere registrations of agreement reached between assessor and property owner, one owner failed to appear, and the others were taken under submission.

This year's policy is not to announce decisions immediately except where agreement has been achieved before time for hearing. Chairman William D. Fusselman said this policy allows of both consideration and, if necessary, further investigation before verdict is reached.

Nine appeals were set for hearing today. Of the nine, Assessor Bert W. Broemmel said that six were "concurrences" or agreements which would require no detailed hearing.

Broemmel said no case has yet been filed which is of a "test" nature, something of a surprise because of Supervisor J. Walter Blair's recent invitation for South Marin property owners to try to break down the cycle reappraisal program.

Contract Awarded By Water District

The Marin Municipal Water District board awarded the contract for installation of a Nicasio pump station yesterday.

The contract was awarded to Pacific Mechanical Corp. of Richmond, low of two bidders at $54,971.

B. J. Brusatori, board secretary, pointed out the construction excludes costs of the pumps and valves.

The board set for July 26 opening of bids for furnishing 2,500 meter boxes. Board members also passed a resolution of intent to sell their present building on Fourth Street before they move to their new building in Corte Madera.

Tile Remover

CHICAGO (UPI) — Ever have trouble removing asphalt floor tile? Freeze it with a block of dry ice, advise experts in the Cardox Division of Chemetron Corp. The tiles will be ready to be pried up in a few minutes. They may even pop up themselves.

Unwanted Record

WASHINGTON (UPI) — North Dakota has the highest rate of accidental death from machinery of all states in the nation, according to the U.S. Department of Agriculture. South Dakota is second and Nebraska is third.

Brisk Recovery

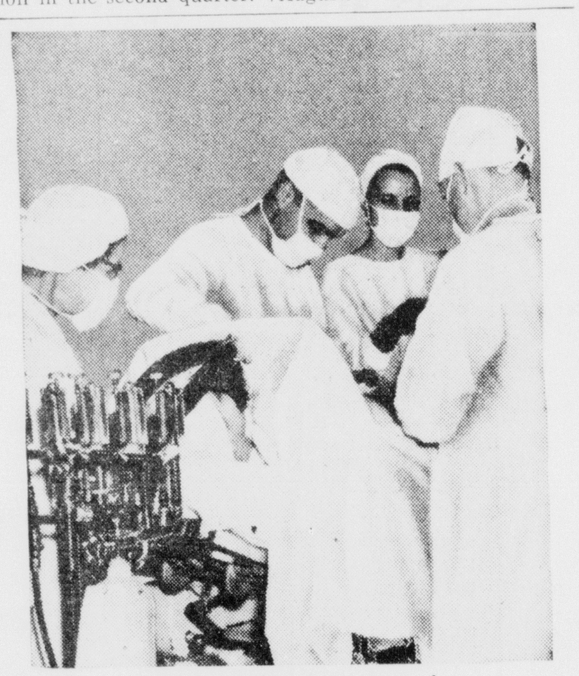

WASHINGTON (AP)—The nation's economy advanced at an annual rate of about $12 billion in the April-June quarter, making a brisk recovery from the winter's recession low.

On the basis of past calculations, this would mean that the gross national product—the value of all goods and services produced—reached a record annual rate of about $512 billion in the second quarter.

Volunteer Firemen Officer Nominees

The slate of nominees for 1961-62 officers of the Belvedere Volunteer Fire Department was announced at last night's meeting. They are A. C. Anderson Jr., president; Ronald E. Simpson, vice president; William A. McLean Jr., secretary, and Elmer Frauss, treasurer.

The election will be held in August.

Council Rejects Funds Lay-Away

The Corte Madera Town Council last night turned thumbs down on a plan of the town manager to stockpile funds for future public buildings.

Town Manager Arthur H. Brandow had included a $25,000 nest egg toward a public building fund in his proposed $434,982 budget for fiscal 1962. He asked that this be placed in a special fund, which would be allowed to grow to meet future building needs. "The balance each year of these funds will not be subject to re-budgeting," he wrote.

Councilman Edward H. Colthurst objected. He said such funds would "snowball" and become "sacred cows."

"It's just good business practice of putting money aside for the future town growth," argued Councilman Charles F. Pendleton. He was joined in defense of Brandow's recommendation by Councilman Bud Cole.

Colthurst, however, argued that all carry-over funds should be re-budgeted each year "so that people can see how much money the town has to spend." Eventually he won unanimous approval of his motion to reject Brandow's proposal.

The council, in the first of a series of budget reviews, ran into discussion over whether California Physicians Service should be kept under contract to provide insurance for town employees—and, if so, whether volunteer firemen should be included.

The town has not been paying any of the employees' group insurance, but Brandow included $740 for such purpose in the proposed budget.

Colthurst raised a question as to whether volunteer firemen should be included. It was not resolved, nor was the question of whether California Physicians Service or some other firm should supply the insurance.

Councilman Cole, who raised the latter question, said he would provide Brandow information for comparison of California Physicians Service coverage and charges with those of other health and accident insurance firms.

The town manager said he would not recommend including volunteer firemen in the insurance plan unless the volunteer department's funds were audited.

The council reviewed general government expenses and building, planning and zoning department expenses. They left for future review the police, fire and street departments.

Minor changes made in the preliminary budget included cutting a $1,000 item for air conditioning to $300 for an exhaust fan. This cut the capital outlay for the coming year from $39,785 to $39,085.

The council passed a resolution authorizing expenditure of $22,187 in gasoline taxes and $5,425 in city funds for completion of the Sausalito Street project.

The council will make an inspection trip at 7 a.m. Saturday of the streets projects undertaken during the past fiscal year. It will meet again at 7:30 p.m. Monday.

Tiburon Sanitary District Figure

A general raise of $27.50 per dwelling will be paid by Tiburon Uplands area residents to keep the Hilarita housing project in the Tiburon Sanitary District.

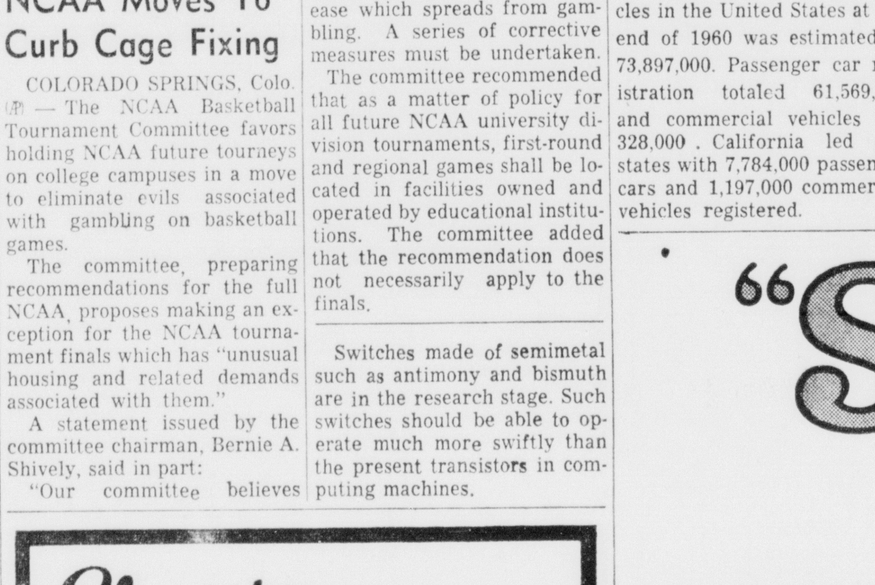

This figure was set at last night's meeting of the district board.

Rolling Hills residents had volunteered to take a 10 per cent assessment increase to raise the $10,000 difference between the Marin County Housing Authority's "final offer" and the district's $70,000 assessment for Hilarita.

Bert Klahn, executive director of the housing authority, attended the meeting and accepted the terms.

The operating budget for 1961-62 was set at $19,000, according to Robert A. Sterling, secretary to the board. He predicted the tax rate will probably remain close to last year's 56 cents.

In the old days of the West, the Rock Mountain Indians of what is now Oregon periodically journey into the high plateaus and rolling hills of the pine country to cut poles for their lodges or tepees. For this reason, the tree they favored eventually was named lodgepole pine.

YOUNG MURDER SUSPECTS — Richard Worrel, 16 (left), and Chester Blum, 17, are being held in Reno jail on suspicion of murdering Reno grocer Clarence (Jack) Griffis, 54. Worrell and Blum were accompanied on the night of the murder by Jeffrey Kelsey Connell, 17, of Mill Valley. Griffis' wife Belva had been accused of the murder but was exonerated last week after five months in jail. (AP Wirephoto)

NCAA Moves To Curb Cage Fixing

COLORADO SPRINGS, Colo. (AP) — The NCAA Basketball Tournament Committee favors holding NCAA future tourneys on college campuses in a move to eliminate evils associated with gambling on basketball games.

The committee, preparing recommendations for the full NCAA, proposes making an exception for the NCAA tournament finals which has "unusual housing and related demands associated with them."

A statement issued by the committee chairman, Bernie A. Shively, said in part:

"Our committee believes there is no cure-all for the disease which spreads from gambling. A series of corrective measures must be undertaken.

The committee recommended that as a matter of policy for all future NCAA university division tournaments, first-round and regional games shall be located in facilities owned and operated by educational institutions. The committee added that the recommendation does not necessarily apply to the finals.

Switches made of semimetal such as antimony and bismuth are in the research stage. Such switches should be able to operate much more swiftly than the present transistors in computing machines.

Registration of motor vehicles in the United States at the end of 1960 was estimated at 73,897,000. Passenger car registration totaled 61,569,000 and commercial vehicles 12,328,000. California led all states with 7,784,000 passenger cars and 1,197,000 commercial vehicles registered.

Jeff Connell Arraigned For Part In Murder

Jeffrey Kelsey Connell, 17, of Mill Valley, who admits taking part in the holdup-murder of a Reno grocer last March, has until July 21 to decide whether he will fight extradition to Nevada.

Connell appeared with attorney Benjamin Dreyfus of San Francisco yesterday before Judge Joseph G. Wilson in Marin Municipal Court and asked for a continuance. The next court appearance is set for 1:30 p.m. July 21. Asst. Dist. Atty. Bruce B. Bales said the defense lawyer wants to study the case before deciding what to do about extradition.

Young Connell is being held in Marin County Jail without bail on a murder charge. He and two teen-aged companions are accused of shooting to death Jack Griffis, 54, operator of a Reno grocery, last March 3. Griffis' wife Belva, 50, was indicted for his murder and held in jail for four months. She was released only last week after passing a lie test.

In Reno, Richard Worrell, 16, and Chester Blum, 17, are being held on the same murder charge. Reno police allege Worrell fired the fatal bullet and Blum was the getaway driver. They were arrested in Reno and implicated the Mill Valley youth.

Mill Valley Police Chief Dan Terzich, who has known young Connell most of his life, arrested the youth Tuesday night.

According to Connell, Worrell "wasn't supposed to use the gun." The plan was to shoot a liquor bottle over the grocer's head, then if he didn't frighten, the boys were supposed to run. Connell said Worrell's first shot shattered a liquor bottle on the shelf. The second shot hit the man, and the youths ran without getting any money.

Connell lived with two brothers and his twice-divorced mother at 65 Marguerite Avenue in Mill Valley.

Fixed boundary lines did not exist on a large scale in Europe before the 19th century. In ancient and medieval times, the limits of a state's jurisdiction were vague. A frontier had no international recognition; it was simple the place where a government stopped asserting its authority.

Airport Gets Tentative U.S. Approval

The Federal Aviation Agency has given tentative approval to Marin County's application for air space around the county airport in Novato, Supervisor William Gnoss announced today.

Gnoss said he had received a telegram from Rep. Clem Miller of Corte Madera saying that the tentative approval had been given and final action by the agency is "expected in three or four days."

"Details concerning coordination of air and ground operations must still be considered and ironed out," Miller wired.

Gnoss noted that the county already has state clearance, so as soon as the federal agency's approval is final Marin will be able to apply for federal funds for the airport.

"According to our master plan," Gnoss said, "we first want to build a new runway in a different direction from the one we have; then we want to construct some repair shops and facilities."

The Spanish imported Negroes from Africa into Cuba until 1886.

"Say! How do you like your Rambler?"

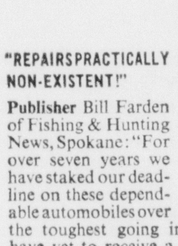

"EVERYTHING WORKS—NOTHING RATTLES!"
Busy mother of 3, Mrs. Richard Manville, Westport, Conn.: "I thought all wagons were 'trucks' till I drove a Rambler. Rear fifth door is the greatest! With children, stroller and bicycles we're luxuriously uncrowded. All for about $1000 less!"

"HAS NEVER LET ME DOWN!"
Salesman Martin H. Stolley, Clinton, Iowa: "Over all kinds of roads, 100° to 30° below, Rambler has never let me down... in 54,000 miles."

"100,000 MILES—TOTAL REPAIRS $25.35!"
Chief Petty Officer George F. Morris, U. S. Coast Guard, Ipswich, Mass.: "I've owned 6 American Motors cars. The wagon is one in a million. '59, replaced heater control, $5.80, '61, valves ground, $19.55. Total $25.35 at 100,000 miles!"

"REPAIRS PRACTICALLY NON-EXISTENT!"
Publisher Bill Farden of Fishing & Hunting News, Spokane: "For over seven years we have staked our deadline on these dependable automobiles over the toughest going in the Northwest. We have yet to receive a call from a staff man stranded in a Rambler."

"TAKES ROUGH ROADS WITHOUT A WHIMPER!"
Author-canoeist Randolph H. Carter, Warrenton, Virginia: "I always use a Rambler for canoe trips. Makes up into an excellent bed. Wonderful mileage. Can 'take' the rough roads and trails without a whimper. No better car for the outdoor man."

"MORE ROOM THAN THE OLD BIG 3!"
Family man William J. Heath of Tulsa, Oklahoma: "Like others we had felt anything smaller than the old big 3 was too small. How wrong we were! We have so much more room there's no comparison!"

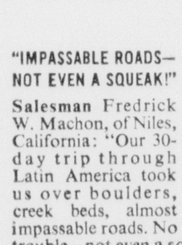

"6' 4½"—UNBELIEVABLY COMFORTABLE!"
Tall R. Jonathan Meigs of Chestnut Hill, Mass.: "13,000 miles in 7 weeks touring 25 states and Mexico . . . I never got tired driving the comfortable Rambler. I always used to get a backache during long drives in my former car."

"DOESN'T RATTLE, LEAK; HASN'T COST ONE DIME!"
Realtor Paul C. Hosfeldt of Porterville, California: "I own 3 cars—highest-priced, low-priced, and Rambler—and I hate to drive the others. Rambler is the only car that doesn't rattle or leak; handles better even without power steering which the other cars had."

"MILEAGE ALMOST DOUBLED!"
Company president Loren M. Wood, Wood & Anderson, St. Louis, Mo.: "Mileage is practically double (about 30 mpg) that which I got formerly. Ease of handling and parking of the Rambler (American) is far better."

"IMPASSABLE ROADS—NOT EVEN A SQUEAK!"
Salesman Fredrick W. Machon, of Niles, California: "Our 30-day trip through Latin America took us over boulders, creek beds, almost impassable roads. No trouble—not even a squeak in the Rambler."

"21,000 MILES—25¢ FOR A LIGHT BULB!"
Retired U. S. Air Force instructor, Harold Hedger, Loveland, Colo.: "Averaged 26 mpg (in Rambler American). Only repair expense was two bits for a dome light bulb after 21,000 miles."

"THANKS FOR BUILDING SUCH FINE CARS!"
Optometrist Dr. Charlotte Marsteller, Uniontown, Penna.: "My first American Motors car was purchased just before Pearl Harbor. Drove it all through the war without one bit of trouble. Have owned seven of your cars."

"A TIGER ON THE ROAD—A MOUSE WITH GAS!"
Supermarket merchandiser Burt Hoffman, Jackson Heights, N.Y.: "Making 20-30 short hops a day, I never got more than 18 mpg—now I get 25 in a Rambler (American)."

Before you buy any car, do this:
Ask the next Rambler owner you see,
"Say, how do you like your Rambler?"

New Director Will Continue Adult Hobby Classes At Marin College

Suggestions Sought For Needed Courses

Hobby courses, "enrichment" courses and those given for college credit will all continue to be included in the adult education program of College of Marin, its new principal declared in an interview yesterday.

Dr. Ellsworth R. Briggs has just taken over the position vacated by Dr. Samuel N. LeCount, who resigned as adult school principal to become a counselor at the college. Briggs has been a dean of the Junior college at Hutchinson, Tex.

Adult education has come a long way towards fulfilling the needs of the community and will continue to expand as the community grows, Briggs said.

"It is one of the most important phases of education today," he said. "In this fast moving world, the high school or college graduate of 20 years ago cannot keep up by his own efforts."

The college does **not** plan to emphasize the "hobby" type of course, Briggs said. "However, we recognize the enrichment value in many types of courses that ought to be offered for no credit."

The adult who works all day does not want to spend his evenings in deep concentration in many instances, the new adult school principal remarked.

He said some hobby education ought" to be carried out by other agencies than the junior college. For instance, "the men's and women's Ys should be filling the needs for hobbies," he said.

ELLSWORTH R. BRIGGS
Defends 'hobby' courses

Hobby courses offered by College of Marin will depend on what the people want, Briggs declared.

The college is interested in suggestions from the people it serves, he said. "We want suggestions from the people. If they feel a need for a course, I hope they ask for it."

"We now offer courses in arts and crafts, Business education, home arts, liberal arts, political philosophy, music and psychology," Briggs said. "These courses are not aimed for getting college credit for the adult, but for their value to the person taking them."

Two big segments of the population should be using the college more than they are, according to Briggs. Young adults who failed to see the value of education when they were younger, and retired persons.

"We have nothing slanted definitely for older people," Briggs said, "but this group could be taking more courses which would give them a more active interest in public affairs."

Briggs was quick to pay respects to his predecessor, Le Count.

"I am very pleased with the comprehensive adult education program which Dr. Le Count has carried on for the past 12 years in the College of Marin. I hope to develop it even more to serve all of the adult education needs which the college should properly serve," he said.

DESIGNER AND PRODUCT — Raymond Pfennig of Forest Knolls holds one of the Zina lamps which he designs and which are manufactured by the company he heads. Pfennig will expand output with completion of new factory in Woodacre. (Independent-Journal photo)

WOODACRE FACTORY — This L-shaped 75-by-75 foot building on Central Avenue in Woodacre is to be completed by the end of this month to house the Zina Lamp Co. and become the first factory building in the San Geronimo Valley. (Independent-Journal photo)

Woodacre Factory Nears Completion

The first factory building in the San Geronimo Valley is scheduled for completion by the end of this month on Central Avenue in Woodacre.

It is being built for the Zina Lamp Co., headed by Raymond Pfennig of Forest Knolls, with Walter Towes and Douglas Hubbard as contractors.

Pfennig has been manufacturing lamps in a San Francisco location and as a home industry at his home in Forest Knolls. The new building, L-shaped, 75-by-75 foot and of steel-framed concrete block construction, will permit him to expand his output, he said.

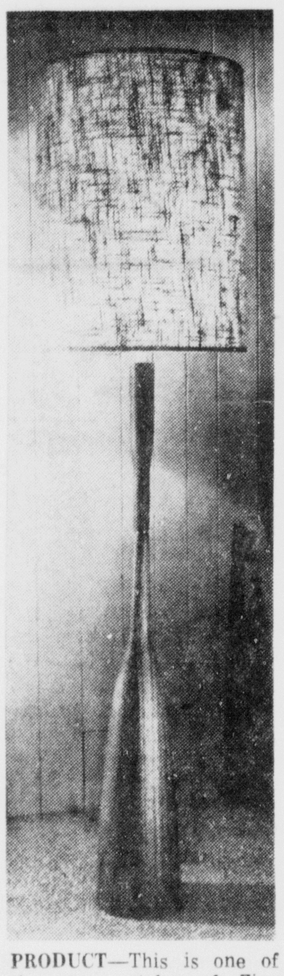

There will be eight or more employees in the plant, in addition to the 16 salesmen on the road who handle distribution of Zina lamps direct to retailers.

The lamp factory is considered by the county planning staff as very suitable use of land in a Woodacre area shown as principally commercial on the developing San Geronimo Master Plan.

"We feel that arts and crafts industries of this type will prove highly suitable for commercial areas in the San Geronimo Valley which cannot be developed strictly for retail sales because there will not be sufficient population to support so many stores," said Mary Summers, county planning director. Such industries also will strengthen the economy of the valley and of Marin County, she said.

Pfennig is designer of the lamps as well as heading their manufacture. He has been making lamps for 16 years, starting in San Francisco. Since 1954, he has resided in Forest Knolls.

His lamps, with polished, turned wooden bases in a variety of shades and sizes, are on permanent display at furniture marts in New York, Los Angeles, Phoenix, Seattle and San Francisco. He does not sell at retail.

PRODUCT—This is one of the many styles of Zina lamps manufactured by company which will bring industry to Woodacre.

Preliminary Budget Available July 19

Marin County's preliminary budget will be available to the public on July 19 rather than the July 28 date originally set, it was announced today by the office of the controller-auditor.

Reasons for this, according to Asst. Auditor Michael Mitchell, include the supervisors' prompt termination of hearings June 12, plus some spry work by the printers.

The law requires that the preliminary budget be available for study not less than 10 days before the supervisors' final budget hearings start. Date of the start this year has been set as Aug. 10 at 9 a.m.

Santa Venetia Boy Gashed Under Eye

A 4-year-old Santa Venetia boy suffered a gash under his left eye yesterday afternoon when an older boy swinging a piece of pipe accidentally struck him, sheriff's deputies reported today.

Victim is Michael Luciano Maniscalco of 803 Rosal Way. He was treated at San Rafael General Hospital yesterday for a three-fourth-inch cut under the left eye.

More than 100 million persons are expected to visit the nation's 186-million-acre national forest system this summer.

Army Basic Training

Pvt. Michael R. Colton, son of Mr. and Mrs. Arnold D. Colton of 10 Las Casas Drive, San Rafael, is taking basic infantry training at Fort Ord on the Monterey Peninsula. He is a graduate of San Rafael High School.

Joe E. Brown's Mother Dead

TOLEDO, Ohio (UPI)—Services are set for Friday for Mrs. Anna M. Brown, 94-year-old mother of comedian Joe E. Brown who died Monday at the home of a daughter-in-law, Mrs. Gertrude Brown.

Brown arrived yesterday to attend the funeral. He gave a final performance last night at the Pasadena Playhouse, where he performed in "Father of The Bride."

Bolinas Legion Election Results

Edward King was elected commander Tuesday night of the American Legion Bolinas Bay Post for a one-year term. He succeeds Harvey R. Crotts.

First vice commander is George Sutcliffe, second vice commander, James D. King, and adjutant is A. C. Pfefferkorn (re-elected).

Pfefferkorn said that installation of officers will be held Aug. 8 at 8 p.m. at the community center.

HIGH-SPEED HYDROFOIL

This is an artist's sketch of a twin hull hydrofoil test boat which the Boeing Co. of Seattle, Wash., will build for the Navy under a contract announced in Washington, D. C., and Seattle today. Boeing said the craft will be designed for speeds up to 100 knots. (AP Wirephoto)

Sanitation Budget For Corte Madera

An $83,000 budget for 1961-62 which calls for a six-cent decrease in the tax rate, was adopted by directors of the Corte Madera Sanitary District Tuesday night.

The budget is $13,000 higher than that for 1960-61, said William A. Adam, manager. However, because of increased valuation, the tax rate was lowered from $1.08 to $1.02, Adam said.

A $38,500 contract was awarded to V. Maggiora and Sons Inc. of Sausalito, for a new pumping station on Lakeside Drive. It will replace the existing pumping station with one of bigger capacity.

NICKEL PUT AWAY IN A BELLY BANK

Eight-year-old Susan Thompson of San Rafael put away a nickel in savings last evening—she swallowed it.

Susan, daughter of Bruce Thompson of 22 Peacock Court, was treated at Marin General Hospital, and sent home—with the nickel still in its unique bank — in good condition.

Watch The Labels!

GENEVA (UPI)—In the United States, 1,200 persons died from accidental poisoning at home in 1959 and 200,000 persons became ill from the same cause, the World Health Organization reported.

Two Boys Injured In Bicycle Falls

Two boys were injured in falls from bicycles yesterday in Novato.

Al Miranda, 13, son of J. Miranda of 1320 Monte Maria Avenue, suffered a broken bone in his left hand.

Gary Lash, 6, fell from his bike in front of his home at 8 Tyler Street. Gary suffered a broken nose. He is a son of Lawrence G. Lash.

Both boys were treated at Marin General Hospital.

The United States spends more than 16 million dollars a year on fireworks of which about 35 per cent are imported from Japan, Hong Kong and Macao.

65,000 Sierra Acres Ravaged By Twin Fires

MARIPOSA (UPI) — Gripped and sent hurtling by gusty winds, two fires had ravaged more than 65,000 acres of Sierra forest yesterday, but authorities were hopeful that the twin blazes could be controlled sometime today.

The fires, about 40 miles apart on the western slope of the Sierra Nevada range, have already destroyed two towns—roaring through one "like a freight train," according to a native—and killed an elderly couple trying to escape.

One blaze, burning along highway 108-120 six miles south of Sonora, raced to within yards of the tiny communities of Quartz, Rawhide, and Kent, in once mineral-rich mining country.

The Sonora fire has burned 26,000 acres in four days. This after a knife of flame darted out of the Melone Reservoir and wasted a mile and a half of timberland in seven minutes. Two hundred men were fighting the fire.

An urgent call went to Gov. Edmund G. Brown to declare a region around Oakhurst, in eastern Madera County, a disaster area.

About 38,000 acres in this area have been devastated by the second fire, which was being fought by 1,200 men. About 40 miles south of the Sonora fire, the blaze was whipped by high winds yesterday afternoon and crossed Highway 41 toward Yosemite Fork, near Yosemite National Park.

But firefighters contained the thrust and officials said last night they were hopeful that lines could be placed around the entire fire by late today.

The fire destroyed the towns of Ahwahnee and Nipinnawassee Tuesday night and threatened Oakhurst and several other mountain communities.

Leapfrogging through the forest at 50 miles an hour, the flames caught up with George and Edna May Kipp, fleeing Ahwahnee in their auto. They were burned to death when their car became stuck on a high ridge.

At least 60 homes were destroyed in the two towns and 100 other scattered residences were burned in remote mountain areas.

Hundreds of campers were evacuated from the area, including some 500 children. A Red Cross station was set up in the fire zone and provided food for 360 persons.

Strawberry Job Contract Awarded

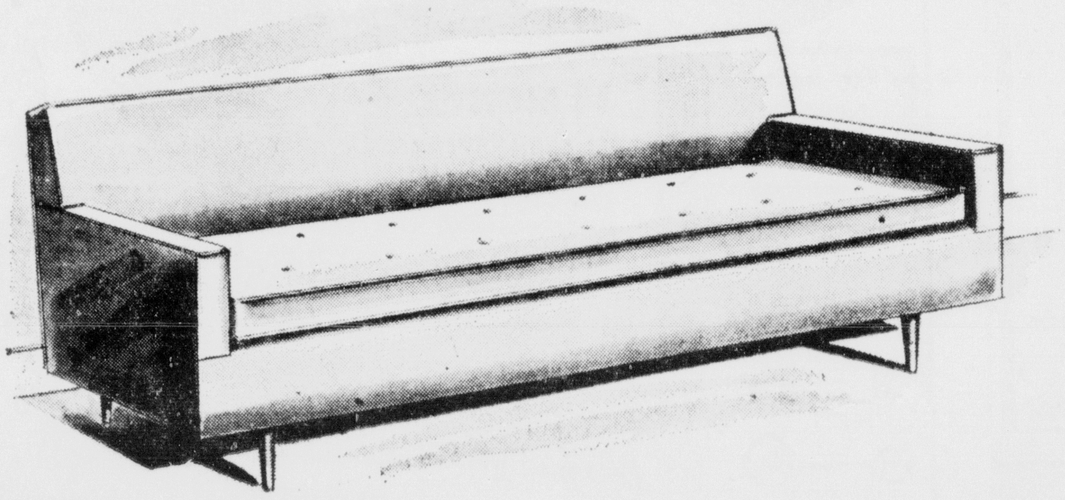

Trustees of the Strawberry Recreation district last night approved a contract with Piombo Brothers of San Rafael to grade the recreation site at Belvedere Drive and Ricardo Road at $2,152.

Piombo Brothers are to move 3,800 cubic yards of surplus dirt from the site to the Strawberry Point School, where it is to be used to extend the athletic field. This phase is to be paid for by the Mill Valley School District in the sum of $3,000.

SAN RAFAEL GIRLS GET IN THEIR KICKS

The San Rafael Recreation Department will sponsor a girls' playday tomorrow at Albert Field from 11 a.m. to 2 p.m. and at MacPhail School from 1 to 3 p.m. Getting in a practice session in kickball at Albert Field in preparation for the event were these girls being coached by Sue Eschen (right). In foreground of group chasing the ball are Faith Burr (left) and Kathy Koran, both 8-year-olds. (Independent-Journal photo)

Stinson Beach, Bolinas Adopt School Budget

The board of Bolinas-Stinson Beach School District organized itself last night and promptly adopted a 1961-62 budget of $78,449 and hired a new principal.

Rolland M. McReady, the only trustee who was not on either Stinson Beach or Bolinas board before merger of the two districts, was elected president. Arthur E. Carpenter was elected clerk, and Mrs. Blanche Eustis, representative on the County Committee on School District Organization.

Last year Stinson Beach District had a $27,161 budget, and Bolinas, $30,000.

Carpenter said the tax rate is expected to be $1.15 per $100 valuation plus about six cents over-ride taxes for a total of $1.21.

Salary raises of $600 each for three teachers are included in the budget.

The board offered the post of principal to James Matranga of Whittier at a salary of $8,500. Matranga has been principal of Encinitas Elementary School in San Diego County. He is 45, married but with no children.

Robert Morris, previously offered the principalship, had declined because he said he was unable to find suitable housing.

Gov. Brown Opens Drought Meeting

By THE ASSOCIATED PRESS

Gov. Brown charted the course for Dry Year Conferences in Los Angeles and Sacramento today with this advice:

California must continue to find new ways to get more farm production with available water. And "we must cut down on waste."

The governor made his statement in a speech prepared for the opening of the Los Angeles conference. He described the current drought as the most severe in Southern California's recorded history.

U.S. Dept. Of Agriculture Calls Marin County An 'Emergency Area'

Marin is now an "emergency area."

It was so declared yesterday in Washington by the Department of Agriculture.

Also designed as emergency areas were Sonoma, Napa and Mendocino Counties.

Sen. Clair Engle (D-Calif.) reported the "emergency" designation has been applied because of drought and excessive heat, and that farmers can make emergency loans through Farmers Home Administration.

But County Agricultural Commissioner Richard T. Straw said this will "not be of too much benefit" to Marin because Marin farms have not suffered greatly.

Some poultry damage was reported, said Straw, mostly in the Novato area where about 1,000 laying hens perished during the first recent heat wave.

There was also some fruit burn but Marin hasn't much to lose in that line. Walnuts, of which Marin has about 30 acres, were reported to have suffered sunburn.

Hay was not greatly damaged and in fact this year's crop worked out toward bumper proportions by a long though scanty rain season, Straw said. By the time the heat came the hay was made.

By contrast, Straw heard that in Sonoma poultry growers suffered loss of 10,000 to 15,000 birds in a single day.

"Marin is in good shape," Straw concluded. "Don't push any panic button."

Driver's Licenses Bill Signed

SACRAMENTO (AP) — A bill abolishing chauffeur's licenses and creating five classes of driver's licenses was signed yesterday by Gov. Edmund G. Brown.

Both chauffeur's and driver's licenses issued until Sept. 15, the effective date of the new law, will remain in force until expiration.

After Sept. 15, the state will issue only driver's licenses in these classes:

Class E — Two-axle vehicles, except buses, or two-axle vehicles with a single trailer under 6,000 pounds.

Class D—Same except including buses.

Class C—Any two-axle vehicle or two-axle vehicle and trailer.

Class B—Any vehicle or vehicle and trailer.

Class A — Anything on wheels.

Mohammad's Day

KARACHI (UPI) — The government has decreed that Dec. 25 and 26 this year will be national holidays complete with flags flying, scout rallies, a presidential address, and radio programs on the life of Pakistan's founder Mohammad Ali Jinnah, who was born on Christmas Day.

Marin City Job Contract Awarded

Lee-Mac Paving Co. of Corte Madera was awarded a contract by the Marin County Redevelopment Agency Monday for site improvements of Units 2 and 3 in Marin City on a low bid of $104,335.

Other bids were Ghilotti Bros. of San Rafael, $114,477; Bobo's, Ignacio, $127,958, and A. G. Raisch Co., Black Point, $115,691.

Bids made on construction of a sewage plant to be part of the Sausalito-Marin City Sanitary District were held up because the low bid of $44,400 by V. Maggiora and Son, Sausalito, was $8,000 over the engineer's estimate. The matter will be reviewed.

Meeting Postponed

The meeting of the Greenbrae Property Owners Assn. scheduled for Tuesday night has been postponed until next Tuesday.

Special Road Plan For East Rafael

East Rafael property owners in conference with San Rafael city officials have decided on construction of a special road to give access between fill material and marsh lands now zoned for commercial and light industrial use.

A conference was called this week because the property owners opposed restrictions but the city was concerned over street maintenance and surface breaks were being caused by heavy vehicles. There had been suggestion that a royalty be levied by the city on the developers but this was found inequitable.

The access road will be across land owned by one of the conference participants, and pads will be laid on streets to be crossed.

Mercury is the only metal which remains liquid at ordinary temperatures.

San Rafael Woman 'Adopts' 6-Year-Old

Mrs. D. E. Steele of 212 El Prado Avenue, San Rafael, has "adopted" a 6-year-old boy in Hong Kong through the Christian Children's Fund, Inc.

Mrs. Steele, a widow who works as switchboard operator at San Rafael City Hall, sends the boy money, gifts and letters through the Christian Children's Fund.

TO GRADUATE TOGETHER — Francis Giles of Mill Valley and his Guide Dog, Kirsten, walk down Fourth Street in San Rafael. The pair will be graduated from Guide Dogs for the Blind on Saturday.

Mill Valleyan Will Be Guide Dogs Graduate

Francis Giles of Mill Valley, for whom blindness ended an Air Force career, will be among seven students graduated with their dogs from Guide Dogs for the Blind on July 22.

Giles, who resides at 383 Molino Avenue, plans to celebrate his graduation with a camping trip. He will enroll next fall at College of Marin to start working toward a new career—perhaps in teaching, or perhaps in the law, he hopes.

Giles lost the sight of one eye several years ago. The other eye went blind last December. He was retired as disabled from the Air Force May 10, after 10 years service during which he had risen to technical sergeant.

A New Yorker, he had been in the Bay Area during early Air Force service and decided to move here on his retirement.

The other students to be graduated are Mrs. Mary Slusher of San Leandro; Dena Richter of Oakland; Teresa Arellano of Ogden, Utah; Alduff Doody of Waterford, Stanislaus County; John Dredge of Regina, Saskatchewan, Canada, and Thomas Kitchen of Reseda, Los Angeles County.

Church School Registration

A registration party for vacation church school at Sausalito Presbyterian Church will be held tomorrow at 3:30 p.m., announced Mrs. Chalmers R. Donaldson, member.

The two-week school for youngsters 4 to 11 years old will be held from 9:30 a.m. to noon, Mondays through Fridays, said Mrs. Donaldson.

REP. MILLER SAYS:

President Batting Better Than .500

By REP. CLEM MILLER

WASHINGTON — The week of the Fourth of July is sort of a "seventh inning stretch" for Congress. Traditionally, the legislative schedule is light and many members of Congress return home (as I did last week) to meet with constituents and constituent-groups to learn what they are thinking and to report on what Congress has and has not accomplished so far.

Going into the final innings of this first session of the 87th Congress, President John F. Kennedy is batting better than .500—probably better at this point than any president since Franklin D. Roosevelt.

Fourteen of Kennedy's two dozen or so priority measures have already been signed into law.

These include a housing bill which will give our lumber and home-building industries much-needed boosts, significant improvements in Social Security, water pollution control, minimum wage and unemployment insurance; the area redevelopment bills, help for children of jobless parents, a highway bill, additional federal judgeships, and creation of a governmental international travel bureau which will help the Redwood Empire's tourist industry.

On the other hand, at this point four of the Administration's major bills are in trouble. Here is a brief rundown on them:

Education: Although already passed by the Senate, the president's bill to help finance public schools is in trouble in the House because it has become entangled in the controversy about aid to private (including parochial) schools.

It is caught in incredibly complex political and emotional cross currents. The bill recommended by the House Education Committee is being held hostage in the Rules Committee until the National Defense Education Act also is ready to go to House floor.

Mutual Security: This year the annual fight against the foreign aid program is pegged to the contention that one aspect of the administration bill would infringe on a prerogative of Congress.

This is the bill's request for authority to make commitments for loans to undeveloped countries on a five-year basis and financed by loans from the Treasury, rather than on a year-to-year direct appropriation basis. Although similar authority has been given to the executive in scores of other programs, it is being bitterly attacked as "backdoor spending."

Farm: Both House and Senate agriculture committees already have gutted the Administration's farm bill. The key section would have given the secretary of agriculture authority to administer regional or national market agreements for individual farm commodities, including marketing quotas.

These agreements would work as California's existing marketing agreements work for some 30 California specialty crops. The agreements would be proposed by producers, approved by two-thirds of the producers, include protection for consumers, etc.

A majority of the House committee refused to permit such agreements for any commodities except peanuts, lamb, California apples, turkeys and honey. Although the bill reserves to Congress veto power over any proposed agreements, opposition stemmed from a feeling (as in the foreign aid bill) that congressional prerogatives would be weakened. Meantime the government will go on buying and storing crop surpluses—a business the government would get out of under the president's bill.

Aged Health Insurance: The president's request for health insurance for elderly persons, financed through the Social Security system, is given little chance this year. Although the House Ways and Means Committee hearings will be held this month, final action is not expected until next year.

The new president's abilities as a legislative leader will be severely tested as these bills run the congressional gauntlet. From here on out he faces some of the toughest trials any president has ever faced on Capitol Hill.

DeMolay Chevalier Degree To Be Awarded Robert Tousey

ROBERT F. TOUSEY
De Molay honor

Robert F. Tousey of Mill Valley will receive the Chevalier Degree of the Order of De Molay at 8 p.m., July 22, in the Mill Valley Masonic Temple.

The International Supreme Council honor is awarded to De Molays who have outstanding and meritorious service in the organization.

Tousey, 20, is son of Mr. and Mrs. R. F. Tousey of 79 South Knoll Road and is a graduate of Tamalpais High School. He will be a senior next fall at University of California in Berkeley, where he is majoring in physics.

Tousey has held elective and appointive offices in the chapter including first and sixth preceptor, chaplain, senior steward, senior deacon, senior councilor and master councilor. He was active in the Mill Valley De Molay rifle team.

Herbert Richard Phillips Jr. will be master of ceremonies at the public event. Harold Jones will be grand commander assisted by Wayne Kennedy as commander in the west and Robert Clewett as commander in the south.

Tousey will be conducted by his brother, James Tousey, as grand marshal. William Wood will be grand chaplain and Robert Whipple, grand senior deacon. Tousey will be introduced by Adolph Casper. Mill Valley chapter sweetheart Joan Phillips; Sandra Tousey, honored Queen of Bethel 119, Job's Daughters, and Carol Long, past honored queen, will be regalia bearers. Pamela Wilson Bernard will be the soloist, accompanied by Mrs. Laura McCourtney.

Oklahoma has 125 caves of three geological types, ranks 15th nationally in that respect and boasts the world's largest concentration of gypsum caves.

A Teaching Job For Lucas

Frank L. Lucas, who resigned late last month as superintendent of San Rafael schools, is scheduled to teach mathematics next term at Santa Venetia School, Acting Supt. Raymond J. Simpson disclosed today.

At the time of submitting his resignation as superintendent because of uncertain health, Lucas told the board of education he would welcome a teaching assignment. The matter was discussed with him in executive session of the board after Tuesday night's regular meeting.

Lucas's physician believes teaching will not place so great a strain on the heart as did the job of superintendent.

Lucas taught mathematcis at the junior high school level in Hillsborough several years before he joined the San Rafael schools as assistant superintendent in 1953.

Execution Date For Mrs. Duncan

VENTURA (UPI)—Three persons convicted of murdering Olga Duncan face execution Aug. 16 in the San Quentin gas chamber.

Superior Judge William A. Reppy set the execution date Tuesday for Mrs. Elizabeth Duncan, 57, Augustine Baldanado, 27, and Luis Moya, 22, after receiving word from the U.S. Supreme Court that appeals for the three had been denied.

Mrs. Duncan, in one of the most sensational California murder trials in recent years, was convicted of hiring the two men to murder her daughter-in-law.

Class Of '51 Reunion

The San Rafael High School graduating class of 1951 will hold a reunion Aug. 19, Mrs. Rosemary Cummings of 2018 Hatch Road, Novato, said today. She asked that members of the class communicate with her.

CHRISTOPHER ACTS

S.F. To Study Windy Woes Of Candlestick

SAN FRANCISCO (UPI) — Mayor George Christopher has decided to see if something can be done about the winds which whip through Candlestick Park, the much discussed and cussed home of the San Francisco Giants.

Earlier this year the mayor cut out of the city budget a $55,000 authorization for the Park and Recreation Department to make a study of the park's wind problems.

But Christopher had second thoughts following Tuesday's All-Star game there.

The National League won the contest, 5-4, in a comedy of errors highlighted when winds blew Giant relief ace Stu Miller off the mound for a balk.

PARK LAMBASTED

The game's greatest stars, interviewed after the game, were unanimous in lambasting the park. Miller made perhaps the mildest comment when he said "this is as beautiful a ball park as you'd ever want to see and it's a shame it has to be spoiled by the wind."

Mayor Christopher said yesterday that he had changed his mind and would authorize the funds. If the funds are appropriated, a complete test will be made at the bayside stadium to pin down the conditions that cause the trouble and suggestions will be offered for correcting it.

The stadium has also come under criticism because of the chilly weather that often accompanies night games. It was built with heating pipes imbedded in the stands but they have not been found effective.

DOME COVERING

Some have suggested that the whole stadium be enclosed in a dome covering. But Christopher said yesterday he does not favor this solution.

"I don't think anyone wants to play baseball on a closed field," he said. "Everybody would hit home runs."

Other ideas have been to build more stands as a windbreak, high wall to cut off the wind, or to grow a row of trees along the side of the park.

Mayor Christopher said he would wait for the experts' advice before suggesting his solution.

Rod-Gun Club To Groom Barbecue Area This Weekend

Preparing for its annual chicken barbecue scheduled July 23, the Marin Rod and Gun Club has called for volunteer workers this weekend to spruce up the picnic area at the Pt. San Quentin clubhouse.

President Morris "Babe" Dahl asked for volunteers to report for duty at 8 a.m. Saturday and Sunday. Lunch will be furnished by the club.

"A number of urgent projects must be tackled and completed this weekend," said Dahl. "Chief among them are weeding the grounds, cleaning up the beaches, striping the parking area, cleaning the picnic tables, benches and booths. Workers should bring their own rakes, hoes, paint brushes and similar equipment."

ODDSMAKERS PICK REDS AND YANKEES

By U.P. INTERNATIONAL

They start the second half of the major league races today and the odds-makers feel that the New York Yankees and Cincinnati Reds will lead all the other teams to the wire.

Even though they're in second place as the second half of the season gets underway, the Yankees officially are quoted as 9-11 favorites (or 2 to 1 in man-to-man betting) to win the American League pennant.

The Yankees have been favored from the start but it's an entirely different story with the Reds, who opened the season as 25 to 1 longshots.

With a five-game lead in the National League, Cincinnati now is a 7-9 choice or 8 to 5 if you care to bet the guy in your office. That means the Reds have become an even stronger favorite than the Yankees.

4-1 ON TIGERS

Detroit is the second choice in the A.L. If you think the first-place Tigers will go on to win, the odds-makers are willing to wager 4 to 1 they don't. Baltimore and Cleveland follow at 7 to 1, and Boston, Washington, Los Angeles, Minnesota and Kansas City all at 100 to 1.

In the N.L., the Los Angeles Dodgers are second in line at 3 to 1, Pittsburgh and San Francisco are 6 to 1, Milwaukee 10 to 1, St. Louis 50 to 1, and Chicago and Philadelphia 100 to 1.

Like the odds-makers, Yankee manager Ralph Houk likes his team's chances.

GOOD POSITION

"I think we're in an excellent position," said Houk. "We may be a half game behind in the standings but we're actually a game ahead in the lost column."

In the National League, the Reds open a 12-game home stand against the Chicago Cubs tonight with Jim O'Toole (7-7) hoping to add a bit of luster to Cincy's record of nine victories in the last 10 games. Don Cardwell will be trying to stretch a five-game winning streak for the Cubs.

If the second-place Dodgers hope to catch the Reds, they'll have to get a move on. Not only are they five games back, but they have lost three of their last four. The Dodgers entertain the Phillies tonight, sending Stan Williams (8-8) against young Art Mahaffey (7-10).

Cal Netters Advance In International Play

BAASTAD, Sweden (AP)—Two California stars—Jon Douglas of Santa Monica and Chris Crawford of Piedmont—advanced into the quarter-finals in an International Tennis Tournament with straight-set victories yesterday. Douglas eliminated Staffan Stockenberg, Sweden, 11-9, 6-2, 6-3; and Crawford defeated Holland's Willem Maris 6-3, 8-6, 6-2.

Race Spectator Dies

LOS ANGELES (AP)—Regional executive Jim Peterson of the Sports Car Club of America (SCCA) today reported that the death of a spectator in last Sunday's Pomona Sports Car Road Races was the first such fatality in 11 years.

Edward Ford Jr., 19, died from injuries he suffered when a car driven by veteran racer Bob Drake went out of control and hurtled through a fence into a crowd, injuring 11 persons.

Palmer's 143 Leads British Open

BIRKDALE, England (AP) — Getting a break on weather conditions, America's Arnold Palmer shot a one-over-par 73 for a 143 total and gained an early tie for the lead in the second round of the British Open Golf Tournament.

He carded a 34-39 to go with his subpar 70 of yesterday.

The 30-year-old Latrobe, Pa., golfer first appeared to have scored a 72 which would have given him a one stroke margin over Kel Nagle, Australia's defending champion, who had 68-75—143. But as Palmer handed in his card for official recognition he was credited with a 73 and the tie with Nagle.

Palmer was given a penalty stroke because his ball moved in the bunker alongside the par 5 16th hole and he took a 7. Palmer asked for a ruling and was told to continue while the matter was referred to headquarters.

The controversy was over Palmer's hitting a moving ball in the trap.

Palmer faced a strong wind early in his round but it was nothing compared with the 50 miles an hour gale that hit the first half of the field of 108 and made putting extremely difficult.

The wind dropped in the afternoon, the sun came out, and playing conditions were much easier.

Commenting on his round played through high winds and with thousands of spectators spilling over onto the fairways and surrounding greens, Palmer said: "I've played in worse conditions but not much worse."

Among those who suffered in the storm on a rain-soaked course were Australia's Nagle; David Miller of Scotland (69-79—148); Paul Runyan, La Jolla, Calif. (75-77—152); amateur Dick Chapman, Pinehurst, N. C. (72-83—155); Frank Stranahan, Toledo, Ohio (75-81—156); medalist Bob Charles of New Zealand (72-84—156); Bobby Locke, South Africa's four-time winner of the Open (75-84—159), and Joe Carr, Irish Amateur star 75-86—161.

A maximum of 50 players will qualify for the 36-hole double round that winds up the tournament Friday.

UP OR DOWN

Well, Giants, Which Way Do We Go Now?

Can the San Francisco Giants, after three days of rest, start moving up again instead of down?

That was the big question today at Candlestick Park as Manager Alvin Dark's forces opened a set of three against the Pittsburgh Pirates.

San Francisco finally snapped a six-game losing streak by beating St. Louis in the finale of their twin bill last Sunday. But the Giants find themselves in fourth place, 9½ games off Cincinnati's leading pace and a game behind the third place Pirates.

Dark nominated lefty Billy O'Dell to hurl today against Bob Friend of Pittsburgh. O'Dell (4-3) has no decision against the Bucs while Friend (9-9) has lost to the Giants twice without a victory."

"We could use the rest," Dark said after putting his club through an hour-long workout yesterday. "I hope to have a set pitching rotation again."

That depends some on how well relief hurler Bobby Bolin's cut finger has mended and Jack Sanford's injured heel. Big Jack won credit for last Sunday's victory although he needed help when soreness returned to the heel.

"We'll have to wait and see," Dark said when asked who would pitch in the other two games against the Pirates.

Dark said after the National League All-Star victory, "I hope some this rubs off on the rest of our guys."

Willie Mays had scored two runs and knocked in one and little Stu Miller, ace of the San Francisco relief pitching crew, came out the winning pitcher.

But it was Roberto Clemente of Pittsburgh who scored the first National League run after tripling and knocked in Mays with the winning tally.

There are more than 350 lighthouses and foghorns along Nova Scotia's 4,600-mile coast.

DIAZ NAMED CAGE MENTOR AT SAN RAFAEL

Mike Diaz, former University of California basketball star, will become head coach of the San Rafael High School varsity basketball team next season, it was announced today by Director of Athletics Angelo Colombo.

Diaz comes to San Rafael from Armijo High School where he also coached basketball last year. At San Rafael he succeeds Bob Muster, who has given up basketball coaching to become the school's head football coach.

George Starn will remain as San Rafael's Class B basketball coach while Milt Hain, former Drake High School star athlete, has been named to coach the junior varsity team.

State To Pay Docs At Boxing, Wrestling

SACRAMENTO (AP)—The State Athletic Commission will pay for the services of physicians assigned to boxing and wrestling matches under a bill signed by Gov. Brown.

The commission, in turn, will be paid by the club promoting the match. The minimum fee is $25.

The bill was introduced by Sen. J. Eugene McAteer, D-San Francisco, at the request of the commission in a move to make the physician more directly responsible to it. Boxing clubs now pay the fee directly.

Transpac Race Looks Like A Photo Finish

EN ROUTE TO HONOLULU (AP) — The battle between the front-running Sirius II and Ticonderoga amounted to a bookie's nightmare today as the 41-boat Trans-Pacific Yacht Race moved into the stretch.

Both yachts are expected to cross the Diamond Head finish line tomorrow.

The 72-foot ketch Ticonderoga of Ann Arbor, Mich., which had been trailing Sirius II by 14 miles, laid on a burst of speed yesterday and moved two miles abeam of the 82-foot scratch boat.

At roll call, the Class A Ticonderoga had a 24-hour run of 156 miles with 545 miles to the finish, and Sirius II scored a 140-mile run with 547 miles to go.

On the basis of handicaps, the 66-foot cutter Nam Sang of Newport Harbor, Calif., led the fleet and Class A as the 22nd biennial 2,225-mile classic moved toward its ninth day. Nam Sang had 600 miles to go.

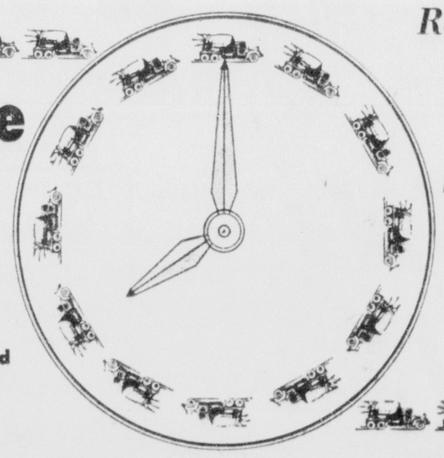

Fleet leaders behind Ticonderoga and Sirius II were the 82-foot cutter Pursuit, 599 miles to go; Nam Sang; the 73-foot yawl Escapade, 601 miles remaining, and the 75-foot ketch Kamali, 615 miles to go.

Three racers have reported minor damages in heavy seas. The 54-foot ketch Tenderfoot II of Newport Harbor blew out a headsail. A stormy gust smashed the spinnaker pole of the 78-foot schooner Queen Mab of Catalina Island, and the 57-foot yawl Whirlwind II of Newport reported her spinnaker carried away.

The Coast Guard reported winds picking up last night to 11 knots. Some boats were almost stalled yesterday morning in light winds.

Handicap class leaders were:
Class A—Nam Sang Chubasco, Ticonderoga, Kamali.
Class B—Ichiban, Ondine, Roland von Bremen, Sea Fever.
Class C—Kialoa, Nalu II, Mary Bower, Starlight.
Class D—Nomad, Vamanos, Medley, Rough and Ready.

Net Tourney On Tomorrow

Harvey Klyce of San Rafael, a champion in high school ranks and a contender in just about every tournament he enters, is favored to capture the Marin County Junior Tennis Tournament title which begins tomorrow in San Rafael.

Klyce is the top-seeded player in the Boys 18 and under age division while Cathy Atterbury and Shannon Boyd are tabbed top contenders in the Girls 18 and under class.

This was announced today by Chairman Joe Rodota as he listed pairings and starting times for the opening two days in the tournament co-sponsored by the San Rafael Park and Recreation Department and the Independent-Journal.

All competition will be held at Albert Park in San Rafael tomorrow and Saturday and the following Thursday, Friday and Saturday.

TOP COMPETITION

Rodota said Brian Laurie, John Cahill and Jim Christiansen are expected to give Klyce the toughest competition in the oldest boys' bracket. Laurie won the Boys 15 age title last year and has jumped a notch for this summer's program.

Some of the other favorites, Rodota noted, are Mark Stephens and Eustis Hill in Boys 11, John Zwieg and Scott Murphy in Boys 15, Melonie Blaskower and Peggy Jett in Girls 13 and defending champ Sharon Bloom in Girls 15.

Here is this weekend's schedule:

TOMORROW'S SCHEDULE

9 A.M.

Boys under 11 singles— R. Klyce vs. D. Detrick, D. Clark vs. T. Klyce, J. Royer vs. T. Shock, M. Stephens vs. D. Schwab, B. Sleezer vs. E. Hill.

10 A.M.

Boys under 13 singles —D. Curtis vs. M. Usdane, B. Baukol vs. D. Parsons, A. Wilson vs. W. Johnson, D. Matin vs. J. Rogers, M. Fink vs. R. Phelps.

11 A.M.

Boys under 15 singles—F. Grinsell vs. T. Frady, C. Judah vs. K. Clark, L. Stetson vs. M. Castelli, S. Schultz vs. D. Detrick, S. Murphy vs. B. Theircof, R. Grinsell vs. M. Cunningham.

12 NOON

Boys under 15 singles — J. Zwieg vs. D. Paul, G. Kimball vs. J. Bedilon, D. Adams vs. M. Sullivan, J. Colabella vs. M. Cowdrey, C. Fracchia vs. D. Johnston, H. Witt vs. H. Johnson.

1 P.M.

Boys under 15 singles — M. Usdane vs. B. Baukol.

Boys under 13 singles — J. Royer vs. T. Shock.

Girls under 18 singles—C. Atterbury vs. A. Shanley, M. Jacobs vs. C. Hass, P. Riley vs. A. Longfellow, C. Findley vs. S. Boyd.

2 P.M.

Boys under 18 singles—K. Clark vs. D. Rogers, R. Young vs. F. Savage, B. Laurie vs. B. Schultz, L. Marshik vs. C. Brown, D. Fisher vs. J. Cahill, C. Vickers vs. K. Robin.

3 P.M.

Girls under 13 singles — M. Blaskower vs. M. Burns, M. Lee vs. L. Blakeslee, P. Jett vs. S. Holter, H. Burman vs. R. Hodgdon.

Boys under 11 singles—K. Longini vs. winner R. Klyce-D. Detrick.

Boys under 13 singles—J. Baglietto vs. winner M. Fink-R. Phelps.

4 P.M.

Boys under 15 singles—S. Mercer vs. winner F. Grinsell-T. Frady.

Boys under 18 singles—M. Zifcak vs. R. Grinsell, S. Murphy vs. winner C. Vickers - K. Robin, B Hope vs. winner D. Fisher-J. Cahill.

5 P.M.

Boys under 11 singles — winner D. Clark-T. Klyce vs. winner J. Royer-T. Shock.

Boys under 13 singles—Winner D. Curtis - M. Usdane vs. winner B. Baukol - D. Parsons, winner A. Wilson-W. Johnson vs. winner D. Matin - J. Rogers, winner L. Stetson - M. Castelli vs. winner S. Schultz - D. Detrick, winner S. Murphy - B. Thiercof vs. winner R. Grinsell - M. Cunningham.

SATURDAY

9 A.M.

Girls under 15 singles—S. Boyd vs. N. Reeve, S. Bloom vs. L. Stephens, K. Atterbury vs. S. Hurrell, A. Longfellow vs. K. Harwood.

Boys under 18 singles — Winner K. Clark - D. Rogers vs. winner R. Young - F. Savage, winner B. Laurie - B. Schultz vs. winner L. Marshik - C. Brown.

10 A.M.

Boys under 18 singles — H. Klyce vs. D. Lindsey, J. Christiansen vs. E. Grissell.

Boys under 15 singles—Winner J. Colabella - M. Cowdrey vs. winner C. Fracchia - D. Johnston, winner C. Judah - K. Clark vs. winner M. Usdane - B. Baukol.

Girls under 13 singles—Semi-finals.

11 A.M.

Boys under 13 singles—F. Grinsll vs. winner J. Royer - T. Shock.

Girls under 18 singles — Semi-finals.

12 NOON

Girls under 15 singles — W. McPherson vs. winner S. Boyd - N. Reeve.

1 P.M.

Boys under 15 singles—Quarter finals.

2 P.M.

Boys under 18 singles — Quarter finals.

3 P.M.

Girls under 11 singles—C. Blaskower vs. S. Soper.

Boys under 11 singles—Semi-finals.

4 P.M.

Boys under 13 singles — Semi-finals.

Girls under 15 singles—Semi-finals.

READY TO GO — These young ladies listen attentively to some tennis tips offered by instructor John Thornton in San Rafael yesterday. They hope to parlay the advice into victories during the eighth annual Marin Junior Tennis Tournament which begins tomorrow. See story. (Independent-Journal photo)

Dixon Beaten In National Publinx

A 2 and 1 score was the margin by which an employee of a Marin County super market was eliminated yesterday from the National Public Linx Golf Championships in Detroit, Mich.

That was the decision lost by Tom Dixon, meat buyer for United Markets in San Rafael, to Wallace Smith of Pontiac, Mich. in the first round of match play.

Earlier in the week Dixon had qualified for the match play with a 36-hole card of 145.

OUT AT HOME

Mrs. Mays Sues Willie; 'He's Arrogant, Hostile'

SAN FRANCISCO (AP) — The twice-divorced wife of Willie Mays filed a separate maintenance suit against the San Francisco Giants star yesterday claiming he was indifferent, hostile and arrogant.

Scarlett Wendell Marghuerite Mays told a news conference at her attorney's office Willie "would come home in the evening, have dinner in his room and then go out to play pool. He plays pool almost every night he isn't playing baseball."

Charging mental cruelty, the svelte Mrs. Mays, who has a daughter, 14, by a previous marriage, asked $3,500 a month support for herself and the couple's 2-year-old adopted son, Michael Rosiny.

Mays could not be located for comment.

Rumors of friction between the couple—married in Elkton, Md., on Valentine's Day, 1956—began three years ago. Last January Mays packed his bags and moved out of their New Rochelle, N.Y., home. But Mrs. Mays, 31, accompanied the 30-year-old center fielder at spring training, returned to New Rochelle and then came to San Francisco later in the season.

She said she is not asking for a divorce because "I am a Catholic and my religious principles are opposed to divorce." She did not comment on her past two marriages.

The York County (Pa.) Historical Society museum contains the entrance door of the courthouse where the Continental Congress met. The door is all that is left of the old building.

Secretary Brannick Knows More Giant Lore Than Boss Stoneham

HANLEY

A letter in the morning mail from a fellow signing himself Dick Parkinson says: "We heard you say the other night at the All-Star banquet that introducing Eddie Brannick to baseball people would be like introducing J. Edgar Hoover to the FBI. Who is Brannick? Who did he play for?"

Edward T. Brannick never played for anyone. But he has been with the Giants since 1905. That was the year Christy Mathewson pitched three shutouts for John McGraw against Connie Mack's Athletics in the World Series.

John T. Brush owned the Giants then and hired Brannick, 13 at the time, as a $3 a week office boy. He had been shagging practice balls and helped on the scoreboard before getting the regular job which included running errands for McGraw, many of them dealing with Pullman reservations.

BY THE time he was 18, Brannick knew as much about travel details as Mr. Pullman himself and particularly liked the way the Giants always traveled first class and stayed at the best hotels. So he was a natural for the job of traveling club secretary when it opened.

Brannick knows more Giant lore than Horace Stoneham. When John T. Brush died, Brannick was retained by Harry Hempstead, executor of Brush's estate. And when the club was sold in 1919 to Charles S. Stoneham, Horace's father who died in 1936, Brannick was a Giant front office veteran and, of course, retained. This will be his 56th year with the Giants. And next week, July 22, he will be 69.

BRANNICK IS the kind of gentle Irishman who will climb a tree to put a fallen bird back in its nest. He will get out of bed to come to the aid of his men, as he did this spring in Phoenix when three Giants got in trouble with the law.

This, Mr. Parkinson, is just a little of Brannick's background and the reason why he said at the banquet the other night that it would be presumptuous to introduce Brannick to baseball people. We hope one day you will have the pleasure of meeting him and hear him spin some of his baseball yarns such as the one he tells about a homer that cost him 221 neckties.

"EARLY IN the 1947 season," he recalls, "Johnny Mize hit an inspirational ninth inning homer just before we went on our first road trip that year. It was a homer that gave the whole team a lift and that night on the train I spotted Mize and he spotted my red silk tie.

"For some reason he fell in love with the tie, and, taking it off, I handed it to him, saying 'Johnny it's yours. And what's more there are more silk ties where that one came from. You'll have one for every homer you hit this season—and that goes for every member of the club.'

"How was I to know the Giants would break the National League home run record that year—221?"

SLIPSIES FOR FALLEN CHAMP

Middleweight champion Paul Pender is pictured as he slipped to canvas during title fight with Britain's Terry Downes in England Tuesday night. It was ruled as a slip and not a knockdown. However, Pender failed to answer the bell for the 10th round and lost his title on a technical knockout. (AP Wirephoto)

The FISHIN' FOOL

By RALPH STEVENS,
I-J Fish and Game Writer

Little Miss Gets A Big Catch; Rockfish Excursion Next Sunday

STEVENS

Congratulations to Dorothy Blue, of Napa, for landing, at one time, two ling cod on a recent trip to New Years Island. Considering that Dorothy has only been fishing two years, and that she is now only six years old, that was quite a feat.

Yes, the J. C. Blues believe in starting their offspring young. And we pass along some sincere congratulations to them, too. The Stagnaro report, from which we gleaned the above item, also mentioned Craig Oleztnski of Hayward and John D. McNear with John L. McNear making the grade on one of the local deep sea trips out of Santa Cruz.

IT SEEMS that deep sea rockfishing is all to the good in the Monterey Bay. And, speaking of deep sea rockfishing, the boat, Mi Three, with Bill Davies at the helm, will make another of his heretofore very successful trips to the Farrallones after rockfish next Sunday. The boat will leave the dock at Saussalito near Caruso's place at 6 a.m. Unless weather prevents the Mi Three from going out, everybody aboard should come home with enough fish to stage a banquet. Last Sunday Bill Davies came in with limits all around, about 140 swell eating rockfish.

THERE ARE some belated congratulations to Vincent Marce who took a skiff out of China Camp and bait fished near the Pump House. Vince hooked and lost a large striper, but a sturgeon, weighing 87 pounds, lost his life to Vincent Marce.

BAIT FISHING locally continues to be very slow, but some of the medium sized bass apparently have worked their wal up to the Antioch sector. A pair of anglers took limits Tuesday morning off Blind Point by 9:30 a.m.

TROLLING IN the Sisters area (late evening) continues fair to good. Frank Quan of China Camp reported Russ Whitney and wife taking easy limits Sunday evening. (I believe the Whitneys are from Woodacre.)

Seventy-five stripers to 10 pounds were unloaded at the San Leandro Marina on Sunday, so we know fishing, especially trolling, is still worth while in the lower reaches. I have an unverified report of two skiffs taking limits in the Mission Rock area and of a number from off the Airport and under the Bay Bridge.

SALMON TROLLING around six miles shorewise from the Farrallone Islands has waxed hot the past few days. I will report more in detail on that subject tomorrow.

Marin Colt Loop All-Stars Named For Tournament

Marin County Colt League yesterday announced members of its All-Star team that will enter a northern California touranment at Ukiah beginning July 20.

Manager of the All-Stars will be C. F. Mack. His coach will be Ray Maher Sr.

The All-star players include Rick Basco, Rusty Druba, John Feerick, John Hammond, Terry Jarcik, Fred Mack, Ray Maher Jr., Jack Martin, Hal Meller, Rick Miller, Tom O'Neil, Dave Perlis, Dave Sederquist, Mike Telegin, John Walker.

Colt League is for 15-16-year-olds.

Marin Driver In Raceway Duel Saturday

Vaca Valley Raceway at Vacaville has resurfaced its racing strip in hopes that Archie Leaderbrand will crack the world's dragster record of 189 miles per hour Saturday night.

Driving Romeo Palamides' new A dragster, "The California Kid," Leaderbrand has won the last two drags with speeds bettering 175 mph on the rough pavement. The car has reached speeds of better than 182 in test runs.

Fred Stoke is expected to reach the finals for the Top Eliminator crown against Leaderbrand. The San Rafael driver, who held a monopoly on the crown early this year before his car blew up, will be driving a brand new version of the Stokes-Davis Special.

With extra prize money at stake in the gasoline classes, more than 250 cars and cycles are expected to take time trials starting at 4 p. m., with eliminations scheduled for 9 p. m.

HURLED IN BROOKLYN

ROCHESTER, N.Y. (AP) — Clyde King, manager of the Rochester Red Wings of the International League, worked in 201 major league games for the Brooklyn Dodgers and the Cincinnati Reds as a relief pitcher from 1944 to 1953.

Beefy College All-Stars Begin Drills

EVANSTON, Ill. (AP) — The 1961 College All-Star football team—56 strong—reports to Head Coach Otto Graham today to open a three-week training program.

The collegians, who wound up their school competition last fall, will oppose the champions of the National Football League, the Philadelphia Eagles in the 28th annual All-Star game Aug. 4 in Soldier Field.

Graham's assistant coaches and the players register at Northwestern University today. The squad will hold one-a-day practice sessions Friday and Saturday and start twice-a-day session at Dyche Stadium Monday.

This is Graham's fourth year as head coach of the All-Stars. The former Northwestern and Cleveland Brown quarterback now is head football coach at the U.S. Coast Guard Academy.

Graham's assistants are Don Doll, formerly of Southern California; Dick Stanfel, San Francisco; John Sauer, U.S. Military Academy; Mike Scarry, ex-Cleveland Browns player and former coach at Washington State; and Dante Lavelli, Cleveland Browns.

PLENTY OF BEEF

Looking for beef as well as speed and ability, coaches selected 25 players who weigh from 230 to 285.

Ends include Mike Ditka, Pittsburgh; Earl Faison, Indiana; Marlin McKeever, Southern California; and El Kimbrough, Northwestern.

Among the tackles are Joe Rugens, 245, Illinois; Ken Rice, 245, Auburn; Bill Shaw, 250, Georgia Tech; and Bob Lilly, 255, Texas Christian.

Guards include: Jack Novak, 225, Miami of Florida; Myron Pottios, 228, Notre Dame; Jim Tyrer, 265, Ohio State, and Bruce Tarbox, 235, Syracuse.

Center prospects include Frank Visted, Navy; Mike Pyle, Yale; and Greg Larson, Minnesota.

Backfield prospects include: Tom Matte, Ohio State quarterback; Joe Bellino, Navy; Bob Crespino and George Blair, Mississippi; Tom Mason, Tulane; and George Flemming, University of Washington.

Philadelphia starts drills at Hershey, Pa., Friday.

Negro Golfers Barred

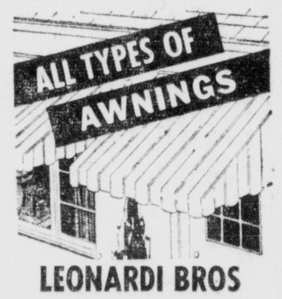

NEW BRITAIN, Conn., (UPI)— The president of the Stanley Golf Club has refused to back down on his club's refusal to admit two Negroes as members.

Henry Degata said yesterday that the club didn't "have to tell anyone why we don't accept an application."

The club said Tuesday it could not alter its policy on admitting new members and also charged irregularities in the applications by the two Negroes. The club has one Negro member. The city has threatened to take away the club's rights on a municipal-owned golf course.

Dominican College Concert Tomorrow

Margot Helmuth Blum, San Francisco mezzo-soprano, will sing at Dominican College in San Rafael at 2 p.m. tomorrow.

MARGOT BLUM
In San Rafael concert

As the alto soloist of the San Francisco Operatic Quartet, Miss Blum sang concerts in 16 states and provinces of the United States and Canada during the 1958-59 season. She appeared as soloist with the Marin Symphony Guild, as well as with the San Francisco, Portland, San Jose and Stanford University Symphonies.

She was a winner at the San Francisco Opera auditions and is currently an artist of the San Francisco Opera Assn. During the forthcoming season Miss Blum will sing roles in "Boris Godunoff," "Madam Butterfly," and the United States premiere of Britten's "A Midsummer Night's Dream."

Tomorrow, Miss Blum's selections will include works by Aaron Copland and Leonard Bernstein. Lecturer Alden Gilchrist, from the University of California, will discuss the style and techniques used by the composers. The lecture-concert will be part of a series on American Music being offered at Dominican College during the current summer session.

The lecture-concerts are held Monday, Wednesday and Friday of each week during July from 2 to 3:40 p.m. in Room 111 in Angelico Hall on the Dominican Campus.

Bruce Planning Second Vacation

County Administrator Alan Bruce will be temporarily replaced, at his own suggestion, by Asst. Auditor Michael Mitchell during the week of July 31-Aug. 4.

Bruce advised the Marin County Board of Supervisors that he'd like a week of vacation during the indicated period and that Mitchell might serve as "acting administrator."

One vacation week already was taken while Bruce's job was being restored by petition after its termination in late June through supervisorial action.

12 Marinites Joined Army Last Month

The Army recruiting office in San Rafael reports 12 persons from Marin County joined the Army last month.

Robin J. Craft, daughter of Mr. and Mrs. Rodger Craft Jr. of 1710 Lincoln Avenue, San Rafael, joined the Women's Army Corps and is receiving basic training at Fort McClellan, Ala.

Frank Divita, son of Mr. and Mrs. Frank Divita of 56 Manor Road, Fairfax, and Charles Jenks of 504 Stone Road, Novato, enlisted in the Army Air Defense Command.

Eugene Gray, son of Mr. and Mrs. Lon Gray of 2130 Redwood Highway, Corte Madera; Thomas Diamante, son of Mrs. Johanna Diamante, of 424 Calle Arboleda, Ignacio, and Robert McCorkle, son of Mr. and Mrs. Leo McCorkle, of 525 Wisteria Way, San Rafael, chose to go into automotive maintenance.

Others who signed up in June are: Dennis Langhoff, son of Mr. and Mrs. Arthur Langhoff, of 341 East Blithedale Avenue, Mill Valley, Robert Hope, son of Mr. and Mrs. Stein Hope, of 284 East Blithedale Avenue, Mill Valley.

Also Anthony Bullock, son of Mr. and Mrs. Robert Bullock, of 184 Ethel Avenue, Mill Valley, Paul Jordan, son of Mr. and Mrs. Louis Jordan, of 9 Harte Avenue, San Rafael, Michael West, son of Mr. and Mrs. Rulon West, of 566 Calle De LaMesa, Novato, and Thomas Yarbrough, son of Lt. Col. and Mrs. N. A. Yarbrough, of Ft. Baker.

Marin Construction Is Up 21.4 Per Cent

New construction authorized in Marin during the first six months of 1961 was 21.4 per cent above that for the same period last year, it was reportde today by the Marin Industrial Development Foundation.

Most of the gain was in housing. Permits for 1,366 dwelling units have been issued this year, compared to 1,064 for the first six months in 1960. The resurgence of residential construction in the county now has continued for a full year, having been noticed first in July, 1960. The foundation has noted also a smaller proportion of apartments in the total residential, with 31 per cent this year as against 40 per cent last year.

Building permits last month came to $6,440,809, the largest for June in the foundation's records.

Included was another record, permits for 40 swimming pools.

The largest single project was the $1,086,455 contract for additions to Redwood High School.

San Rafael led in total, with permits issued for $2,376,202 in construction, of which $1,058,720 was in the portion of Terra Linda within the city. San Rafael issued 178 permits, of which 137 were for residential construction.

Larkspur was next in line among the cities, with permits totaling $1,329,816, including the Redwood High addition.

Totals in other cities were: Corte Madera, $430,250; Novato, $369,940; Mill Valley, $187,260; San Anselmo, $186,680; Fairfax, $127,894; Belvedere, $121,179; Sausalito, $85,200, and Ross, $22,204.

In the unincorporated areas, greatest activity was in the unincorporated area surrounding Mill Valley, where 22 permits totaling $270,115 were issued. Permits in other areas included:

Tiburon Peninsula, $226,300; West Marin, $177,701; unincorporated Novato area, $150,910; Kentfield-Greenbrae-Bon Air (not including portion of Greenbrae within Larkspur), $107,500; Terra Linda (outside San Rafael), $65,450; Santa Venetia, $44,050; Marinwood, $7,000, and other unincorporated areas, $153,150.

$1,215 Theft In San Rafael

Police today searched for a thief or thieves who took 27 spare tires and wheels valued at a total of $1,215 from cars in the locked parking lot of De Long Chevrolet Co., 550 Francisco Boulevard, San Rafael.

The theft was reported yesterday. Officer Richard Camper reported no sign of forced entry could be found.

2 Drivers Hurt In Car Crashes

Two drivers, injured in Marin automobile crashes Tuesday night, both blamed other drivers ahead of them.

Warner Nicol Bayley of 91 Redwood Road, San Anselmo suffered cuts on his nose when he rammed his car into a cement guard rail, breaking out 25 feet of it, on the Waldo Grade just north of the tunnel about 8:20 p.m. He told the California Highway Patrol he was forced to swerve because a car ahead cut into his traffic lane.

John Michael Lee of 26 Los Cerros Drive, Greenbrae, suffered forehead cuts when his car collided with one driven by P. A. Menzio of 651 Glenwood Avenue, Mill Valley, on Sir Francis Drake Boulevard in Larkspur at 9:55 p.m. Lee said he was forced to swerve into the path of Menzio's car by another vehicle that cut in ahead of him.

Mill Valley Jaycees

The Mill Valley Junior Chamber of Commerce will start a membership drive for young men between the ages of 21 and 35, secretary Burke Critchfield said today. Persons interested in joining the chamber may notify Albert Bianchi of 59 Wildomar Street.

'We Children Gratefully Dedicate...'

MRS. NORMAN B. LIVERMORE and a group of children at Pixie Place, Marin Art and Garden Center, Ross, were photographed yesterday when the new painted stone water fountain was dedicated to Mrs. Livermore in informal ceremonies at the playground. Children with Mrs. Livermore, from left are Kathy and Jennie Flood of Lucas Valley, Jimmy Weeks of Corte Madera and Cindy Onstott of Lucas Valley.

WATCHING LITTLE Suzanne Berger of San Anselmo and Dana Clark of Lucas Valley enjoy the water at Pixie Place prior to the dedication are, from left, Mrs. Donald Guild, wife of the fountain's builder; Mrs. C. E. Bodington, Pixie Parents president; Mrs. Livermore and Mary Erckenbrach, San Francisco artist who designed the fountain. (Independent-Journal photos)

"The children of Pixie Place gratefully dedicate this fountain to Mrs. Norman B. Livermore" reads the plaque on the painted stone water fountain at Pixie Place, Marin Art and Garden Center, Ross, which was dedicated in informal ceremonies yesterday.

Mrs. Livermore, whose faith and support in Pixie Place have enabled members of Pixie Parents to enlarge and improve the playground, participated in the dedication.

The contemporary fountain was designed by San Francisco artist Mary Erckenbrach and built by Donald Guild.

On hand for the dedication at 11 o'clock along with Mrs. Livermore, artist Erckenbrach and Mrs. Guild were those concerned with the reconstruction of the playground. They included Mesdames William Munson, Jerrol Flood, Birge Clark and Allen Toole.

Mrs. C. E. Bodington, president of Pixie Parents, expressed the members' appreciation to Mrs. Livermore. Mrs. Kenneth Duncan was in charge of arrangements for the event.

Katherine Phillips Is Bride Of Herbert L. Bartholomew

Mr. and Mrs. Herbert H. Bartholomew are living in Novato following their nuptials at Blessed Sacrament Church in Santa Venetia. The bride is the former Katherine B. Phillips, daughter of Mr. and Mrs. Leonard A. Phillips of Ross.

Katherine was given in marriage by her father for the June 10 wedding, which was performed by the Rev. John W. Prindeville. She chose a street length dress of white brocade satin with a large bow at the waist.

Her sister, Mrs. Donald Perryman of Martinez, was matron of honor, and Saramarie Hobson of San Francisco was bridesmaid. Mrs. Perryman was dressed in a blue satin sheen cotton sheath dress. The bridesmaid wore an avocado green silk linen sheath dress.

Jerry Herold of Santa Rosa was best man for the bridegroom, and ushering guests were Bradley Bartholomew, his brother; Richard Dickens of San Anselmo and William W. Busche of Sausalito.

After the wedding a reception was held at the home of the bride's brother, Hugo L. Phillips in Santa Venetia.

The couple took a wedding trip to Victoria and Vancouver, B. C.

Katherine attended Marin Catholic High School, the College of Marin and San Francisco State College. She studied ballet for 10 years and was a member of the Ballet Theater Company of New York for two seasons. She is employed at Fairchild Semi-Conductor, San Rafael.

Her husband is the son of Mrs. Audrey Spargur of Santa Rosa. He is a graduate of Santa Rosa High School and attended Junior College. He also is employed by Fairchild.

Rinse Shower Hat

Do you use one of those terry-cloth-lined plastic shower caps to protect your hair-do while bathing or showering? If so, this needs to be swished through warm soap or detergent suds as soon as the terry becomes visibly soiled. Unlined plastic or rubber shower caps also need an occasional sudsing. This is important to keep accumulated soil from contaminating clean hair.

MARIN'S SOCIAL WHIRL

Lagunitas Club Commences Its Festivities With Party Tonight

By FLORENCE DONNELLY

Lagunitas Club begins its summer festivities with a barbecue and musical evening tonight. Members and their guests are invited to join in an impromptu program following the barbecue and are asked to bring their musical instruments. Jim Pollock will be playing his banjo. Jim, grandson of Mr. and Mrs. W. E. J. Ord of San Rafael, is the son of Mr. and Mrs. Charles Pollock (Gertrude Ord) of Sacramento.

On July 22 a round robin mixed doubles on the tennis courts will precede a barbecue and dance in the club house. Aug. 26 is the date of the invitational mixed doubles tournament which will be followed by a barbecue and dance, Mrs. C. Howard Allen, entertainment chairman, announces.

MRS. WILLIAM KENT Jr. entertained 22 members of the San Francisco Guild of Sunny Hills at a luncheon Tuesday. The Kents, whose home is in San Francisco, have taken Mrs. John C. Kittle's home in Ross for several months. Mrs. Kittle is in the East visiting her mother. The Kents have a week-end place at Seadrift, Stinson Beach, and are planning on building another so all their children and grandchildren can be accommodated. The Kents will return to San Francisco in mid-August and her brother, Austin Morris, his wife and five young children will occupy the Kittle home.

Mrs. Kent is president of the board of directors of Sunny Hills and members of the San Francisco Guild, for the most part, belong to families which have been associated with Sunny Hills for many years.

JOAN DRAPER, who will be married to Don Lewis Bishop in Stewart Memorial Chapel at San Francisco Theological Seminary on Aug. 19, chose the locale because of sentimental reasons. Joan's great-great-grandfather, Rev. William Anderson Scott, founded the seminary which was then in San Francisco. When the seminary officials decided the seminary should be moved out of the city it was Joan's great-grandfather, Arthur W. Foster of San Rafael, who had married Louisiana Scott, daughter of Rev. Scott, who gave the land in San Anselmo for the seminary. Mrs. Foster was born in New Orleans and named for its state.

Joan's wedding was first planned for Montgomery Chapel, one of the original buildings on the seminary grounds. It is too small, it was decided, for all the wedding guests. Then Stewart Chael was chosen. The reception will follow at the Lagunitas Club.

The bride-elect is the daughter of Mr. and Mrs. Lawrence Draper Jr. of San Francisco who have a house in Bolinas, and granddaughter of Mrs. Lawrence Draper, the former Anna Foster, and the late Dr. Draper and Mrs. Charles Kellogg of Pasadena and the late Mr. Kellogg. The bride-elect, who has one brother, Lawrence Alfred Draper, made her debut at the 1956 Cotillion. She attended Katherine Delmar Burke School and was graduated from University of California, where she belonged to Kappa Kappa Gamma sorority.

The future benedict, son of Dr. and Mrs. Lewis S. Bishop of Palo Alto, is studying at McGill University, Montreal, Faculty of Medicine. He is also a UC graduate, and was affiliated with Psi Upsilon.

A WILLIAMSBURG, VA., girl, Joanna Allen, here for a summer visit with her aunt, Mrs. Hayden Ross-Clumis and Mr. Ross-Clumis of Del Mar on the Belvedere Peninsula, was honored by them at an informal buffet party on her arrival. Here for the party was the hosts' daughter, Gay Ross-Clumis, who teaches school in Los Angeles. She will arrive in August for several weeks' visit. Among the others at the party were Messrs. and Mesdames Gordon Simpson, Frederick Rowley, Alexander McDougal, Mrs. Stephanie Kastner and Ernest Chamberlain.

THE BRUNCH given by Mr. and Mrs. Alfred W. Crapsey of Piedmont Sunday was attended by about 30 of their old-time friends. The Frank Baumgartens of Ridge View Farm, Fairfax, were there, so were Adm. and Mrs. Rufus Thayer, who have a ranch in Nicasio; Virginia and Ernie Esberg of the well known Ross family; also Mrs. Joseph Thompson, whose husband was reared in Mill Valley. Joe was at Bohemian Grove preparing for the annual encampment. Mrs. George Brady arrived with her son and daughter-in-law, the George Bradys Jr. Dr. A. Ross Hendricks of Sausalito escorted Mrs. Charlotte Lockridge, a Junior Leaguer.

MAKING WEDDING PLANS

Judith Wright, 22, is shown at her home in Oxon Hill, Md. as she makes plans for her wedding to Pete Dawkins, former Army football star, on July 29 at West Point. She is a University of Maryland graduate and Dawkins is now a Rhodes scholar at Oxford. (AP Wirephoto)

Gail Franchini Married To James Green

At St. Anselm's Church, Ross, Sunday afternoon, Gail Franchini became the bride of James Edward Green. Rev. Donald Kelly officiated at the 3 o'clock ceremony which was followed by a reception at the San Anselmo home of the bride's parents, Mr. and Mrs. William Franchini.

For her wedding Gail wore a ballerina length gown of white silk organza with Swiss lace appliques.

Carol Franchini, who was her sister's maid of honor, was gowned in lime green silk shantung. Marilyn Green, the bridegroom's sister, was flower girl.

Robert Green was his brother's best man and ushers were the bride's brother, William Franchini, and Richard Carlsen.

The bridegroom is the son of Mrs. Juanita Russell of Modesto and the late Albert Green. The bride and bridegroom are both June graduates of University of California. He was on the varsity football team for three years and has been drafted by the Oakland Raiders for the 1961 season. He was affiliated with Pi Kappa Alpha fraternity and was a member of Skull and Keys.

The bride, who was a member of Alpha Phi sorority, is a graduate of Sir Francis Drake High School.

The newlyweds who are honeymooning at Lake Tahoe, will reside in Oakland.

Shape For Evening As Clingy As Siren Dresses Of 1930's

FOR CHIC TROTTING about town Monte-Sano and Pruzan offers this red Italian wool suit for fall. Eased gently past the body lines, the short jacket has a standaway, collarless neckline, rounded shoulders, wide three-quarter sleeves and vertical pocket flaps at each side of the hem. The skirt is short and straight. (UPI Telephoto)

By GAY PAULEY
UPI Women's Editor

NEW YORK — "Shimmer and shape" is the most fitting way to describe the new evening clothes for fall and winter.

Fabrics shimmer from their own satin and metallic finishes, or with three dimensional glitter of all over beading, sequins, or jewelled embroidery. The shape for evening is as clingy as the siren dresses of the 1930's when Jean Harlow, Marlene Dietrich and Carole Lombard were in their movie heyday.

Some of the formals are such narrow columns that to take a long step is dangerous. But some designers thoughtfully put slits at the sides or center front.

Three masters of the shimmer and shape trend are manufacturers Samuel Winston, Rudolf Gowns, and Gothe. They were among the seven designers who yesterday showed their new collections to reporters covering the New York Couture Group's press week.

DAZZLERS

Roxane, one of the first designers to use all over glitter, put together another lavish collection for Winston.

Fabrics had gold and silver threading intermingled, and some of the pailette and stone decorations were so dazzling and intricate they looked as though a jeweler had set them.

At Gothe the golden look took over. Long formals with slinky skirts and bloused tops were of metallic mesh, metallic lace, or gold-embossed lace. A textured silk shirtwaist formal, street length, was all gold, with gold bugle beading on the collar.

Rudolf also beaded plenty of evening clothes. One costume was enough to start us all saluting. It was a "fireworks" evening outfit in red, white and blue, bugle beaded all over.

Rudolf showed a lot of bias cut fabrics, especially crepes in evening dresses reminiscent of the 1930's. Fabrics included chiffon, matte jersey, crepe brocade and more metallics.

The firm of Monte-Sano & Pruzon for years has been known as a coat and suit house. But recently, with the addition of French-born Jacques Tiffeau as chief designer, the firm has branched into the whole range of women's apparel. Some of Tiffeau's short dinner and theater suits are the best dressup clothes for the new season. These are fitted, and done in luxury fabrics.

In daytime suits, the firm returned to the fitted look in jackets. Some suits had straight skirts; others came with full skirts of dirndl proportions. Coats included the bulky great-coat, a standard at this house, narrow, column shapes with double breasted fronts, and wraparounds.

BY NAME

Here, by individual manufacturer, are highlights from other collections shown yesterday:

Davidow. The firm, also known for its suits, adopted the flared look for fall. Jackets were cut to fit closer to the figure, but skirts moved out from the hip bone on down to hem. Skirts were either gored, had a smooth and unseamed flare, or came with "walking pleats"—stitched down to just above the knee, then swinging free.

Arthur Jablow. Coats came in four silhouettes. These were the minimal, long, narrow and almost tubular; the cape coat with a bias cut to tone down its bulk; the fitted at the waist or princess; and the wrapped coat. This latter looks chic, but is without buttons which means that when a wintry blast hits, the wearer has to clutch her wrap around her. Many of the firm's suits were collar-less, with fur fill-ins. Others had scarf collars.

Branell. The ensemble took over. Hardly a dress came without its coordinated jacket or coat. The silhouette was without clutter. Fur trims showed on everything from daytime woolens to long evening stoles.

Hannah Troy. Again the ensemble, for both daytime and evening. Daytime costume jackets were hip top length, skimming over the torso in their fit, and topping gently flared skirts.

Jane Derby. This designer's trademark is the bow trim. She parked small bows at the waistline to give a hint of shape to the chemise. One black silk crepe had a row of bows all the way down the back. Tiny bows tied to form a "sleeve" on evening overblouses. Even mink was shaped into bow trimming.

ELEGANCE THREE-DIMENSION in this white satin evening gown designed by Roxane for Samuel Winston's fall collection. The plush black cut pile scrolls add dimension. A red satin bow at the waistline matches the lining of the stole. (AP Wirephoto)

Karen Mabie Is Bride Of John Tanner

Hamilton Air Force Base Chapel was the setting for the wedding of Karen Lyne Mabie of San Rafael and John George Newell Tanner III. The Rev. Harold Bonner officiated at the June 16 ceremony.

The couple is living at 250 Linden Ln., San Rafael after a wedding trip to Monterey.

The bride recited her vows in a full length white lace over taffeta gown. Diane Guerin of San Rafael was her maid of honor, wearing a blue taffeta dress.

Marvin Stauts of San Rafael was best man and seating guests was Roy Neighbors.

The bride, who is the daughter of the late Mr. and Mrs. Leroy Kendall Mabie, was given in marriage by her uncle, Carl Mabie of Redwood City.

The newlyweds are graduates of San Rafael High School and the bridegroom is employed by Servisoft of Marin. He is the son of SMS and Mrs. J.G.N. Tanner Jr. of Hamilton Air Force Base.

MR. AND MRS. John G. N. Tanner III exchanged vows at Hamilton Air Force Base Chapel. The bride is the former Karen Lynn Mabie of San Rafael. (U. S. Air Force photo)

World's Children To Be Subject Of Duke Symposium

U. S. and foreign authorities in the fields of education, culture, population, economics and health will hold a four-day symposium at Duke University, Durham, N.C., dedicated to helping solve the health and emotional problems of children.

Plans for the symposium Oct. 4-8 were announced yesterday by Deryl Hart, Duke president. The gathering will explore the conditions under which the world's children live and the problems which must be solved if children are to have a better opportunity to become healthy and responsible adults.

Dr. William M. Nicholson, professor of medicine at Duke and chairman of the symposium's central committee, said need to improve conditions for the world's children is "immediate and compelling." The program will be built around half-day public sessions on problems in education, culture, population, economics, health and social structure (UPI).

Consider Laundry

Efficient laundry practices start when clothes are purchased. Purchase garments that are colorfast, well made and simple in design. If you don't enjoy ironing, avoid ruffles, pleats, tucks and fussy trims. Fabrics such as terry cloth corduroy, Oxford cloth, denim and jersey require a minimum of ironing when removed from the gas clothes dryer before completely dry.

St. Sebastian's Salad Luncheon Planned July 19

The pool and patio of the David Sullivan home on Elesio Drive in Greenbrae will be the setting at noon on Wednesday for the second annual Salad Luncheon sponsored by the Refreshment Committee of St. Sebastian's Women's Club.

Mrs. Joseph Jachetta is the chairman and Mrs. John O'Donnell, co-chairman. Reservations for the event are being taken by Mesdames Jachetta and O'Donnell.

Peggy O'Neill: Chaperon For Miss Americas

By DORMAN CORDELL

ATLANTIC CITY, N.J. (AP)— Peggy O'Neill is a tiny, lively, fortyish blonde who practices an almost-vanished profession. She's a chaperon.

Her charge for each of the past six years has been a talented young beauty who is one of the best-known girls in the world—Miss America.

But the job of chaperoning, like almost everything else, has changed since the days of long ago.

Don't two women spending so much time together get on each other's nerves, especially with the exhausting schedule followed by Miss America?

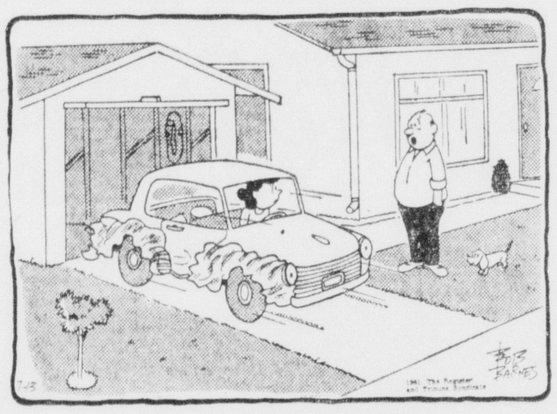

Mrs. O'Neill, who has traveled with every Miss America since Sharon Kay Ritchie won the title in 1955, insists the answer is "no." The 1961 Miss America agrees.

" Both of us have many of the same interests," Mrs. O'Neill says. She points to a plastic bag full of needles, pins and thread. "For instance, Nancy and I are always sewing."

"And when we really feel the need to be alone for a while, we find we can isolate ourselves just by sitting in different corners of the room," Nancy adds.

For one thing, Mrs. O'Neill finds no need to spend her time fending off would-be Casanovas along the 100,000-mile route she and Miss America travel annually.

THE PARENTS' CORNER

By RICHMOND BARBOUR, Ph. D.
Guidance Counselor

Midget Football Is Termed Dangerous By Some Doctors

Midget football is spreading fast. Suddenly it is a question in thousands of homes. Should our little boys play tackle football? Or is it too dangerous?

The most common midget football comes under the "Pop Warner" leagues. In them kids are grouped by age. There is a league for 8 to 10-year-olds, another for 10 to 12, and another for 12 to 14. Men volunteer to coach. Parents come to root. Existing fields are used, or new ones set up. Protective equipment is provided.

Through the years I've learned to distrust high school football. The injury rate is large. Some high school games resemble Roman holidays, with boys as gladiators. Midget football leaders can prove their sport is safer. They report a very low injury rate. The leaders assure parents that only a few kids will be hurt. They are sincere and honest. They are trying to help boys. Not to cripple them.

However, I've checked with pediatricians. I've read what medical specialists say. Most doctors advise strongly against midget football. They say that nor to an 18-year-old could well result in a permanent deformity to an 8-year-old. Small children's bones have soft growing areas. If the areas are banged, they may harden prematurely Joints may not move. Growth may stop. A deformity may result. What they said scared me. I think it would scare you too.

So my son is not going to play midget football. The promoters mean well. They believe their activity will strengthen the moral fiber of our youth. I'm not arguing with them. But after listening to the doctors I've decided to be careful. What should you do? I suggest you consult your son's doctor. Then draw your own conclusion.

READERS' FORUM

(Q) "When are growing boys' bones mature enough to withstand the banging received in body contact sports?"

(A) Doctors say that the bones are nearly ready for body contact sports when boys are 15 or 16 years old.

Laundry: Then, Now

"In grandma's day, doing the family wash took time and muscle. With present day equipment, all it takes is a touch of administrative ability." Today clothes must be sorted according to fiber as well as the amount of soil. Controls on the gas water heater and automatic laundry appliances make most of the decisions in regard to temperature and time. The homemaker merely has to set them properly. There is no guessing, and no heavy drudgery such as lifting, carrying and hanging wet clothes.

PLAINLY PERFECT PRINTED PATTERN

4663
10—18
by Anne Adams

Cut a beautiful figure—it's easy with this shapely sheath. Curved-on-high seaming accents midriff, simple neckline "loves" strands of glittering jewels. Choose shantung, cotton, linen.

Printed Pattern 3663: Misses' Sizes 10, 12, 14, 16, 18. Size 16 takes 3¼ yards 35-inch fabric.

Send 50c in coin (no stamps please) for Pattern, with Name, Address, Style Number and Size. Address PATTERN BUREAU, Independent-Journal, 1040 B Street, San Rafael, Calif.

For first-class mailing include an extra 10c per pattern.

PLANNING A WEDDING in September are Sally McMartin of Fairfax and Paul Rosenbusch of Oakland. The bride-elect is the daughter of Mr. and Mrs. Ralph B. McMartin of Fairfax. The meeting will take place at the First Presbyterian Church, San Anselmo.

Sharon Ghilotti Is Bride In San Jose

Sharon Lynn Ghilotti, daughter of Mr. and Mrs. William Ghilotti of San Anselmo, became the bride of Harold G. Bauer Jr. at Trinity Episcopal Church in San Jose July 2.

For her wedding Sharon wore a gown of organza and chantilly lace with large organza bow in the back.

Maid of honor was Diane Maciocia of San Francisco and bridesmaids were Beverly Bauer, the bridegroom's sister, and Shirley Dietrich of Stockton.

Nick Allen of Ross was best man for the bridegroom. Escorting guests to their seats were Bob and Chris Ghilotti, the bride's brothers.

After a wedding trip to Carmel the couple will live in Carlsbad, where the bridegroom will go into business with his father.

Sharon, who is the granddaughter of Mrs. James Ghilotti of San Rafael and Mrs. Fay Hoenk of Waukegan, Ill., was graduated from Dominican High School and Munson's Secretarial School in San Francisco.

Her husband is the son of Mr. and Mrs. Harold G. Bauer of Carlsbad. He was graduated from Sir Francis Drake High School and the College of Marin and served with the Army. He plans to attend San Diego State College in the fall, where his sister, Beverly, is a student.

Mrs. Thoney Is Honored

Mrs. Volmer (Dolores) Thoney of Mill Valley was honored for 35 years of service with the Pacific Telephone Co. at a recent dinner party in the Fiesta Room of the Alta Mira. Mrs. Thoney is in the traffic department of the Mill Valley office of the company.

E. J. O'Grady, district traffic manager, presented Mrs. Thoney with a diamond emblem bracelet. Her special guests were Messrs. and Mesdames John Varney, E. M. Tobin and Harry Patsnick, all of Mill Valley.

Decorations of the table, at which covers were laid for 38, were arranged by Mesdames Carol Young, Mary Stiveson, Isabel Rourke and Miss Clifford Ann Bell.

Fairfax Girl To Marry In September

Mr. and Mrs. B. McMartin of Fairfax are announcing the engagement of their daughter, Sally, to Paul Rosenbusch of Oakland.

The bride-elect is the sister of Nancy Kay McMartin, a sophomore at Sir Francis Drake High School. Sally was graduated from Drake and will graduate this week from the Kaiser Foundation School of Nursing in Oakland. She is currently president of the Student Nurses Assn. of California, District Four. On Aug. 1, she will join the staff of Ross General Hospital.

The prospective bridegroom, son of Mrs. Grace E. Rosenbusch of Oakland, was graduated from Oakland High School and attended Oakland City College. He is employed with the Cordoza Bookbinding Co. He is the brother of Robert Rosenbusch of Covina; John Rosenbusch of Hayward and the Mesdames William Wignall of Orinda and Fred Thieme of San Leandro.

The wedding will be an event of Sept. 30 in the First Presbyterian Church, San Anselmo.

Muir Woods Unit Plans Doll Show, Tea For Sunday

Dolls from the United States and many foreign countries, including rare, antique and historically interesting dolls, will be displayed at the doll show and tea sponsored by the Muir Woods Park Improvement Assn. Sunday.

The public is invited to attend the show, which will be held at the clubhouse on Ridge Avenue off Panoramic Highway between 2 and 6 p.m.

In charge of the fund-raising event is Florentine O'Rourke, who, with her sister, Leota O'Rourke, owns the doll collections. Of special interest are reclaimed and re-dressed story book dolls, some dating from the first ones put out.

Other members of the Muir Woods Park Improvement Assn. will bring their special old dolls to add to the exhibit.

Elegant Handles

Elegant umbrella handles and hooks look like something straight from the local museum—modern or ancient art. The modern art carved in wood that parades as a handle for one umbrella symbolizes the form of a woman. One ivory hook handle umbrella has a hand carved ebony design.

TONIGHT'S THE NIGHT that the judges in Miami Beach decide who is to be Miss U.S.A. this year. Here San Rafael's Pam Stettler, now Miss California, parades across the stage during preliminaries of the Miss Universe beauty pageant. There are 15 semi-finalists. (AP Wirephoto)

Pam Stettler Is Semi-Finalist In 'Miss USA' Competitions

MIAMI BEACH, Fla. (AP)—Fifteen girls ranging from 34-22-35 to 37-24-36, and from student to real estate speculator, compete tonight for the title Miss U.S.A.

They are the girls who survived the first round of judging at the Miss Universe pageant. Twenty-eight others seeking the Miss U.S.A. title were eliminated last night.

The judges hit a snag at the end. They had four places left to fill and six girls to fill them: Miss Indiana, Miss Ketucky, Miss Michigan, Miss New Jersey, Miss Texas and Miss West Virginia.

After a tense five minutes of balloting, Miss Indiana and Miss Texas were eliminated.

AS IF YOU DIDN'T KNOW—

AMES, Ia. (UPI) — Time, money and children rank as the housewives' most important problems, a university survey has indicated.

Home management specialist Helen Sorensen of Iowa State University said 60 per cent of housewives listed "time" as their greatest problem while 40 per cen. listed money as a major concern. Children ranked third.

Jackie Pleased And Miffed At Outcome Of Potomac Fete

By HELEN THOMAS

WASHINGTON (UPI) — Mrs. Jacqueline Kennedy is miffed one one hand, but "bubbling over with enthusiasm" on the other.

These mixed feelings have respectively to do with published comments about the probable cost to the government of her gala party at Mount Vernon for Pakistan President Mohammad Ayub Khan, and the social high water mark she reached in staging it.

The First Lady let it be known, through White House press secretary Pierre Salinger, that a large part of the party bill was footed by public spirited citizens. Salinger said the cost would have made such a dinner impossible without such private donations.

COST NO MORE

He said the government paid for the food, as it would have done at a regular White House state dinner. This, he added, cost no more at Mount Vernon than it would have in the executive mansion.

Salinger also said it would be "in poor taste" to mention an exact cost figure. But he said the party was no excessive drain on the government, "and I think everyone will agree it was a great success."

Mrs. Kennedy's press secretary said the First Lady was highly pleased with how things went at Mount Vernon. The Kennedy's plan to continue such social innovations, she added.

FOOT FORWARD

And Salinger said the President's wife will continue "to call on people's assistance in helping put this country's best foot forward."

From a memorandum supplied by Mrs. Kennedy, Salinger ticked off these contributions:

Tiffany's gave the services of its decorator, Michael Gene Moore. A Philadelphia tentmaker provided the 30 by 50 foot pavilion and utility tents. The National Symphony Assn. paid the salaries of musicians who played a 45-minute concert after dinner. Mrs. Paul Mellon of Upperville, Va., a close friend of the First Lady, loaned tables and chairs and provided the flowers. Such citizens get the idea of kicking in when they are "called upon," Salinger said.

For Disposer Owners

If you own a new-type gas disposer you have probably discovered that the secret of odorless, smokeless incineration is to set the timer long enough to burn the load completely and make the most of a secondary burner that consumes the smoke. If the appliance is turned off before the load is completely incinerated, the residue continues to smolder but the after-burner doesn't get a chance to function.

New Sailing Jacket

A new sailing jacket has been introduced by Jules Andre, who usually designs ski clothes. The jacket is of waterproof cotton with a drawstring hood, inside zipper pocket and zipper front opening. It is lined with taffeta in a conplementary color.

Marin Teen On Historical Tour Records Highlights, Impressions

EDITOR'S NOTE: Marin teenagers departed June 28 on a tour of historical sites and cities in the United States, accompanied by Mr. and Mrs. Paul Hartman Jr. One of the group, Anita Messimer, sends the following report of their travels so far.

By ANITA MESSIMER

On June 28 we called goodbye to our parents from the train at the station in Richmond. As the train began to slide forward Mr. and Mrs. Hartman gave us two minutes to dry our eyes, but we were all laughing with excitement.

In the afternoon we sat in the observation car reading and playing cards. The flat brown fields and rows of gnarled fruit trees of the valley flowed by the windows. We stopped at many farming towns. . .

After supper the train was pulling upward into the mountains which were golden brown and bare in the last sunlight. As the moon rose . . .we sang and chattered with a youth group. Curfew was 11 o'clock but few slept in the rattling car. In the morning we were awakened at 4 o'clock and we washed. Faces pale and eyelids drooping, we hurried into the station house at Williams Junction. We waited until 6 o'clock when the bus departed for the Grand Canyon. The first view of the south rim revealed a green and yellow terrace.

COLORS CHANGE

. . . Having eaten breakfast at Bright Angel Lodge, we stepped outside to look at Grand Canyon in all its splendor. It is fascinating to watch the colors change — one moment a cliff will be bright russet and the next it will be shadowed brown.

A bus tour leaves on a drive along the south rim . . . those of us who go look down frightening drops and see the muddy rapids of the Colorado River. At our destination, the camp of an early prospector, we are served refreshments and offered more curios.

Here we are again on the train which we boarded at Williams Junction and are speeding on our way to Chicago.

The train rolled into the station there and we climbed off in a flurry of laughter and confusion. At first we were depressed by the brick buildings blackened with smoke and by the sultry weather, but as our bus drove past green parks and on to Lakeshore Drive we became cheerful. The waterfront with its tall apartment houses and narrow beaches is very much like San Francisco's Marina.

We arrived at the Edgewater Beach Hotel, which is surrounded by trees and has lawns stretching to the lake. Most of us went swimming in the pool and ate our lunch on the terrace.

Later that afternoon we drove to the Chicago Tribune building, which we toured. After dinner we took a bus ride around the city. The bus halted outside the McCormick Convention Hall and the Buckingham Fountain, with its water bursting upward in a profusion of color and spray. We saw Marshall Field store, office buildings and the foreign sections of the city.

CITY BUS TOUR

The next day we took another bus tour of the city, driving through the residential areas and visiting the Museum of Science and Industry. We spent the afternoon swimming and resting. Then everyone dressed up for dinner, as Saturday night is very gay at the hotel. Some of the girls watched Steve Allen's entertainment and others walked outside in the warm air.

The next morning the group went to Dearborn on our own bus. The next day we awoke early at the comfortable McGuffey House of the Dearborn Inn.

After breakfast we walked toward Greenfield Village, where a guide showed us points of interest, including a jewelry shop from England and the Henry Ford birthplace. Our group divided and continued on our way with the help of a map. The houses dated from all periods of American history and were furnished as they had been when they were inhabited. A windmill had been removed from Cape Cod and the chapel was a copy of a New England church. Sheep, ducks and turkeys wandered around the grounds of the village. Some of our gang rode the steamboat and others toured the village in piny carts. Luncheon was at the Clinton Inn, cafeteria style.

Afterward we walked through the Henry Ford museum seeing old American furniture, early cars and trains. Then we drove back to McGuffey House for a swim and shower before dinner.

Men Stole Them

Here's something that men have stolen from women: 100 per cent ribbed nylon support hose that look just like regular socks but serve to ease leg fatigue. These hose have horizontal ribbing to support the instep and shin, vertical ribbing for the back of the ankle and calf.

TWO MARIN girls who will be graduated from St. Luke's Hospital School of Nursing, San Francisco, on July 28 are Nancy M. Mountjoy, left, and Maureen Gail Griffith, right. Miss Mountjoy is the daughter of Mr. and Mrs. Wayne Isaaccson of Novato and Miss Griffith, the daughter of Dr. and Mrs. R. L. Griffith Jr. of Inverness.

Instant Soap Pads

Here's how to make your own soap pads for travel, hikes or picnics. Soak folded paper towels in a dense soap solution. Then dry the soaped-up towels over an outdoor line. They will pack compactly for the trip, and need only to be immersed in water to serve as a presoaped washcloth.

Sausalitan Wins Award For Book

Nicolas Sidjakov of Sausalito won the American Library Assn.'s annual award for his illustrations for the book, "Baboushka and the Three Kings." The Latvian-born illustrator was presented the Caldecott medal for "distinguished contributions to children's literature in the United States."

The award was made Tuesday night in Cleveland. Mr. Sidjakov studied art in Paris before coming to the United States. His winning illustrations were for an old Russian Christmas folk tale in which three kings ask an old woman to join them in a search for the Christ Child.

Scott O'Dell of San Diego won the writer's award for his "Island of the Blue Dolphins" telling the story of an Indian girl who had lived alone for 18 years on an island off the California coast. Her record has been preserved in the Santa Barbara Mission.

Hospital Auxiliary Takes Tour After Final Luncheon

A final meeting and luncheon for the fiscal year was held recently by the Marin General Hospital Auxiliary at the hospital.

Locale was Marin General Hospital and following the meeting the group was joined by members of the Poplar branch of Sleepy Hollow for luncheon and a tour of the hospital.

Mrs. Fred Drexler, chairman of new branches, reported that an auxiliary branch is being formed in Belveder and that two organizational meetings have been held. Working with Mrs. Drexler on organizational plans for the new branch are Mesdames John Hoefer and George Goddard of Belvedere.

New Dishwasher

A new dishwasher is claimed to be adptable to any kitchen, large or small. It has been engineered and designed to fit into many areas hitherto inaccessible—under or above kitchen counters, above or below built-in ovens, recessed in a wall, or as a room divider. Dishes are washed and steam-purified in 25 minutes.

ALMANAC

Today is Thursday, July 13, the 194th day of the year with 171 to follow.

The moon is approaching its first quarter.

The morning stars are Venus, Jupiter and Saturn.

The evening stars are Mars, Jupiter and Saturn.

On this day in history:

In 1787, Congress passed the Northwest Ordinance, thus setting up the first organized government west of the original 13 states.

In 1863, New York City was plagued with an outburst of riots in opposition to the federal conscription act. The riots lasted through July 16. One thousand persons were killed, several Negroes lynched and two million dollars worth of property was damaged.

In 1878, the Russo-Turkish War ended.

In 1942, the underground Free French movement changed its name to "Fighting France."

A thought for today: American writer Herman Melville said: "Thinking is, or ought to be, a coolness and a calmness."

TIME AND TIDE

Department of Commerce United States Coast and Geodetic Survey, Western District headquarters. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Lightface type indicates a.m. times; **bold-face type** indicates p.m. times.

TODAY'S EDITORIAL

It's No Longer Legal To Cheat Telephone Company

Governor Brown has just signed a bill which would make it a misdemeanor to make unauthorized telephone calls on a credit card or use pre-arranged codes to obtain service without payment.

It seems strange that we'd have to have such a specific law. The first part seems obviously an offense, just as unlawful as wrongful use of other types of credit cards or charge accounts.

Of course we aren't opposed to inflicting on an unauthorized phone user the full strength of the law; not since that night a few years back when a "friend" came into our home one New Year's Eve, asked to use the phone and left a call with the operator for 6:30 a. m.

The system of codes to defraud the telephone company have always struck us as one of the most chiseling practices we knew of.

For example, we recall a meeting of a group of men at a friend's house. The phone rang and the hostess went to answer it. No one was on the line. In about 15 minutes the same thing happened. The third time it happened the hostess spoke to her husband about it.

One of the men overheard. "My gosh," he exclaimed. "I didn't hear it ring. That's a signal from my boy who went out to a club meeting. He rings twice and then hangs up. That way I know he's ready to be picked up and he gets his dime back." Out rushed the frugal father.

We knew of another man, a traveling man, who was away from home a lot and often without an itinerary. To keep his wife informed of both his safety and his whereabouts, he would place person to person phone calls to himself at his home. When his wife would say he wasn't there, the operator would say, "Will you please have him call Operator 24 in Phoenix when he comes in?"

Wifie would know her loved one was well and in Phoenix. The telephone company would be cheated out of toll and Hubby would know everything was well at home or wifie would have said, "I'll take the call."

There probably are a hundred variations of these schemes. It will be difficult to prosecute such petty larceny, even with the new law.

But what really worries us is the moral fibre being broken down in the son, in one case, and the whole family in the other. They are the ones who will suffer in the long run.

THREE MINUTES A DAY

By JAMES KELLER

GYM TRAINING PROVES LIFESAVER

A teen-ager who had trained herself as a gymnast put her talent to good use when fire broke out in her house in Brooklyn.

The blaze began eating its way through the house as the 16-year-older slept on the third floor. Down below 10 persons escaped safely. Firemen with scaling ladders rescued her parents and 2 brothers from the upper floor.

Meanwhile the young woman climbed out on the ledge of her bedroom window and stood for a moment on her perch 40 feet high. The next house was close by. While one neighbor grasped her feet and another her hands, she swung across the gap and into the window, avoiding both the fire and a serious fall.

Parents and others responsible for young people can help them surmount spiritual as well as physical dangers by helping them to study, work and play with a view to God's honor and the welfare of others. Do what you can to bring out the best in youth.

"Hear the counsel and receive instruction; that thou mayst be wise in thy latter end." (Proverbs 12:20)

Remind me, O Lord, that I have some obligation to see that young persons develop their powers.

HAL BOYLE'S COLUMN

Who'd Ever Want To Be A Mother? —Except, Perhaps, A Mother

NEW YORK (AP)—I'd hate to be a mother.

When your hard-up neighbor down the street wins $356 on a daily double racetrack bet, he is hard enough to live with.

In one afternoon he has gone from the poor mouth to the rich mouth.

The morning found him reluctant to recognize his own virtue. The evening finds him unable to resist the temptation to denounce his government—dispraise his taxes. The money he has won has made him an authority on everything.

I'd hate to be a mother because she is like the gambler who won a daily double. It changes her whole outlook, too.

She gambled on a small investment and her reward as a winner is a moist bundle of maybe seven pounds or so of crying human protoplasm. It is wet at both ends and dry, probably, only in the middle. And it stays that way month after month.

Life is full of laughter, but for some mystic reason no baby is ever born smiling. They all enter this world struggling in anger and fear and hunger. Too many leave the same way.

I'd hate to be a mother.

The year before she became a parent she is eager to discuss such intellectual questions as whether the earth would be better if Picasso had got stuck in his blue rather than his pink mood, or if Dr. Albert Schweitzer and Tennessee Williams could shake hands across the distance.

But the day after she becomes a mother she becomes a tigress.

A hundred thousand or more infants may be born on a single day, but her world is instantly concentrated to the squirming kingdom of newness.

Day after day she reduces herself by enlargement trying to make this dewy glob into a person. She has to curb its normal, strident, gluttonous, wide-mouthed appetite for self-indulgence into didscipline and acceptance of the aims and rights of others. She has to escort it sensibly and sensitively from yearning to learning to earning.

It is a hard and always difficult and often lonely and sometimes heart-breaking task.

THE REWARD: If she does a good job—and microbes or war don't ruin her effort—the darn thing goes off on his own, leaving her to start its own family. If she does a bad job, it complains with the breath she gave it to object against the life she conferred.

I'd hate to be a mother. The job has too much responsibility.

PERHAPS THAT is why women make the best mothers. They are much better gamblers than men.

Men bet themselves against now, and not always willingly. But most women are eager to stake themselves against eternity, gambling on a finer issue.

Motherhood is for the birds —or women with feathers of hope in their soul.

THE CYNIC'S CORNER By Interlandi

"After you're here for a while, this seems like the 'real' world, and Cuba, Laos, Berlin, Mississippi, seem like the 'make-believe' world!"

10 YEARS AGO

Early hot weather caused Marin water supply to diminish by 22 million gallons in one weekend but General Manager James Peters of the Marin Municipal Water District said "there's no cause for worry; we have ample supply for the next year" backed by winter rainfall of 52.47 inches.

'GLAD THEY GOT LAWS FOR THEM BIG SHOTS'

WHAT OUR READERS SAY

Finest Article On Apprenticeship

EDITOR
Indepdendent-Journal:

"Filling the Skilled Labor Gap," the article by Don Keown in your Marin Magazine for June 17, is one of the finest articles on apprenticeship I have ever read. The pictures and the story give a graphic account of how a young man becomes a skilled craftsman through apprenticeship training. Certainly the apprentice-trained skilled craftsman is vital to our industrial development.

In the state's apprenticeship program Marin County has always been one of the keystones. The historical account of apprenticeship in Marin County contained in the article is most interesting and appropriate.

I would like to thank you for presenting this important subject to your readers so skillfully and to compliment the writer and your staff on the article and layout.

Apprenticeship
Standards
San Francisco

Need To Enforce World Law

EDITOR,
Independent-Journal:

You are to be complimented on your editorial Friday, July 7, entitled "Lawyers Make Significant Step Toward World Peace." The "Consensus of San Jose" adopted recently in Costa Rica is indeed an important step toward comparative world peace under law. Surely now is the time for all of us to start thinking about a way to enforce world law.

Two renowned United States attorneys, Grenville Clark and Louis B. Sohn, collaborated on a volume devoted to this problem entitled "World Peace Through World Law." The American Bar Association has recommended it as worthy of study by its entire membership.

Unless world law is enforceable, what is accomplished? Only a world police force should be charged with this responsibility. But a world police force must be accountable to a world governmental body no matter how limited. For this limited world governmental body to function effectively, its members will have to have indicated a willingness to relinquish to it some of their national sovereignty. Japan, Italy and India have all gone on record officially, through their newly-found constitutions, as being willing to do just this.

Since 1945 the United World Federalists have advocated at least a study of such a program to be developed within the framework of the United Nations. UWF members believe that only in this manner can the U. N. be strengthened. Not until teeth have been put into the U. N. will it be possible to disarm under an umbrella of enforceable world law.

JOHN J. WILEY

Yacht Edition Was Splendid

EDITOR,
Independent-Journal:

May I extend my compliments on the splendid yachting coverage in your recent edition of Marin Magazine, and, in particular, my warm thanks for the outstanding report on Baruna prepared by Jim Gilmartin and Al Matson.

Marin County has many unique natural advantages which offer it the opportunity to become the leading yachting community of the West. Your newspaper has made a valuable contribution in this direction. Keep it up.

JAMES MICHAEL
Belvedere

Mustn't Submit To World Court

EDITOR,
Independent-Journal:

There are many steps necessary to achieve world peace, but none warrants the United States of America to submit to compulsory World Court jurisdiction without preserving our fundamental right to determine if a case is a domestic matter or one to be heard by a world court.

If, as your editorial of July 7 stated, you sincerely believe a Conference of Lawyers of the Americas On World Peace Through the Rule of Law, held recently in San Juan, Costa Rica, did not receive the attention it should have, perhaps you will print the enclosed article from the July 7 issue of Human Events, a Washington, D.C., publication.

(Mrs.) J. FINN
San Rafael

(NOTE: Reader Finn enclosed a clipping which stated "the government's chief foreign aid agency, the International Cooperation Administration, has given $200,000 to the American Bar Association's special committee on 'World Peace Through World Law,' which is conducting an international campaign to get the United States to accept compulsory jurisdiction of the World Court.

"The purpose for which the money will be used, said the special committee's chairman, Charles Rhyne, is to promote a 104-nation conference, to include Soviet Russia and its satellites, which will attempt to find means of achieving 'world law.' The Ford Foundation has contributed $350,000 to the project."

The article says the "obvious objective" of American delegation "is to propagandize all nations into accepting compulsory World Court jurisdiction.")

The Independent-Journal welcomes contributions to "What Our Readers Say." Letters must be signed and must not exceed 300 words in length. The editor reserves the right to delete malicious material.

The Country Parson

"Many of our regular churchgoers seem to be 52/365ths Christian."

TRY AND STOP ME

BENNETT CERF

After his conquest of Turkey, the legendary Tamerlane, it is told, found out that the local keeper of the exchequer had falsified his books and was getting rich on loot. Tamerlane ordered him to appear with his records, tore them into pieces, and made his terrified subordinate eat them on the spot.

The successor to this unfortunate grafter was a great deal wiser. When Tamerlane demanded that he appear with HIS financial reports, it turned out that they had all been neatly inscribed on a platterful of griddlecakes!

A salesman stepped gingerly into a publisher's office and asked the receptionist, "Is His Nibs in a good mood this morning?" "I never saw him in a good mood," admitted the receptionist. "I've only been here three years."

The last remaining "bachelor girl" in a big office appeared radiantly one morning and began to pass out cigars to all and sundry. "What's the big idea?" chorused her cohorts. Proudly she displayed a diamond ring and exulted, "It's a boy—six feet tall and weighs 190 pounds."

"Husbands," warns Zsa Zsa Gabor, "are like fires. They go out when unattended."

I-J REPORTER'S NOTEBOOK

By DOROTHY SIMPERS

Visiting Los Angeles Makes Marin More Beautiful To Come Home To

The nicest thing about a vacation is coming home to beautiful Marin.

Even our Eastern visitors—after our short tour of Southern California—were delighted to return here to the pleasant, peaceful atmosphere.

They were not impressed by Los Angeles and vicinity—although they enjoyed the sights — but Marin's rolling hills, clear skies and magnificent views charmed them, we're happy to report.

If you, too, have visitors to show around Southern California, we'd recommend the route we took. We drove down the coastal highway, a trip that offers unforgettable views of the ocean, steep cliffs and lonely beaches — in clear weather.

For much of our coastal trip, fog shrouded the highway, making the drive around the sharp curves of Route 1 adventurous, if not always scenic.

LOS ANGELES, to no one's surprise, was hot, smoggy, and traffic seemed to have increased enormously in the two years since we last braved the Hollywood Freeway.

We showed our visitors the usual sights, Disneyland, Marineland, Knott's Berry Farm, Forest Lawn, movie star homes, Farmer's Market, wangled tickets to a popular television show, shopped on Wilshire Boulevard, then headed eagerly home. After nine days, Marin looked good, and there were still five days of vacation left to relax here at home.

A TREMENDOUS crowd spread over the spacious grounds of the Roger Kent estate in Kent Woodlands Sunday to hear Rep. James Roosevelt address the eighth annual pot luck dinner of the American Civil Liberties Union, Marin Chapter.

Observed Sali Lieberman of Mill Valley: "I don't know what it will be like by the 10th anniversary. Roger may have to remove some of his little trees," gesturing at the big trees that surrounded the lawn. Some of the audience climbed the trees to get a better view of the congressman.

Kent, who welcomed the crowd (1,200 paid attendance) noted that the home had been host to liberals since long before the congressman's father, Franklin D. Roosevelt, was in the White House.

THE CROWD GAVE a standing ovation to Congressman Roosevelt, who waved his arms and flashed a warm grin, reminiscent of his father.

We liked Roosevelt's answer to a question about the John Birch Society. A member of the audience noted that the society is preparing a dossier of all citizens known to be liberals, socialists, fellow travelers, etc. He asked the congressman if this doesn't constitute something to start action against the society.

SAID ROOSEVELT: "Mere compilation of a list probably doesn't violate the law. The biggest list in the world, I think, is in the files of the House Un-American Activities Committee. My mother is in it—I don't know how many times."

The congressman pointed out that is "what they do with the list that's important. I hope they spend millions making up the list," he laughed. "Then if they put it to misuse, we can get Bob Kennedy to do something about it."

ROSCOE DRUMMOND

Approval Of Effective, Long Range Foreign Aid Never More Important

WASHINGTON—There are fresh and powerful reasons for Congress to pass the administration's economic aid program.

But President Kennedy's proposals to carry forward and to improve upon past measures to assist underdeveloped countries are having difficulty with Congress exactly as did the Eisenhower program.

The reason is the same: a foreign aid program, however vital to the national interest, has no voter constituency to demand its passage and no domestic pressure group to influence congressmen.

The case for passage of the President's economic aid program is rational, realistic, and, I believe, persuasive. The heart of it is this:

1—THOSE WHO plead that the U. S. should take the initiative in the cold war and not just react against the Communists, are most often the opponents of the aid program.

But economic aid is a prime example of U. S. initiative. We were first to use economic aid as a means of shielding the underdeveloped nations from Communist takeover. Economic aid is not a defensive counter-thrust to Communist action. It is taking the initiative in the very best sense.

At a time when the Soviets are paying us the unwilling compliment of copying it in their own peculiar way, those who most strongly urged that we take the offensive, are urging that we abandon one of the best means of mounting the offensive.

The aid program is an invaluable tool in the cold war because it helps nations win a self-sustaining rate of economic growth.

2—THE BEST provision in the new aid program is the long-term financing which permits long-term planning for the most effective use of aid dollars. Economic development is a long-term process and a country needs reasonable assurance of aid not just for 12 months, but for several years in order to develop a workable program.

Furthermore, for those most critical of the administration of the aid program to deny the means of long-range planning through long-range financing is to deprive the government of the best means of correcting past mistakes.

Let us recognize that the government leaders in the less developed countries are politicians—as they are in the U. S. If they are going to put into effect what may be politically difficult internal reforms and programs for social and economic justice, we should help arm them with the politically valuable argument that we are ready to commit ourselves to long-term programs of aid calculated to achieve substantial progress.

To authorize the government to borrow money from the Treasury, in amounts specified by Congress, to make development loans to underdeveloped countries — this does not deprive Congress of any control over the program. It increases control since Congress will have a quarterly review of past programs and a quarterly opportunity to examine new plans —and stop them if Congress so desires.

3—WHEN THE economic aid program is advocated as vital to the national interest by President Kennedy, President Eisenhower, and President Truman, and by every presidential nominee since the start of the cold war—Thomas E. Dewey, Adlai Stevenson, and Richard Nixon—Congress ought to ponder very hard before striking it down.

Approval was never more urgent than now.

20 YEARS AGO

San Rafael Fire Chief Walter Castro was nominated for presidency of the San Rafael Rotary Club. (Twenty years later he was causing the board of supervisors to meet an hour late on Mondays so he'd miss none of the wit and wisdom of Rotary conclaves.)

Which? A free press or a rubber stamp?

U.S. Dedicated To Liberty, Freedom JFK Tells Nikita

HYANNIS PORT, Mass. (AP)—President Kennedy told Soviet Premier Khrushchev today the United States is dedicated as always to the "revolutionary principles of individual liberty and national freedom for all people."

On this 185th anniversary of the nation's independence, Kennedy followed that assurance with a grave notice to the Soviet leader. He said United States and Soviet V bear "a special responsibil in these critical times.

Khrushchev, in a Fo July greeting received nedy at his vacation h night, also had said imposed on the two "an enormous share sponsibility" for the tion of peace, for th humanity.

In response, K patched this mess to thank you pers behalf of the Am for your greetir casion of the 18 of the indepe United States.

"It is a sour to me that o versary the still commit olutionary vidual lib freedom f motivated ers. A sp this time Union a

Bruce Pushed Into Tiny Room Pending Election Outcome

A surprise package opened late yesterday by the three-man majority of the Marin supervisors contained a "solution" for the administrator problem, but in form bitterly opposed by minority members as flouting the wishes of the voters.

It provided:

1. That validated signatures of 10 per cent of the electorate, on referendum petitions, be accepted as nullifying the supervisors' May 24 ordinance which sought to abolish the post of administrator.

2. But that this issue be put to vote at next June's primary elections.

3. Meanwhile the administrator is to squeeze into 13 by 13-foot Room 300 of the county court house with such staff as remains.

The majority refrained from giving Administrator Alan Bruce the 10-day notice terminating his personal services which had been rumored as possible. Bruce, present and silently pulling at his pipe, said only that he considered his recent vacation as now at an end.

Supervisors Walter R. Cas-tro and William Gnoss, who have consistently supported retention of the administra-tor, denounced the attitude of the majority as far fro fulfilling the wishes of 10,000 voters mo

Grand Jury Indictments Sought For 3

Dist. Atty. Roger P. Garety will ask the Marin County Grand Jury Thursday night for indictments against three persons arrested last week on suspicion of growing and possessing marijuana.

Those against whom he will ask indictments are: Eric Warren Nelson, 20, a San Rafael dishwasher, of 304 Montford Avenue, Mill Valley; Mrs. Nancy Jane Kuhe, 29, former San Francisco drugstore cashier, of 74 Sonora Way, Corte Madera, and Richard Darrell Sa

Administrator Office Space Now 'For Rent'

When County Administrator Alan Bruce moves from 1000 Fifth Avenue, San Rafael, to Room 300 of the county court house across the street, he will be changing from five roo to one.

One of three rooms com ing a suite had been m vacant anyway, a sore po several months with Sup Walter Blair. Rea vacate.

Over Blair's Protest Aide Will Get His Pay

County Probation Officer Walter H. Busher yesterday finally won a belated supervisorial authorization for payment of $23.36 due one of his subordinates, Thomas B. Estes, for overtime work last Memorial Day.

This had come repeatedly before the board and been deferred because of opposition Supervisor J. Walter nance committee ch any sort Blair r terday vote Th tion more Bush pay ties fur 'st

NYET

The stories you see above all ran in your newspaper, the Independent-Journal. Notice they're about controversial subjects? They reflect differences of opinion . . . both locally and nationally. And yet they're no different in character than other stories which appear every day.

As members of the free press, in a free society, we of the I-J have the right and the responsibility to report the news to you as accurately as we can—and you have the right to read it. There's no one saying, "Nyet, you can't do that!"

This makes for more than a healthy society. This is the free air in which free minds can breathe. It helps give our country a strength which can never be fully understood by those who have never had it. And it's this freedom to put ink and ideas on paper that keeps on preserving the big and little freedoms on which our way of life depends.

As you turn to the news columns, we suggest that the biggest news is the right to print it.

SHEINWOLD ON BRIDGE

Confident Air Can Help Win Tricks

BL ALFRED SHEINWOLD

When you have a difficult hand to play, an air of confidence may be as good as an extra ace. If you let the opponents know you're in troublt they may hit upon the best defense.

Opening lead — ♠ 6

When this hand was played, South was too old a campaigner to show how he felt. He saw at a glance that he couldn't get to his hand to win tricks with the clubs but he saw no advantage in telling his troubles to the enemy.

Instead, South nonchalantly allowed East to win the first trick with the jack of spades!

East thought it was a routine hold-up play. Without giving the matter deep thought, East returned the four of spades.

CONFIDENCE PAYS

Thus South was rewarded for his air of confidence. He took the ace and king of spades, discarding the ace and king of clubs from the dummy. Then declarer could run his six club tricks. The ace of hearts provided a ninth trick for game and rubber.

Go back to the first trick and suppose that South weeps and wails about the lack of entry to his hand. It will then be too late to refuse the first spade trick, for East will avoid the trap.

If East sees what is going on he will return a heart at the second trick. The defenders can keep South out of his hand, and declarer will be lucky to win seven tricks. His early tears will cost South 800 points —a stiff price to pay for the sympathy of his opponents.

DAILY QUESTION

Partner opens with one heart, and the next player doubles. You hold:

♠ J 8 5 4
♥ Q 9 8 4
♦ A J 9
♣ 7 3

What do you say?

Answer: Bid three hearts. This jump raise, after an opponent's double, shows good trump support with 8 or 9 points in high cards and distribution. The hand is not quite good enough for a redouble, but has real merit.

Mill Valley Summer Recreation Signups

Youngsters wishing to sign up for classes in arts and crafts, drama and to play table tennis under the Mill Valley summer recreation program may do so at Alto, Old Mill and Park schools, program director Ronald Samet said today.

A softball game will be held at 1:30 p.m. Friday at Alto School for children between ages of 8 and 13. A hike is planned Monday to leave at noon from Alto School.

Signups are being taken at the municipal tennis courts for tennis lessons given from 9 a.m. to 1 p.m. daily, Monday through Friday, for youngsters at the courts and for adults on Monday, Wednesday and Friday from 1 to 2 p.m. Lessons run through Aug. 11.

Autos Pelted With B-B Shot

Marin Triumph at 365 Francisco Boulevard, San Rafael, complained to police that someone has used the cars on its lot for the wrong kind of sports.

Some time between Saturday noon and 8 a.m. Monday unidentified persons pelted and damaged the windshields of six sports and compact cars with what was believed to be B-B shot, Ellsworth E. (Bud) Oden, head of the firm said.

Wildflower Acres Saved

The Belvedere-Tiburon Landmarks Society, board of directors has voted to use $10,000 it has in donations to purchase a two-acre wildflower acreage adjoining old St. Hilary's Church in Tiburon.

Purchase is to be made from owner John C. Roche Jr. of 60 Martens Boulevard, San Rafael, who has agreed to lower the down payment from $20,000 originally asked. Balance of $35,000 plus interest, is to be paid in annual payments over a period of five years.

Persons wishing to send contributions to the fund may send them to Wildflower Fund, Landmarks Society, P.O. Box 134, Belvedere-Tiburon.

At Fort Ord

George N. Irvin Jr., 23, son of Mr. and Mrs. George N. Irvin Sr., of 240 Los Angeles Boulevard, San Anselmo, is undergoing basic infantry training as a member of the First Brigade of the Army at Fort Ord. Irvin entered the Army shortly after graduation in June from San Francisco State College.

Crack Down Called For Against Boats

By DE VAN L. SHUMWAY

SACRAMENTO (UPI) — A state official charged today 100,000 boats are operating without registration in California and called upon law enforcement officials to crack down on violators.

Lachman M. Richards, chief of the Division of Small Craft Harbors, said it was "simply not fair" for 241,700 boat owners to register their boats while nearly half that number do not.

"I think it's time enforcing officers tighten up," said Richards in an interview.

EXCEPTIONS

Under a 1959 legislative act which took effect April 1960, all small boats in California are required to register with the state with a couple of exceptions.

These exceptions are small electrically-operated boats, sailboats eight feet long or under and boats propelled solely by oars. Another exception is a boat that carries a valid document issued by the U.S. Bureau of Customs.

Richards said that when the law first went into effect, the Small Craft Harbors Commission agreed that it would cover only boats in actual operation on waters — not those moored or stored.

"But now the commission has ordered enforcement for any boat that is on the water," said Richards. "And that includes those moored or docked."

He said it did not include a boat kept in the owner's back yard and not in use — even on weekends.

Presently registration of boats is handled by the State Department of Motor Vehicles in much the same way they register cars. But a 1961 bill authored by Sen. J. H. Williams (R-Porterville) proposes to change the registration system to resemble the method used by the Fish and Game Commission for sports licenses.

NOT YET SIGNED

Under the bill, not yet signed by Gov. Edmund G. Brown, registration of boats would be handled by boat dealers. Richards, who favors this system, said dealers had agreed to handle the registration applications free of charge.

Richards made an additional pitch for registration of boats by citing two major advantages to the boat owner paying the $5 initial fee and the $3 additional charge for the three-year registration.

He said that in cases where a boat is lost, the state can come up almost immediately with a description of the craft, its number and its usual port.

The second advantage is that when boats are stolen it is easier to recover them. "You'd be surprised at the number of boats recovered now that we are numbering them," he said.

BLIND RADIO 'HAM' — Frank Stewart, a blind broommaker, is shown at the controls of a 75 watt amateur radio station atop the San Francisco Lighthouse of the Blind. A 26-year veteran of the air waves, Stewart is teaching other blind persons to be radio operators. Stewart's home is in San Leandro where he has own amateur station. (AP Wirephoto)

Blind Broommaker Makes Friends Via Radio

By M. A. RAISER

SAN FRANCISCO (AP)—Blind Frank Stewart has made thousands of brooms for a livelihood.

And thousands of friends as a veteran radio ham who coaches sightless persons to become licensed amateur operators.

Each noon Stewart, 6-foot, 220-pounds, goes to the radio shack of WA6LMT, his 75 watt station atop the San Francisco Lighthouse for the Blind at 1097 Howard Street.

Then, for more than an hour, he converses either by code or voice with old and new friends in faraway places.

"I have records, tapes and equipment to help teach radio to other blind persons," he said.

Stewart, 65, was born in San Francisco. When he was four a horse kicked him and damaged optic nerves.

"They told me I'd gradually go blind and at 20 I lost my sight," he said.

Stewart obtained employment at the Lighthouse, a California non-profit corporation which aids the sightless.

"I learned to operate machines," he said. "For years I made reed and rattan furniture and, of course, I've made many thousands of brooms."

Stewart has worked at the Lighthouse 39 years. He has been a licensed amateur radio operator 26 years.

"When I started I hunted DX —distant stations," he recalled. "I'd chew the fat with new friends and I logged many, many new stations.

"I prefer now, however, to use international code on the air. I'm solid at 30 words a minute, but they begin to lose me when the pace steps up to, say, 45.

"I always was blessed with a pretty good memory and at one time I was playing 40 chess games on the air with blind friends in Europe."

Stewart also has a station—W6KWT—at his home in San Leandro. He and his wife, married more than 20 years, have goldfish, a canary, a parakeet and two dogs—Lady, a Pekinese, and Keese, a Dutch canal barge hound.

"And my wife and I are very proud of our home," he said. "Aided by a friendly carpenter, I built it myself."

The Shannon Airport in Ireland employs about 1,800 persons around the clock.

Attorney for Executrix
GEO. S. JONES, County Clerk
No. 792, June 22, 29, July 6, 13, 1961

Bid No. 120
SAN RAFAEL CITY SCHOOLS
NOTICE TO BIDDERS
Notice is hereby given that the Board of Education, governing body of the San Rafael High School District, San Rafael, California, hereby calls for bids for
RE-ROOFING CERTAIN SECTIONS OF THE SAN RAFAEL HIGH SCHOOL BUILDINGS
Bidders are hereby notified that pursuant to the statutes of the State of California or local law thereto applicable, the said City Board of Education, governing body of the San Rafael High School District, has ascertained the general prevailing rate of per diem wages and rates for legal holidays and overtime work in the locality in which this work is to be performed, for each craft or type of workman or mechanic needed to execute the contract which will be awarded the successful bidder.
WAGE SCALE: Marin County Building and Construction Trades Council

Classification	Rate per Hour
Sheet Metal Workers, Journeyman	$4.29
Sheet Metal Workers, Foreman	4.719
Roofers, Damp & Waterproof, Journeyman	3.80
Roofers, Damp & Waterproof, Foreman	4.05

All skilled labor not listed above that may be employed is to be paid not less than the union scale for such labor and in no event is to be paid less than three and 225/1000 Dollars ($3.225) per hour.
It shall be mandatory upon the contractor to whom the contract is awarded and upon any subcontractor under him to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.
These bids shall be submitted in accordance with specifications on file in the office of the Assistant Superintendent, San Rafael City Schools, Business Office, Administration Building, 215 Mission Avenue, San Rafael, California, and shall be accompanied by a certified or cashier's check or bid bond in the amount of Ten Per cent (10%) of the total bid in favor of BOARD OF EDUCATION, CITY OF SAN RAFAEL, and shall be sealed and clearly marked: BID PROPOSAL FOR RE-ROOFING AT SAN RAFAEL HIGH SCHOOL. Bids are to be filed with the Secretary of the Board of Education, 215 Mission Avenue, (P. O. Box 390) San Rafael, California, on or before Friday, July 14, 1961 at 4:00 o'clock P.M. and will be opened and publicly read aloud at 4:00 o'clock P.M. on that day in the office of the City Board of Education, San Rafael High School District, Administration Building, 215 Mission Avenue, San Rafael, California.
Checks or bond of successful bidder will be retained by the Board subject to the faithful performance of bidder's agreement in accordance with legal provisions, general conditions, instructions to bidders and specifications covering materials and services. The successful bidder will be required to furnish a labor and materials bond in an amount equal to one hundred per cent (100%) of the contract price, said bonds to be satisfactory to the governing board of said school district.
The governing board of said San Rafael High School District reserves the right to reject any or all bids and/or waive any irregularity in any bid.
Dated: June 28, 1961

Novato Unified School District Adopts Budget

Novato Unified School District trustees Tuesday night adopted a total budget of $1,808,474.43 for the 1961-62 fiscal year.

It will require the same tax rate as the past year—$3.23 per $100 of assessed valuation for operating expenses. Supt. W. J. J. Smith said he could not estimate override taxes, but for 1960-61 they totaled $1.61.

Last year's total budget was $1,700,669.

The board will hold a public hearing on the budget at 8 p.m. Aug. 1 in the administration building.

In other business the trustees agreed to purchase eight lots next to the high school, bordering on Washington Street in the Novato Hills subdivision. They specified the district would pay $3,000 per lot for land and a maximum of $3,000 more per lot for improvements. This was the offer made by the landowners.

Trustees discussed whether to join the Marin Junior College District, and decided they wanted to know if the district expenses for tuition payments would exceed the junior college tax rate. Tuition payments based on the number of Novato pupils attending the junior college now are added to the tax bills. The business office will prepare figures on the matter.

Trustees also agreed joint effort with the college board to acquire a site in the Novato area would be advisable. They expressed interest in meeting again with college trustees.

Schools Chief Voted Raise In Fairfax

Supt. Homer L. Sisk of the Fairfax School District was voted a $600 raise Tuesday night at a special meeting of the district board. This puts his annual pay up to $11,600, to be effective for the last two years of his three-year contract.

Mrs. Fay Jensen was re-elected board president after the seating of the three new members, Lawrence G. Hermann, Jay M. Hutchinson and Robert C. Lauppe.

Harland B. Hennessy was elected clerk and Hermann is to be trustee representative. Sisk was reappointed secretary.

Tentative budget of $368,372 was approved for the 1961-62 fiscal year, representing an increase of $48,471 over last year. Of the increase, $16,719 will go to teachers' salaries.

The board set next Tuesday as the date for its next regular meeting and a "publication budget meeting" was set for 7:45 p. m. Aug. 1 at Manor School.

Novato Demo Club Meeting Tonight

The Novato Democratic Club will discuss plans for the annual "Dollars for Democrats" fund-raising drive at 8 p.m. today at the home of Beverly Ehreth, 792 St. Francis Avenue.

The drive will be held Sept. 29-Oct. 1. Gil Guerin, director of precinct organization for the club, will discuss organization of teams for the campaign. Volunteers are sought for telephone work, typing or personal calls, Guerin said.

Enrollment Is Up For College

Day school enrollment at College of Marin was up 23 per cent in the past school year over the previous year, according to a report released today.

The college had 1,255 regular students in 1960-61, compared to 1,022 in 1959-60.

CHECKING the CHANNELS

With HAL CASE

It Might Not Be A Western, But It Should Be Good Fight

A different kind of contest than competition on the sports field will be aired on television tonight.

KQED will devote its "Profile: Bay Area" show (9:30 o'clock) to an airing of the struggle between two of the nation's major railroads, Southern Pacific and the Atchison, Topeka and Santa Fe, for stock control of a third line, the Western Pacific Railroad Co.

It's a head-on collision between two transportation giants that has the business world abuzz.

Appearing on tonight's Channel 9 program to give their views on the controversy will be Frederic B. Whitman, president of Western Pacific; Benjamin F. Biaggini, vice president of Southern Pacific; Henry Moffat, attorney for Santa Fe, and William M. Bennett, representing the state's interest in a merger as chief counsel for the California Public Utilities Commission.

The battle of the railroad giants began last October when Southern Pacific acquired 10 per cent of the Western Pacific stock and filed application with the Interstate Commerce Commission for control of W. P. Santa Fe countered by acquiring 20 per cent of the Western Pacific stock and also filing with the ICC.

Southern Pacific contends its control of Western Pacific would eliminate costly duplications and promote efficiency. Santa Fe replies that its move is aimed at preventing an S.P. monopoly and at fostering healthy competition. Formal hearing on the issue start next Monday in San Francisco.

Incidentally, another Bay Area TV station, KRON, has also scheduled a show on the same subject. "The Battle of the Western Giants" will be presented on Channel 4 this Saturday at 9:30 p.m.

ALSO ON TAP for tonight: Soccer, an exciting game which is popping up with increasing frequency on television, will be back tonight on "Summer Sports Spectaculars" over KPIX at 7:30 with two matches from the International Soccer League Tournament at New York's Polo Grounds.

A half-hour drama by one of television's most powerful writers, S. Lee Pogostin, entitled "With Glory and Honor," will be carried by KQED as its "Robert Herridge Theater" production at 8:30 p.m.

Edgar Allen Poe's suspense tale, "William Wilson," will be dramatized on "Great Ghost Tales" over KRON at 9:30 p.m.

"The Secret Life of Danny Kaye," a one-hour account of the comedian's trips to the far corners of the world on behalf of UNICEF, will be given a repeat showing on KPIX at 10 o'clock.

And Rudolph Valentino's last film, "Son of the Shiek," made in 1926, will be the "Silents Please" feature at 10:30 on KGO.

TOMORROW night the talented duo pianists, Milton and Peggy Salkind of Mill Valley, will be heard in a one-hour concert on KQED starting at 8:30. The "live" concert from a Channel 9 studio will include Schubert's "Marche Caracteristique," three pieces from Debussy's "Epigraphes Antiques," Mozart's "Sonata in D Major, K. 381," Richard Swift's "Capriccio," Schubert's "Fantaisie, Opus 103," and Poulenc's "Sonata."

Old Rocket Explosions

Small explosions will be heard this week in the vicinity of Tennessee Point, Fort Cronkhite, an Army spokesman said today, with explosive ordinance disposal personnel from Travis Air Force Base destroying unserviceable 2.75 inch rocket heads at the base.

Loud explosions took place yesterday between 2:15 and 2:20 p.m.

Following too closely causes nearly 15 per cent of all traffic accidents, according to the Liberty Mutual Insurance Company.

San Rafael Planners Approve New Church

A new Roman Catholic church, rectory, parochial school and gymnasium to be built beside Manual T. Freitas Parkway the Northgate Shopping Center was approved Tuesday night by the San Rafael Planning Commission.

City Planner James R. Garrett praised the master plan for the structures on a 12-acre plot with what he termed "lots of parking space."

Present as the commission granted a use permit and architectural approval were the Rev. E. J. Dingberg, long a chaplain at San Quentin Prison, who will be the pastor of the new church, and architect F. T. Houweling of Burlingame.

In other actions the commission:

1. Reconsidered its refusal of June 27 and approved a four-lot subdivision of R. E. Nolan on Coleman Drive, subject to provisions by Garrett and City Engineer Dominic Selmi.

2. Granted architectural approval to a warehouse addition for North Bay Electric Works on Bay Street between Francisco Boulevard and the canal.

3. Granted Helen Boehm architectural approval to a four unit apartment to be built between Valentia Street and Jewel Court.

4. Denied again a variance permit sought by Lois Verzuh for parking six cars in a front setback area at 1615 Fifth Avenue and again refused architectural approval for an office building at the same address. Planners both times objected to having the parking space in front.

A number of other matters before the commission were put over to the meeting of July 25.

L&H PAINTS ARE GOOD PAINTS
Good To Use Good To See
Good For Your House

L&H RUBBER BASE
Applies easily by brush or roller. Dries fast. No painty odor. Durable and easy to wash and clean. Thin with water. Let us explain why this superior rubber base is most economical—gives more satisfaction
$5.49 gal.
Quart $1.84

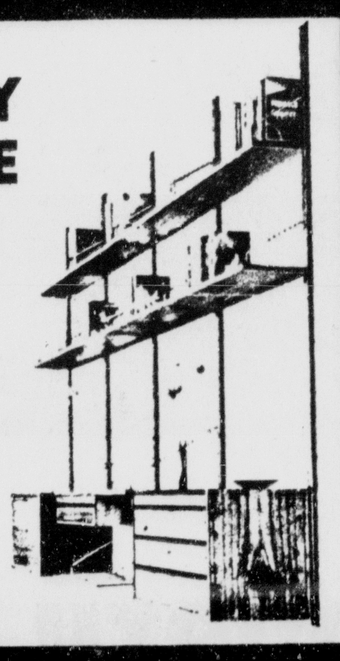

L&H MODERN HUES
2500 Colors
A finer paint. Will surpass in service any other "deluxe" paint . . . and though it costs a little more . . . it costs much less than those others labeled "deluxe." There is hardly a color hue that can't be matched through machine mixing . . . and contains more "extras" than found anywhere. Ask us about Modern Hues.

L&H NAMEL-GLO
A really tough and durable finish that gives a gloss sheen now used in today's kitchens, bathrooms, woodwork, etc. Resists most stains, grease and dirt. Washes like a china dish. Beauty lasts forever . . . and anyone can apply with ease.
$6.83 gal.
Quart $2.15

Novatan Jailed In Attack Case

Novato house painter Fred Francis Swolley, 32, was jailed yesterday on suspicion of attempting to rape a 10-year-old girl at his home Monday night.

Sheriff's inspectors said the molestations may have been going on since last August.

Swolley lives with his wife and family at 769 Sun Lane in Novato. He was scheduled to be arraigned this afternoon in Marin Municipal Court.

Administrator Job Analysis Started

Analysis of the county administrator record during the past fiscal year will require about two weeks for completion, Asst. Auditor Michael Mitchell said today after making a start yesterday on a task ordered by the Marin County Board of Supervisors.

Mitchell indicated his report will be "voluminous," and that division will be made between work done under former administrator D. A. Jensen and that after Alan Bruce was promoted into Jensen's job at the end of the last calendar year.

Swim Classes Sign-Up Deadline Set Monday

Registration deadline will be 5 p.m. Monday for the San Rafael Recreation Department's adult swim classes, announced department supervisor Dennis Sullivan today.

Those interested in the five-week session may sign up at the department's office at Albert Field. Sullivan said 96 persons have registered for the swimming classes which began last Monday. They are held on Mondays and Wednesdays at 6:30 and 7:30 p.m. at the San Rafael High School.

Academy Designated As An Honor School

San Rafael Military Academy has once more been designated an honor school under the army's National Defense Cadet Corps program.

It was the only Northern California private school to be so designated, and one of only four in the whole state.

Meeting Tonight

The Marinwood Community Services District board will hold a special meeting tonight at 8 o'clock at the Mary Silviera School, announced Mrs. Fred A. Bolding, secretary.
